

Don't Neglect Children's Kidney Weakness.

Manning Parent Should Not Overlook the Little One's Kidney Ailments.

One of the most annoying ailments of childhood is weak kidneys and inability to control the kidney secretions. Not only is this a disconcerting trouble, and one that every mother is anxious to get rid of, but it is in many cases a signal of danger, of trouble that will get worse constantly if not attended to. If your child is frail or flabby, doesn't run around or play like other children, complains of backache and of feeling tired—suspect kidney weakness. Doan's Kidney Pills are very effective for kidney weakness in children and are kindly recommended by Manning parents.

Mrs. J. S. Bell, S. Boundary St., Manning, says: "A younger member of my family had weak kidneys after a fever. He had dizzy spells and the kidneys acted too frequently, causing much annoyance both day and night. I got Doan's Kidney Pills at the Dickson Drug Co., and they relieved the trouble." Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bell recommends. Foster-Milburn Co., Props., Buffalo, N. Y.

Germans Use New Kind of Shell.

The Germans in the Dvinsk regions are using a new shell, which has a cast-iron nose grooved internally and with a central opening nearly one inch in diameter, from which, several hours after the shell has burst, there still comes a strong odor of prussic acid. The shell, which is provided with an arrangement to delay the explosion, generally bursts on the ground. Wounds of the slightest character from fragments of these shells, inevitably and usually very rapidly, cause death.

Real Harbinger of Spring.

The groundhog is accepted by many as giving the first clue to when spring may be expected. Others wait for the robin, but all will concede that among the real harbingers of spring is the small boy playing "keeps." When the genuine vernal spirit is in the air it unerringly is manifested by Young America who instinctively turns to marbles. The fever is not on him long, but it is never-failing and always coincident with the break-up of winter.

Give Libraries to War Victims.

When the Russians invaded East Prussia they destroyed every library in the villages and cities they occupied so the inhabitants are left without books. The Berliner Goethebund has started a subscription to restore the books. Herr Krupp von Bohlen headed it with \$1,250.

Biliousness and Stomach Trouble.

"Two years ago I suffered from frequent attacks of stomach trouble and biliousness," writes Miss Emma Verbyke, Lima, Ohio. "I could not eat very little food that agreed with me and I became so dizzy and sick as my stomach as times that I had to take hold of something to keep from falling. Seeing Chamberlain's Tablets advertised I decided to try them. I improved rapidly." Obtainable everywhere. Adv.

Geese Could Not Skate.

A flock of more than fifty wild geese mistook glare ice in Kabekona bay, Leech Lake, Minn., for placid water, and after alighting on the smooth surface were unable to take flight and were held prisoners. The ice was so slippery it prevented the geese from "taking a running start" in order to fly.

The geese, falling about on their backs, attracted four hunters, who were unable to reach the geese on account of the dangerous thinness of the ice. Finally a wooden platform was built and pushed over the ice into the flock. The birds then hopped aboard the platform, made a run of it and soon were flying away.

Cold-Blooded Criticism.

"It's impossible to tell the truth all the time." "So it seems. What prompted that remark?" "I've just been listening to a man discussing the merits of his new motorcar. The gloss of the tonneau, the luxurious upholstery, the dazzling reflection from the brass and nickel parts and the swiftly spinning wheels of a new car never fail to bewitch the senses of its owner and warp his judgment of a machine that is at best but a striking example of man's inability to make anything that is perfect."

Such Insolence!

"Let me pay the fare, dear," said the woman in blue. "No, no, dear. I'll pay it," said the woman in black. "But, I insist." "Oh, no. I have a dime somewhere in my purse if I can only find it." "So have I. Wait a moment while I look." "Ladies," said a large, gruff man. "I'll pay your fare. The argument is getting on my nerves." And they both glared at the brute in unspeakable amazement.

From Weak and Lame To Well and Strong

Try them. Foley Kidney Pills will do for other men and women—quickly—what they have done for Mrs. Strayhorn. "Last year, I got almost down with my back," writes Mrs. C. Strayhorn of Gainesville, Ga., R. No. 3. "I suffered from inflammation of the bladder, and whenever I stopped doctoring I grew worse. I tried Foley Kidney Pills, and after taking them awhile bladder action and the stinging sensation disappeared. I am now stronger in my back than I've been for several years, and since getting well, I've stayed well and had no more of the trouble." Start in now to use Foley Kidney Pills. You will feel an improvement from the very first morning. How quickly they act on kidneys and bladder. They stop irregular urinary action, ease pain in back and sides, limber up stiff joints and aching muscles. They put the bladder and bladder in sound, healthy condition. Try them. Save Your Paper, Says Uncle Sam. Save your old paper and rags! By so doing, according to the department of commerce, you not only will be enriching yourself to a certain extent, but will be aiding paper manufacturers to solve what promises to become a very serious problem—the shortage of raw materials. The department is sending broadcast letters to business firms urging them to conserve their old paper. Something like 15,000 tons of paper are manufactured every day in the United States and a large proportion of this, after being used, is thrown away or burned, with the result that just so much raw material must be obtained. Most of this paper can be used again in the manufacture of a slightly inferior grade.

His Quest. "You say you are a wanderer over the face of the earth?" we asked the shabby, sad-eyed man with the utterly hopeless air. "Yes," he answered with a sigh. "Seven years ago my wife sent me out with a sample of yarn to match, and I am still trying to match it."

Diligent. "What has he accomplished from studying art?" "Well, he frequently paints the town red."

Should Sloan's Liment Be Along? Of course it should! For after a strenuous day when your muscles have been exercised to the limit an application of Sloan's Liment will take the soreness and stiffness away and get you in fine shape for the morrow. You should also use it for a sudden attack of tooth ache, stiff neck, backache, stings, bites and he many accidents that are incidental to a vacation. "We would as soon leave our baggage as go on a vacation or camp out without Sloan's Liment." Writes one vacationist: "We use it for everything from cramps to toothaches. Put a bottle in your bag, be prepared and have no regrets.—Adv.

Constipation and Indigestion.

"I have used Chamberlain's Tablets and must say they are the best I have ever used for constipation and indigestion. My wife also used them for indigestion and they did her good," writes Eugene S. Knight, Wilmington, N. C. Chamberlain's Tablets are mild and gentle in their action. Give them to the agreeable laxative effect which they produce. Obtainable every where. Adv.

Recognized Fighters.

It was at a royal review of troops that Queen Victoria made an immortal declaration. Regiment after regiment, English, Irish, and Scotch, passed before the queen. When the Grenadier guards went past she expressed the warmest of admiration for the faultless technique of the regiment. When a regiment of Highlanders marched past she became positively enthusiastic. "Magnificent!" her majesty is reported as saying. "What splendid soldiers those Highlanders are!" Then came an Irish regiment, which one is not stated. This time it was not so much the faultless marching and the splendid physique that so impressed her majesty. For a moment she said nothing. Then in a low voice she turned to an officer and said: "Ah! That is bloody war!"

Antiquity of Passports.

Passports are a very ancient institution. Some of the old monkish chroniclers mention as an achievement on the part of King Canute that he obtained free passes for his subjects through various continental countries on their pilgrimages to the shrines of the apostles Peter and Paul at Rome. Each pilgrim was furnished with a document in the nature of a passport called "Tructuria de itinere Peragente." Hall in his "Chronicle" makes reference to a system of passports in the time of Edward IV, and the enforcement of this system is known to have been very strict in the reigns of Elizabeth and James I.

Realistic Touch.

"Lots of realism in this book." "How's that?" "The author describes a meeting of anarchists."
