The Federal government is distributing seeds to the flood sufferers in this county, also giving a great many work on the public roads in order that they may realize some cash to buy food with.

We are in business for a living, and all political advertisements in this paper are paid for at the rate of 50 cents per inch, and not matter gotten up by the editor to boost any candidate.

In the quarterly report of the Magistrates published a few weeks ago, it read The State vs Caleb Christmas but it should have read The State vs Caleb Christmas and Jessie Hawkins. Fined Christmas $2 and Hawkins $1.

The handsome residence being erected on church street by Mr. O. W. McRoy for Mr. J. S. Dickson, is one of the most substantial buildings ever built in Manning, and will be quite an addition to our town when completed.

The Bishopville league team and Manning are playing a six game series this week. Bishopville won Monday's game 3 to 1, and Manning took yesterday's game 7 to 0. The same teams play here today, and in Sumter Thursday and Friday, returning here Saturday for the final game.

Died August 16th, Anthoney McCray, Sr., who was born April 10th 1838, and leaves behind to mourn his loss eight children, seven sons and one daughter, Cubet McCray, Abie Wendon, Anthoney McCray, Jr., Willis McCray, James McCray, Charles D. McCray, Richard A. McCray and Moses McCray. One who lived and died in the faith of Jesus Christ. M

A. M. Brogdon of Brogdon lost his store and contents and his automobile house about 5 o'clock Sunday morning, when the store caught fire and was burned to the ground. The cause of the fire was unknown, but it is supposed that it caught from rats getting some matches. There was no insurance and the loss of about $600 is a total one for Mr. Brogdon. Fortunately negroes saw the fire and arrived in time to roll the automobile out of the house and away from the fire, saving it from the flames.—Sumter Item.

The leans and fats played a benefit game here last week while the team was away for Lenoir. Manning's popular catcher, and took in about $16.00. This young fellow is a hard worker and has won the hearts of the Manning fans, for the brilliant work he has done. He is undoubtedly the most liked and popular ball player that ever doned a uniform in this town.

According to news from Savannah, Ga., the Savannah Western Railroad Co., will float $2,000,000 of bonds soon for the construction of its proposed line from Estill, S. C., to St. Paul, S. C., where it will connect with the Northwestern railroad for Sumter, a terminus of the Seaboard. The length of the proposed line is about 90 miles. By acquiring the Hampton and Branchville and the Branchville and Bowman lines which run in the same direction about 35 miles of construction work could be saved. It is thought that when completed it will become a part of the Seabord system affording a route between the main line that passes through Columbia for Savannah and the line that extends from Hamlet through Charleston to Savannah.

The following joint resolutions has been approved by the President, "appropriating five hundred and forty thousand dollars for the relief of flood sufferers in the States of North Carolina, South Carolina, Georgia, Alabama, Florida and Mississippi, and for other purposes.

Resolved, by the Senate and House of Representatives of the United States of America in Congress Assembled, that the sum of five hundred and forty thousand dollars is hereby appropriated out of any money in the treasury not otherwise appropriated, for the relief of persons suffering and in destitution by reason of recent floods in the State of North Carolina, South Carolina, Georgia, Alabama, Florida and Mississippi, and the Secretary of War, under such regulations as he may prescribe, is authorized to expend so much of the aforesaid sum as he may deem necessary in supplying such such seeds as may be suitable to produce quick growing crops to provide food for the population and animals of the flood areas, and to supply the destitute with some form of employment at a moderate rate of pay, said employment to be under the supervision of Army Officer and in co-operation with local officials, and the Secretary of War is also authorized to furnish such supplies of the quartermaster and medical departments as he may deem proper, to those who are destitute and unable to work but for a period not exceeding ninety days from the passage of this resolution."

Manning is State Champions.

The Manning base ball team left here Monday of last week for Fountain Inn, where they played a series of six games to see which team could claim the amateur championship of the State. Our home boys brought the bacon home, winning four and losing two.

The writer accompanied the team on this trip, which is a tiresome ride. The train was one hour late, and the boys were compelled to put on their uniforms on the train, not arriving until after four o'clock, they were rushed out to the park, and play was called in a few minutes. The diamond was very fast, thus causing our boys to make several errors, but they soon got accustomed to it, and after losing the first, took their opponents to ride for three straights, then lost Friday's contest, but on Saturday came back and won again, making the series four won two lost. The Fountain Inn people are the most hospitable we have ever came in contact with, trying at all times to make their guests enjoy their stay, which they succeeded in doing far above expectations. The Manning team appreciated the treatment of these people and are high in their commendation of such treatment. The gates of this beautiful little city were thrown wide open to us. The Fountain Inn boys are good loses and gave us the same good treatment when they lost as when they won. The team returned home Sunday night to meet the Bishopville league Monday for a series The following account is taken from Fountain Inn of 16th.

Thursday, Friday and Saturday will be played at the local park the remaining games of the 10 game series with Manning. Last week at Manning the two teams played four games, Fountain Inn winning two and Manning taking two. Three games have been played here this week. Manning winning two out of three and making the series stand four games to three in their favor.

As Manning claims the independent championship of the lower section of the State and Fountain Inn claim a similar honor for the Piedmont section the winner will be considered the champion of the State, barring of course the teams in organized baseball.

Fountain Inn's team is too well known to need any introduction to the fans of this section, while the visiting team contains several players not altogether strangers. "Baby" Bethell, who pitched such sensational ball for Asheville in 1913 as to warrant a tryout with Detroit at the close of the season, is a main-stay with Manning. "Skit" Wideman, Spartanburg infielder in the old Carolina association is another player who has helped Manning wonderfully by his brilliant work. Fred Lanham, Dingle, Mosley, Beal and others have played professional ball in various leagues, and are now with the visiting team.

Fountain Inn has supported its team gamely all the season and the people of the town believe their representatives on the diamond will be returned as winners in the present series. The attendance this week has been record breaking, numbers of people from nearby towns being present at every game.

The games for the remainder of the week will be called at 4:30.

Gained 15 Pounds in 10 Days on Tanlac.

Mrs. Tallant was quickly restored to good health, she says --Friends talk of case.

She Declares "Tanlac Almost Worked a Mirucle Eor Me And Deserves Highest Praise."

To gain fifteen (15) pounds on one and a half (1 1-2) bottles of Tanlac in ten days treatment and to be restored to good health is in itself a truly wonderful endorsement of the merits of this "master medicine."

That is exactly what Tanlac—one and a half bottles of it did for Mrs. Annie Tallant, of No. 1 Sixth street, Greenville, S. C., she said in her statement endorsing Tanlac and telling of the remarkable way it releived her troubles. While Mrs. Tallant told of the results Tanlac gave her, two of her sisters and her husband were present. Her statement, one of the most remarkable ever given Tanlac, follows:

"My system was badly run down, and either that caused me to suffer with a lot of other ailments or the oteer ailments caused my health to become bad said Mrs. Tallant. "I could not sleep at all at night hardly and I would roll and toss in bed for hours each night. I never did sleep soundly.

"No one knows how much I suffered. I had headaches all the time, and some times I thought I could not stand this pain and I thought would kill me. My nerves were in bad shape, too, and I would jump at the least noise. I had no energy, and I was very weak. Really I had to force myself to do my housework, and I just had to drag myself around all the time.

"I never did feel well, and most of the time I was very miserable. Anyone who has not suffered as I have can not realize what I did go through with. I was sick all over, and it seemed as if I could not get well. I suffered a lot with pains across my stomach, too, and with indigestion. My sisters and husband told me I looked sickly and weak before I took Tanlac, and they did not know what would become of me.

"The testimonials of Tanlac what were printed in the papers convinced me it would help me, and so I began taking it. I weighed when I began taking Tanlac, and when I had taken one and a half (1 1-2) ecttles I had gained fifteen (15) pounds. I stopped Tanlac then, for as sure as I live I was then a well women, and I did not have an ache nor a pain. That was two months ago, and I feel even better now than I did when I quit Tanlac, for I have more strength and energy.

"Tanlac gave me a wonderful appetite, though I could not eat anything hardly before I began Tanlac and neither did I want to eat, my stomach was in such bad shape, I can eat anything now, though, and I never have indigestion. I feel fine and hearty and strong now, and I think it is just wonderful the way Tanlac broke up my troubles. I am not sickly now, and I do not look nor feel that way. I guess if I had continued to take Tanlac I would have got ten so heavy I would be clumsy by this time.

"Everybody around in my neighborhood is talking about the good Tanlac did me, and we think it almost worked a miracle for me. Sure enough, now, it does not seem that any medicine could have done as much for anyone as Tanlac did for me, but Tanlac is the only medicine I took and I know it is due all the credit.

"I am glad to recommend it, and Tanlac deserves the highest praise I can give it. I had been planning to write you and tell you how much good it did me and how wonderful I think it is, but I could not find the time, it seemed and so I am glad you come to see me."

"Tanlac," the Master Medicine, is exclusively sold in Manning by the Dickson Drug Store; in Summerton by D. O. Rhame, Jordan L. W. Nettles, New Zion Shaw & Plowden, Pinewood Farmers Supply Co., Silver Davis and Johnson.

Liver Trouble.

"I am bothered with liver trouble about twice a year," writes Joe Dingman, Webster City, Iowa. "I have pains in my side and back and an awful soreness in my stomach. I heard of Chamberlain's Tablets and tried them. By the time I had used half a bottle of them, I was feeling fine and had no signs of pain." Obtainable everywhere.—Adv.

Paxville.

At a recent meeting, the trustees of the Paxville graded school consisting of Messrs T. R. Owens, C. H. Broadway, and W. R. Keels elected the following teachers for the coming session: Miss Aleathea Edwards of Mullins, principal, Miss Alice Broadway of the community for the intermediate grades and Miss C. E. McClaurin for the primary department. The session will open up the first Monday in October. The trustees are earnestly soliciting private subscriptions in order to make some necessary repairs on the building.

Mr. Johny Anderson with his family left last week for their home at Manassers, Ga., after an extended visit to relatives here and in the community.

Miss Elma Tisdale and Miss Maggie Corbett left Friday to visit relatives near Camden.

Mr. H. C. Curtis went to Manning last week to begin a law practice.

There will be no preaching services at the Methodist church during September, as the pastor, Rev. S. D. Bailey has been granted a vacation for that length of time.

Mrs. Ferris Cannon from Chesterfield, was here last week visiting her sister, Mrs. H. Cain.

Mr. Alexander Rodgers of Kingstree was among the Sundy visitors.

Miss Ethel Corbett is back from a visit to her sister, Mrs. J. C. Beatson at Wilson Mill.

Miss Jessie Curtis left Monday to visit Mrs. Madge Curtis at Chesterfield.

Misses Alice and Emily Broadway left Thursday to visit their sister, Mrs. J. Martin, at Princess Anne, Md. They will visit Norfolk, Baltimore and Washington before returning home about September 1st.

Mrs. A. J. Jones is visiting her daughter, Mrs. Carl Heidt in Charleston.

Mr P. A. Hodge has accepted a position in the mercantile establishment of Mr. G. H. Curtis for the fall season.

Mr. James McKnight was here on Sunday renewing old acquaintances. He is now a student at the Richmond medical college, Va. He hopes to complete his course next year.

Mr. A. B. Curtis left last week for Anniston, Ala., after a visit at home here, then he will engage in the real estate, and insurance business.

Mr. Edgar Scott and family from Bishopville visited at the home of Mr. W. R. Keels last week.

The Best Laxative.

To keep the bowels regular the best laxative is outdoor exercise. Drink a full glass of water half an hour before breakfast and eat an abundance of fruit and vegetables, also establiish a regular habit and be sure that your bowels move once each day. When a medicine is needed take Chamberlain's Tablets. They are pleasant to take and mild and gentle in effect. Obtainable everywhere.—Adv.

TWO BIG CRUISERS SUNK IN NORTH SEA

BRITISH LOSE TWO CRUISERS BY TEUTONIC SUBMARINE ATTACKS.

ONE SUBMARINE DESTROYED

Kaiser's High Seas Fleet Come Out But was Put Back Quickly.—One German Submarine Rammed By Another, 59 Fatalities Are Result.

London.—Two British light cruisers, the Nottingham and Falmouuth, were sunk in Noth Sea by German submarines while the vessels were seaching for the German high seas fleet, according to an official announcement by the Admiralty. One German submarine was destroyed by the British, while another was rammed and possibly sunk, according to the Admiral statement which follows:

"Reports from our lookout squadrons and other units showed there was considerable activity on the part of the enemy in the North Sea on Saturday. The German high sea fleet came out, but learning from their scouts that the British forces were in considerable strngth, the enemy avoided an engagement and returned to port.

"In searching for the enemy we lost two cruisers by submarine attacks—H. M. S. Nottingham, Captain C. B. Miller, and H. M. S. Falmouth, Captain John Edwards. All the officers of the former were saved, but 38 of the crew are missing. All the officers and men of the Falmouth were saved, but one stoker, Norman Fry, died of injuries.

PRESIDENT WILSON URGES THAT PLAN BE ACCEPTED.

If Strike Comes Responsibility Will Not Rest Upon Him.

Washington.—President Wilson appealed to the railroad officials to abandon their insistance on arbitration of the dispute threatening a nation-wide strike and to accept his plan of settlement, arleady agreed to by the employes, because in his opinion the railroads are contending for a principle which it seemingly is impossible to apply to the present situation.

In one of the most dramatic scenes known to the White House in recent years, the President declared to the heads of five billion dollars worth of properties, assembbled at his summons:

"If a strike comes, the public will know where the responsibility rests. It will not be upon me."

A few minutes later he issued a statement saying, "The public has the right to expect" acceptance of his plan.

Refusing acceptance for the present, but not gicing a final answer. Hale Holden, president of the Burlington roads, and spokesman for the 33 railroad officials, urged the President to uphold the principle of arbitration, and declared his plan would "place in peril all that has been accomplished in the peaceful adjustment of labor controversies by methods of arbitration."

FIVE NEGROES LYNCHED BY A FLORIDA MOB

Gainesville, Fla. — Five negroes, three men and two women, were taken from the jail at Newberry, Fla., and hanged by a mob and another negro was shot and killed by deputy sheriffs near Jonesville, Fla., as the result of the killing of Constable S. G. Wynne and the shooting of Dr. I. G. Harris by Boisey Long, a negro. The lynched negroes were accused of aiding Long to escape.

Dispatches from Newberry said that the mob, which lynched the five negroes, was composed of about 200 men and worked quietly and rapidly. After gaining entrance to the jail they took the victims to a point about a mile from town and hanged all to one large oak tree. Not a shot was fired.

TROPICAL STORM IN TEXAS DID MILLIONS IN DAMAGE

Corpus Christi, Texas.—The loss of life from the tropical storm which struck Corpus Christi and 10 adjacent Texas counties was placed at 13, including nine members of the crew of the small freighter Pilot Boy, which foundered off Arkansas Pass. The total damage in this section of which Corpus Christi bore the heaviest part was estimated at $2,000,000. This includes devastation of a large portion of the lower coast's cotton crop.

Ninety-six Clemson men are now doing duty at El Paso. The fact that seventy out of the ninety-six hold offices as Captains, 1st and 2nd Lieutenants, Sergeants, Corporals, Musicians and Buglers reflects credit upon the institution in which they received their training, as well as upon the young men themselves. The showing that these men are making is a source of satisfaction to the college. They will be found willing and loyal soldiers, and we feel that Clemson College and all South Carolina can point to them with justifiable pride.

SENATE PASSES NEW SHIPPING BILL

WILSON ADMINISTRATION SUCCEEDS AFTER HARD LEGISLATIVE STRUGGLE.

SENATE VOTE WAS 38 TO 21

Several Important Amendments Are Agreed to.—Bill Has Already Passed House and Will Very Likely Find no Opposition in House to Amendments.

Washington.—The government shipping bill passed the Senate by a vote of 38 to 21, ending one of the most bitterly contested legislative struggles of the Wilson administration. In the last Congress the measure precipitated a Democratic revolt and a filibuster which forced postponement of many important bills, but revised so as to minimize the government operation feature, received unanimous Democratic support and solid Republican opposition. It already had passed the House.

The shipping bill provides for creation of a government shipping board to acquire and operate ships for rehabilitation of the American merchant marine and appropriates $50,000,000 for the purpose to be raised by the sale of Panama Canal bonds.

Several important amendments were agreed to just before the final vote, among them one which would reduce the salary of the shipping board members from $10,000 to $7,500 a year. Other amendments passed include one which would authorize the president to seek adjustment of foreign discrimination against American shipping through diplomatic negotiations and to take retaliatory action if such negotiations fail. Another would authorize the treasury to withhold clearance from masters of vessels who deliberately refuse to accept freight from American citizens without satisfactory reasons.

ALLIES GAIN ON GERMAN CENTER IN SOMME FRONT.

Another Step Made in Anglo-French Advance Toward Combles.

London.—Assaaults by British and French forces against German positions north of the Somme in France have resulted in the gaining of additional ground by the attackers, according to the British and French War Office. The French advance was in and around Maurepas, the scene of much hard fighting during the last few weeks, and the British gain was in the direction of Ginchy and Guillemont, near the Southern end of their section of the Somme front. The Anglo-French attack London says, took place along the whole line from Pozieres to the Somme.

The gains reported by Paris and London were in the center of the German positions on the Somme front and mark another step in the Anglo-French advance toward Combles. French troops gained more ground in the village of Maurepas, after the stopping of German counter-attacks near the village. Calvary hill, southeast of the village, was carried by assault and the French positions on the Maurepas-Clery road was also extended.

WILSON VETOES ARMY APPROPRIATION BILL.

Washington.—The Army appropriation bill was unexpectedly vetoed by President Wilson because he would not accept certain provisions in the revision of the articles of war, forced into the bill by the House conferees and commonly said in army circles to be in the interest of certain retired officers "at outs" with the army.

DEUTSCHLAND REPORTED SAFE HOME AT BREMEN

Geneva, via Paris.—A private telegram received from Berlin by the Neue Zuricher Zeitung says the German submarine Deutschland arrived safely at Bremen from the United States.

FINAL ACTION IN HOUSE ON THE PHILIPPINE BILL

Washington.—Final action on the Philippine bill promising independence to the islands as soon as a stable government is established, was taken in the House when the conference report was adopted.

Manuel Qeuzon, Philippine delegate, told the House the bill was a "signal victory for the cause of human liberty and a very decisive step toward the complete emancipation of the Filipino people."

DECORATED FOR SINKING 100 SHIPS OF ALLIES

Amsterdam, via London.—In recognition of his sinking of 100 vessels of the Entente Allies, Captain-Lieutenant Walter Forstmann, comander of a German submarine has been given the Order of Pour le Merite by the German emperor, says a Berlin dispatch received here. The ships sunk by him, including war vessels, aggregated 260,000 tons and their value is estimated at 30,000,000 pounds sterling the dispatch adds.

Warm Weather.

Mr. W. Somerset Maugham, the English novelist, being asked: "How do you pronounce your name?" responds: "My name is pronounced exactly as written. It rhymes with Shaugham, as in 'with trumpets also and shaughams,' vide Psalm 98. Likewise with waugham, as in waugham weather."

Its Significance in Dreams.

One reads some so very silly articles upon the subject of recurrence of dreams that it is necessary to repeat that our dreams are nothing more than a continuation of the state previous to sleep when we lie with no bodily or mental occupation beyond following out whatever train of thought happens to have been suggested, a writer in the London Observer remarks. Two common dream experiences frequently recurring are those of the sensation of flying and of the uneasy impression of being about in public in insufficient attire. The first is caused by the physical fact that we are, at the moment without noticeable pressure actually suspended in space; the second by the equally physical fact that few people in these days go to bed in their boots. It is beyond question that dreams are started or suggested, not only by these personal hints, but by external events, usually a noise.

Children Cry FOR FLETCHER'S CASTORIA

To Match Hangings.

The table scarfs for the furniture of your room may be made to match the hangings by cutting out single motifs of cretonne and applying them to the scarf ends. Place them on the material in an attractive way and baste. They can either be sewed with an over and over stitch around the edge or buttonholed in place. If, however, you wish a quicker method, machine stitch close to the edge around the entire motif.

Making Money at Home.

A girl makes quite a nice sum of money every Saturday morning the year around by conducting an amusement and instruction class for children up to twelve years old. She teaches them basket weaving, raffia work and clay modeling. Before Christmas the children make presents for their parents. The class meets at her home from 9:30 a. m. to 11:30 a. m., and the children pay 25 cents a lesson.—Baltimore American.
