Mr. Harry Rose, the sale king of Georgia, was in Manning Monday, and arranged with The Times for a big lot of printing. Mr. Rose will conduct a sale for J. Denmark in Sumter, beginning Friday. He has made many friends in Clarendon, and no doubt will draw a big crowd from here to his sale.

"War Brides" at the Rex Theatre in Sumter tomorrow is one of the biggest pictures (8 reels) before the American public today. Critics pronounce it a bigger and better picture than "The Birth of a Nation." Our people should make a strenuous effort to see this picture tomorrow.

Telephone Rates Unchanged.

Office of the Railroad Commission of South Carolina.

Columbia, S. C., Jan. 11, 1917.

Clarendon Telephone Company—Rates Commissioner Richards offered the following resolution:

"Resolved that the rates and charges now in force by Clarendon Telephone Company for City of Manning, S. C., and surrounding country be and are hereby declared reasonable and just and shall remain in effect, provided, that on and after February 1st, 1917, on all lines now rendering free service through Clarendon Telephone Company's switch-board the maximum time for such free messages shall be three minutes, and on messages passing over such lines consuming more than three minutes' time and not exceeding five minutes there shall be a toll charge of 10c and 5c for each minute exceeding five minutes.

Resolved further that copy of these resolutions be forwarded to the Clarendon Telephone Company and to the subscribers of said Company through their representative, Mr. Charlton DuRant."

Vote:

Commissioner Shealy "Aye."
Commissioner Richards "Aye."
Commissioner Hampton: "I vote NO for the following reason:
"I was not present at the second hearing held at Manning, S. C., but was present at the first hearing. Commissioners Richards and Shealy conducted the second hearing and went into more exhaustive testimony than of course I heard at the first hearing, and they perhaps are better posted in regard to the detailed situation. The Commission has had two hearings on this matter and I do not believe in procrastination but think the matter should be settled on the merits of the case. All I ask is that the Clarendon Telephone Company give the town of Manning the same rate enjoyed by other towns of similar population furnished with same service same conditions. I do not feel that the Commission has any right whatever to coerce any telephone service free of charge."

Mrs. Sue Brock of Panola is spending the winter in Florida with Mrs. W. A. Arant.

Last Thursday night the Coast Line train arrived in Manning about five hours late, due to a wreck on Black River crossing. It seems when the train got about the crossing a rod broke and the front wheels of the engine left the track and ran several hundred yards before it could be stopped. After the engineer applied his brakes he and the fireman jumped, but did not get hurt. The passengers were shaken up and inconvenienced by having to wait in the swamp, otherwise there was no damage.

Manager Plyer of the New Pastime will reopen his theatre next Monday night with a big Blue Bird feature play. The theatre has been repainted and made cozier than ever. It is Mr. Plyer's intention to book nothing but big features in the future and his many patrons can rest assured that they will see nothing but the very best in filmdom from now on.

Thursday, January 18, is the day set apart by the National W. C. T. U. as a day of special prayer for National Prohibition. All white ribbons, and others interested are requested to remember this on January 18, and unite with the thousands of others all over the United States who are wailing their petitions to the Almighty Ruler of the Universe that the day may be hastened when this fair land is freed from the curse of the rum traffic. A public meeting had been planned for the evening of the 18th, with Hon. Thos. G. McLeod as the speaker, but Mr. McLeod finds it impossible to be with us at that time, so the public meeting has been postponed.

The town has an ordinance in this issue forbidding dogs to run on the streets unless muzzled, and the officers are forced by this law to kill any dog without a muzzle. This is a good law, and one for which we commend council in passing. Provided everybody's dog is fed out of the same spoon. Kill all or none.

Mr. Munro Nichols of Richmond, Va., and Mr. W. M. Lish, of Charlotte, N. C., were business visitors to Manning on Friday last. Mr. Nichols is the editor of "South Land" a magazine published in the South and for the South. This aim of this publication is to tell the people of the world the resources of this wonderful country and they are making wonderful strides in their ambition. Mr. Nichols is a famous war correspondent having been special correspondent for the Associated Press in the Spanish-American war, the Japan-Russia tangle and the Boer war. Relinquishing active duties in the field Mr. Nichols started the "Southland" and the success of this magazine is no doubt due to his policy of strictly adhering to the exploitation of the Southern States. His purpose here was to study local conditions and in the very near future he will write at length of Eastern South Carolina.
