

Chevroizing the World

The Chevrolet belongs to the world. In work and play it does its share everywhere.

The car is popular the world over. It is a favorite on all continents. The Chevrolet is seen in the remotest parts of all nations.

It is deserving of this recognition. This worldwide tribute proves the good qualities we claim for it.

Of simple and sturdy construction, sufficient power, good looks, and low upkeep cost, the Chevrolet quickly finds favor everywhere. Today it is the leader.

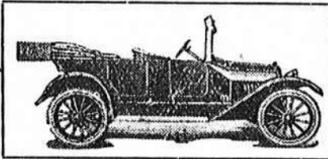

The price \$550 f. o. b. Flint, is exceptionally low, considering the quality of the car and complete equipment. A two unit electric starting and lighting system is supplied which renders the Chevrolet a pleasure car especially desirable to women.

Come in today and see the latest Chevrolet models.

NEW YORK CITY WOMEN WANT PRICES REDUCED

"We Want Bread," "We Are Starving," They Cry.

MANY RIOTS FOLLOW ADVANCE IN PRICES

Appeal Made to Other States to Send Food to New York Market.

New York, Feb. 20.—The cry of housewives unable to meet the advancing cost of food was heard in the city's seat of government today when several hundred women from the tenement districts stormed the City Hall screaming: "We want bread." They came to place their plight before Mayor John P. Mitchel. Many carried babies. They swarmed up the steps and tried to push their way into the building. Policemen on guard shut the gates, and from the basement where there is a police station reserves rushed up and restored order. The women were informed that Mayor Mitchel had not yet arrived. The leader was Mrs. Ida Harris, president of the Mothers' Vigilant League. She and three other women were allowed to enter and await the

VERY VALUABLE PROPERTY FOR SALE!

If not disposed of privately prior to that time I will offer on Monday the 5th day of March, next, in front of the Court House in the town of Manning, S. C., my residence (where I now reside) with lot 106 feet front and 312 feet deep at public sale. Any one wishing to see the premises or get information concerning this property can do so by calling on Mr. C. R. Harvin. Would trade for a small place.

MRS. KATE G. HARVIN, Manning, S. C.

Mayor's coming. "We are starving," Mrs. Harris told the Mayor's bodyguard. "We demand help from the Mayor. We will not be responsible for what happens if we don't get it." The leaders were told that the mayor would not be at his office today, but would arrange a meeting later.

Several Arrests. "Sweet Marie" Gane, one of Mrs. Harris' companions, addressed the women from the city hall steps, and was arrested, charged with disorderly conduct.

When the police took her from the city hall station for arraignment in court, a group of women attempted to rescue her, but were fought off and a guard was thrown around city hall.

The women remaining near the spot continued to shout, "We are starving" until mounted police scattered them.

Meanwhile, a mob of women gathered around a produce market on the East Side and began to overturn push carts. Three of them were arrested. The situation resulted from an unprecedented jump in the price of staples, particularly potatoes and onions, variously ascribed to short crops, heavy demand, speculation and railway congestion.

The indignation of housewives in lower East Side of Manhattan and the Williamsburg and Brownsville districts of Brooklyn, overflowed when the produce peddlers quoted potatoes from 5 to 8 cents a pound and onions from 15 to 18 cents. The police estimated that at least 1,000 women took part in the riot in Brownsville. Push carts were overturned and set afire and vegetables were doused with kerosene oil. There were similar scenes elsewhere and the police had their hands full dispersing the angry women.

Will Appeal to Mayor. In Manhattan the push cart men met the situation by calling a mass meeting last night. They explained to their customers that onions were costing them as high as \$15 a bag and potatoes \$10 a barrel. The crowd was kept at a high pitch of excitement by spectators who complained that they were unable to buy enough food at the present prices to give their families proper nourishment. The meeting appointed a committee to call on Mayor Mitchel today and demand that he take drastic action.

Commissioner Hartigan, in his letter to the food authorities of the different States, asked what steps they were taking to organize producers and handlers of foods for the purpose of reducing costs.

"This information," he said, "is sought for in the event of any ab-

normal food conditions arising by reason of extraordinary results accruing from obvious domestic and international situations."

The commissioner asserted that New York was the greatest logical food market in the world, and added: "It is evident, therefore, that much benefit can be given to producers, growers and shippers in your State who may find the New York city market a convenient and profitable outlet for their products."

Dealers said that within a year the wholesale price of potatoes had risen from \$3.25 to \$9 for a sack of 165 pounds, and the price of onions since December 1, 1916, from \$3 to \$15.50 for 100 pounds.

HONOR ROLL.

Honor roll for Davis Station School for fifth month ending February 16. Requirements: a minimum of 90 per cent on lessons, 95 per cent on department.

Tenth Grade.	
	Av. Dept.
Pauline Childers	90 95
Fifth Grade.	
Edith Stukes	90 98
Fourth Grade.	
Luke Broadway	94 100
Other grades unrepresented.

ADVERTISE IN THE TIMES.

Home and Farm Demonstration Meetings Continue Over County.

Twelve schools of the county were visited last week by Miss Katherine

Winter Brings Colds to Children

A child rarely goes through the whole winter without a cold, and every mother should have a reliable remedy handy. Fever, sore throat, tight chest and croupy coughs are sure symptoms. A dose of Dr. Bell's Pine Tar Honey will loosen the phlegm, relieve the congested lungs and stop the cough. Its antiseptic pine balsams heal and soothe. For croup, whooping cough and chronic bronchial troubles try Dr. Bell's Pine Tar Honey. At all Druggists, 25c.—adv.

Richardson, Home Demonstration Agent; Mr. P. H. Senn, Farm Demonstration Agent; Mr. C. A. McFaddin, District Agent in Farm Demonstration Work, and Mr. E. J. Browne, County Superintendent of Education. A number of patrons of the schools turned out to hear the talks made by the visitors.

Miss Richardson talked of the canning, bread, and poultry club work. Mr. Senn outlined the workings of the corn and pig clubs, laying special stress upon the educational features of the club work. Mr. McFaddin talked on diversified agriculture relative to the coming of the boll weevil. Mr. Browne, in his talk, called attention to the law which requires agriculture to be taught in the public schools. He also stressed the importance of co-operation of the school teachers, trustees and patrons with the home and farm demonstration forces.

The people of each place visited showed that they were heartily in sympathy with the work being undertaken by the demonstration forces.

These meetings will continue until every school in the county has been visited, giving every boy and girl a chance to enroll in the clubs which are now being organized by Miss Richardson and Mr. Senn.

More Territory Freed from Tick Quarantine.

Washington, D. C., Feb. 19.—The Federal tick quarantine will be raised on March 1 from four counties in North and South Carolina. A total of 3,446 square miles is affected by this order. The counties to be freed are Duplin and Pender in North Carolina and Clarendon and Orangeburg in South Carolina.

These are the first areas to be released from quarantine in 1917. More than 42 per cent of the territory originally infested with the tick has now been freed from the pest and released from quarantine. Active work is planned for this year in every State in which the tick exists, and very considerable reductions in the quarantined area are expected in the course of the year.

A VICTIM OF PNEUMONIA

Private B. J. Felder, of Company M. Dies on the Border.

Elmore, Feb. 19.—A telegram was received here this morning from Capt.

F. F. Pooser, of Company M, Second South Carolina Regiment, announcing the death of Private Bridie J. Zeigler, Tillman Volunteers, at El Paso, Tex., on Saturday, February 17, at 4 o'clock p. m. Mr. Zeigler contracted pneumonia on the border some days ago, and succumbed to its ravages in a short time. The body will be shipped home for interment. Mr. Zeigler was about 23 years old and was unmarried. Shortly after the National Guard was ordered out he enlisted with the Tillman Volunteers and rendered faithful service as a soldier. He was born and reared in this community. His parents are dead and he is survived by several brothers and sisters.

GENERAL ASSEMBLY WILL NOT ADJOURN FOR SEVERAL DAYS

Free Conference Committees on Appropriation and Prohibition Bills Are Holding the Legislature.

At present there seems to be small prospect of the general assembly adjourning until the middle of the week. The free conference committee on the prohibition bill, because of the absence of one of its members, Jesse Boyd of Spartanburg, who is at his home on a matter of urgent personal business, will not meet until this afternoon, and the conferees on the appropriation measure have not intimated when they expect to make their report. These two committees are what is tying the general assembly up.

Oscar K. Mauldin of Greenville, a house member of the prohibition free conference committee, announced this afternoon that the body would give careful consideration to the entire question of prohibition, and there was small prospect of a report from it until next Wednesday. The possibility of either of the two branches of the general assembly thoroughly debating the report of the committee, whatever it is, become more and more apparent. It also is well within the range of possibilities that the report will be rejected by one of the houses. Should this happen, it will mean that the liquor situation will remain unchanged, unless Governor Manning insists on some legislation restricting the present "gallon-a-month" law. Undoubtedly he will do this; and it has been announced positively on the floor of the house that he will not approve a "bone dry" bill, although he,

himself, had made no statement as to what his decision will be should such a measure be presented to him.

The probabilities of the governor applying the pruning knife to the appropriation bill should it be sent to him carrying the large amounts as reported from the senate are apparent in view of his messages to the general assembly urgently requesting the closest of economy. The house undoubtedly will approve his vetoes on the measure, should he make any.

The measure placing the office of game warden in the general election will probably go to Governor Manning some time today, and that he will veto it is a foregone conclusion. It cannot be passed over his objections unless the sentiment of the house and the senate has materially changed within the past few days.

The house today gave its approval to the concurrent resolution introduced by John W. Crews of Columbia, by request, empowering the attorney general to investigate the sale of the so-called Parker mill merger. However, an amendment was attached striking out all appropriations for the purpose.

The concurrent resolution of J. A. Berry of Orangeburg, providing for a committee of the general assembly to investigate the Torrens system of land registration and to report back to the next session of the legislature was killed.
