The governor has appointed the Clerk of Court, Judge of Probate and Mayor Bradham as the Conscriptio Board for Clarendon, and at the same time dictates who shall be managers at the different precincts. We are told that he confines them to the managers of the last general election, therefore, giving them no say in the matter. So if you don't get a job take your kicks to His Excellency and not the Board.

The May meeting of the Civic League was held at the court house on Monday afternoon with eleven members present.

After the usual reports the president gave a full and interesting account of the State meeting in Hartsville a few weeks ago. Mrs. Oliver Plowden, who is a chairman in one

PAXVILLE NEWS NOTES

The closing exercises of the Paxville graded school were held here Monday and Tuesday nights of last week. Large crowds attended both evenings. On Monday evening there were choruses, dialogues, recitations, and the operetta, "Little Red Riding Hood." This was specially enjoyable. All of the characters were properly costumed. The graduating exercises were held on Tuesday evening. The members of the class were, Kirkland Corbett, and Murray Graham. The address to the graduating class was made by Mr. T. W. Wideman, of Manning, who also delivered the diplomas. The following prize and honor was announced by Supt. E. J. Browne: the Appelt medal awarded annually for scholarship was presented to Miss Lucile Geddings; for perfect attendance, Master Arthur Geddings. Other honors were received by various pupils of the grades and were presented by their teachers on the last school day. Mr. T. R. Owen, chairman of the board of trustees, tendered thanks to the teachers, Supt. Browne and patrons for their work, hearty co-operation and sympathy during the school year. He made an appeal for continued and renewed effort along this line.
Miss Letha Edwards, as superintendent of the school, and her splendid corps of assistants are receiving

Don't Pull Fodder!

Since its an established fact that pulling fodder lessens the yield of Corn and injures its quality for seed purposes there is every good reason for letting Corn grow on to full maturity. When Corn is stripped at a time to make good fodder it is certainly true that had the fodder been let alone to nourish the grain, more and better Corn would be the result at harvest time.

We Don't Dispute the High Feeding Value and Palatability of Fodder.

Therefore, when we advise against pulling fodder we have a profitable money and labor saving substitute to offer.

Simply Plant A Fodder Corn Crop.

We have a special seed for this purpose in our **PAMUNKEY ENSILAGE CORN**. This seed has been tried for years to produce abundant growth for silos and dry forage. Growing 12 to 15 feet high, having 2 to 6 ears to stalk and an extra heavy yield of fodder, a few acres of Pamunkey Corn drilled close in the row will make more and better forage at decidedly less expense and trouble than the old costly method of ruining a big field of Corn by skinning off its life-giving blades just when they are most needed to fill out the grain.

THIS IS THE TIME TO PREPARE FOR CHEAP FODDER

Manning Grocery Co.

The Service Seedsmen.

unusual commendations on the marked success of the school year just closed. It is the wish of all that they will return to the school another year. The trustees are exceedingly anxious to make needed repairs on the school building, and to arrange an eight months term for the next session. A hearty co-operation by the patrons and friends of the school is the only way by which they attain this. Let's stand by them, one and all.
Mr. Augustus Murr has returned to his home at Bridgeport, Conn., since the condition of Mrs. Henry Curtis is somewhat improved.
Miss Lornc Lathan returned Tuesday to her home at Sharon after a ten days visit with her sister, Mrs. J. W. Mims Jr.
Miss Jessie Curtis will go next Friday to Oswego to attend the annual meeting of the missionary societies of Sumter district. She will be accompanied by Misses Lucile Geddings, and Daisy Corbett who will represent the juvenile society of the Methodist Church.
Mrs. W. R. Keels entertained on Wednesday evening in honor of the graded school teachers before their departure on Thursday to their respective homes.

YOUR FLAG AND MY FLAG

Your flag and my flag,
And how it floats today,
In your land and my land
And half a world away.
Rose red and blood red
Its stripes forever gleam;
Snow white and soul white,
Our good forefathers' dream;
Sky blue and true blue,
With stars that gleam aright.
A gloried guidon through the day
A shelter through the night.

Your flag and my flag—
And oh! how much it holds,
Your land and my land
Secure within its folds.
Your heart and my heart
Beat quicker at the sight.
Sun kissed and wind tossed
The Red, and Blue, and White.
The one flag, the great flag—
The flag for me and you—
Glorified, all else beside,
The Red, and White, and Blue.
—Wilbur D. Nesbit.

A Young Man's Problems.

On next Sunday at 8:30 P. M. at the Methodist Church Dr. Watson B. Duncan will begin a series of Sunday evening sermons on "A Young Man's Problems." The series will consist of the following:

1. "What is Religion?"
2. "Is the Bible Inspired?"
3. "Why Should I Join the Church?"
4. "Can a Business Man Be a Christian?"
5. "What Are Legitimate Amusements?"

While the sermons will be primarily designed for young men, the pastor stated that the discussion of these problems would be of interest to all who are deeply concerned about vital problems.
Public cordially invited.

COMMENCEMENT OF COLORED SCHOOL

The commencement of the colored graded school was concluded last night with the graduating exercises. The educational address was delivered by R. A. Stewart, of Washington, D. C. Stewart is formerly of Manning where he lived for 20 years, practicing law, teaching school and was one time postmaster here. He has always had the reputation of being a fine speaker and his address last night was heard by a packed house as people from various parts of the county attended the commencement exercises. Many who witnessed the exercises in the colored school last night say that the essays orations and songs by the students were listened to with intent interest and that it was about the best commencement the colored people have had.
Robert Stewart's speech was with the spirit of the age and even though he spoke an hour and ten minutes his audience listened without a break, only to interrupt at times with loud applause.
Several colored ministers were on the platform. The diplomas were delivered by Rev. Hugh L. Harry, of the parochial school. In the class of nine pupils, who finished from the school were five boys. The class valedictory was delivered by Lavan Richardson. All of the exercises at the commencement of the colored school this year were largely attended. The annual sermon was delivered Sunday by Rev. R. W. Vance, D. D., president of the Allen University in Columbia.
The colored people seem to have a deal of interest in their school and the work of the teachers seem to be highly appreciated.

Auto-Intoxication Causes Death

Do you know why you have sick headache, diabetes, neuralgia, rheumatism and liver or kidney troubles? It's because you are being poisoned by products of your own body. Your organs of elimination are not working properly. Waste material that should be thrown out is being retained to poison and intoxicate your system. That could not happen if the bowels were kept open with Granger Liver Regulator. This splendid preparation is purely vegetable and non-alcoholic. Demand Granger Liver Regulator at your drug store—25c a box—and take no other. There is nothing "just as good."

Cheat Death!

It is no trouble to cheat death when you keep in touch with this Drug Store. The simple remedies that we sell will keep your liver in good condition, your blood in proper circulation and the color of health in your cheek, from January to December. Twenty-five cents worth of prevention is equal to a hundred dollars worth of cure. Our Drugs are fresh and pure.
Remember our Delicious Ice Cream, made of pure cream and received daily.

Zeigler's Pharmacy.
