

LIBERTY WAR BONDS

What They Are—

Liberty War Bonds are issued by the United States Government for the purpose of financing the war in behalf of Liberty and Humanity.

The Bonds will be dated June 15, 1917, and will not be redeemed before June 15, 1932, or after June 15, 1947. They will bear interest at the yearly rate of 3 1-2 per cent, payable every six months, and will be exchanged for bonds bearing a higher rate of interest should any following issue carry a higher rate.

Liberty War Bonds are issued in two classes—Bearer Bonds and Registered Bonds. Bearer Bonds, which are issued in denominations of \$50, \$100, \$500 and \$1,000, have interested coupons attached which will be accepted by any bank when the interest has been earned. The interest on Registered Bonds will be paid by the Government by direct check to the owner.

When due, both the principal and interest will be payable in United States gold coin of the present standard of value, and neither the principal nor the interest will be subject to income tax.

Liberty War Bonds will be issued either to the purchaser or in favor of anyone the buyer may at any time designate.

Why You Should Buy Them—

The purchase of Liberty War Bonds is the surest way of doing your part to end the war quickly and honorably. With the money obtained through them your Government will equip our own army and navy, furnish supplies to our Allies who for three years have been heroically fighting our battles.

Without money men are useless, supplies are unobtainable, the war a lost cause. Liberty War Bonds therefore furnish a form of highest patriotism—for ALL.

If you are not going to war yourself, buy Liberty War Bonds to equip someone else who is going.

If you're sending your son, buy Liberty War Bonds to support him.

If you have no son to send, buy Liberty War Bonds to help the other man's son.

If you want to end the war speedily, buy Liberty War Bonds to help push it to that conclusion.

If you're foreign born, buy Liberty War Bonds and prove your loyalty beyond a doubt.

If your income is large, buy Liberty War Bonds because they are free from income tax.

If your income is small, buy Liberty War Bonds because they afford the safest security and surest interest for your savings.

Above all, if you appreciate the liberty that your country gives to you and yours, if you believe it worth while that these United States shall continue to exist in honor and in peace, you should at least lend your money to that cause as freely as others are dedicating their lives!

PARENTS OF LITTLE NORA GARDEN TELL OF UNUSUAL CASE.

Little Home at 2215 8th Ave. N. Made Bright by Little Daughter's Unexpected Recovery.

"Little Nora was a most pitiful sufferer for two years," says Mr. R. H. Garrenn, who is a local steam shoveler.

"She had a case of blood trouble of the very worst kind. It was pitiful to see her suffering but there seemed no way to give her any relief. She was broken out with sores of the most distressing kind. Once the Doctor seemed to have the disease under control but soon she broke out worse than ever."

"We had heard of Sulferro-Sol and at last determined to try it for Nora. The results were wonderful beyond our hopes. In ten days she commenced to improve and her pain drew less every day. She has taken two full bottles and is apparently fully well and free from sores and pain."

"This seems almost wonderful but it's true and we are more than grateful to Sulferro-Sol for all it did for our little daughter."

Every Druggist will tell you that Sulferro-Sol is the greatest medicine known for healing and building the blood.

Sulferro-Sol can be found at any Drug Store. If your Druggist does not have Sulferro-Sol he will order it for you. The Murray Drug Co., Columbia, State Distributors.—adv.

EXEMPT MOVING PICTURES WILL TAX AUTOMOBILES

Redraft of War Revenue Bill Probably Ready for Senate Early Next Week.

NEWSPAPER SECTION OPEN

Conference Today on Proposal to Tax Papers in Lieu of Mail Rate Increases.

Washington, June 1.—Exemption of popular price moving picture theaters from amusement taxation and the levying of a new federal license tax on automobile owners ranging from \$7.50 to \$25 with reduction for cars used a year or more, were agreed upon today by the Senate finance committee in continuing revision of the House war tax bill.

With its task virtually completed except for the newspaper and magazine section, the committee tonight adjourned until Monday so that treasury experts may spend tomorrow putting the redraft into legal shape. The bill probably will be ready for submission to the Senate early next week.

Hold Conference Today.

Tomorrow Senator Simons, chairman, and Senator Penrose, ranking Republican, will confer with representatives, publishers and Postoffice Department officials regarding the proposed taxation of publications in lieu of the proposed second class mail rates in the House bill.

Under the committee's amendment all moving picture theatres charging less than twenty-five cents admission would escape the tax of one cent on each dime paid, imposed by the House measure. Senator Penrose championed this change, urging that the moving picture house is the poor man's theater. It was decided to retain the House plan of taxing other places where admission is charged.

Automobile Tax.

Treasury experts estimate that there are 1,400,000 owners of automobiles subject to the \$7.50 tax; 760,000 subject to the \$10 levy; 1,219,000 in the \$15 class and 231,000 subject to the \$20 rate. The license taxes payable by motor vehicle owners, take the place of the House tax of 5 per cent upon manufacturers of such vehicles.

The committee's section would provide:

That on and after July 1, 1917, special taxes shall be, and hereby are, imposed annually on owners of automobiles and motorcycles, the rate of tax to be based on each automobile or motorcycle as follows:

Motocycles, \$2.50; automobiles, listed retail price at time of purchase not over \$500, \$7.50; over \$500, and not over \$1,000, \$10; over \$1,000 and not over \$2,000, \$15; over \$2,000 and not over \$3,000, \$20; \$3,000 and over, \$25.

Makers and Dealers Free.

Provided, that the special taxes herein imposed shall not apply to manufacturers and dealers as to unsold automobiles and motorcycles held for sale, or to owners of automobiles or motorcycles held for sale, or to owners of automobiles or motorcycles used exclusively for business; provided further, that evidence of payment of the tax shall be by receipt or

statement to be attached to automobile or motorcycle under such rules and regulations as may be prescribed by the commissioner of internal revenue, with the approval of the Secretary of the Treasury; and provided further, that the special tax paid within a fiscal year shall not be imposed again within that fiscal year if ownership changes.

A modification to be drafted later will provide a reduction of 10 per cent in the license taxes for each year's use of automobiles up to five years, or a maximum allowance of 50 per cent.

Income Tax Amendment.

An amendment to the income tax section written into the bill today would repeal the provision of the Underwood act of 1913, providing for collection of income taxes at their source, and require those receiving the taxable incomes to make a direct payment of taxes at the treasury. As a substitute for the present requirement of collection at the source the committee adopted a new principle of "information at the source"—requiring corporations and others under heavy penalties to report to the Treasury Department the names of persons and amounts of income subject to taxation. This plan, the committee believes, will prevent such evasion, increase income tax revenues considerably and promote honesty of the law's operation and enforcement. Reports will be required on all incomes in excess of \$800 annually.

The committee will make no change in the income normal tax, surtax and exemptions of the House bill, except the elimination, previously agreed upon, of extra surtaxes on incomes of more than \$40,000.

On the theory of exemptions from taxation articles used by the poor, the committee in changing cigar taxes decided to exempt from any tax increase cigars made to sell for less than four cents each. Increases in taxes on cigars agreed upon were as follows:

Upon cigars made to sell from four to seven cents each, \$1 a thousand; those selling between seven and twelve and a half cents, \$3 per thousand; between twelve and a half and twenty cents, \$5 per thousand, and over twenty cents, \$7 per thousand. The House rates generally were about the same, but asked upon different standards.

The committee also decided to repeal existing tariff provisions allowing "drawbacks" to sugar refiners. Senator Broussard, of Louisiana, urged the action. The change, it is said, will operate to benefit domestic sugar producers, and incidentally reduce federal revenues about \$16,000,000. The "drawbacks" are virtually repayments of customs duties to refiners after they refine and export imported raw sugar.

THE EVILS OF CONSTIPATION

Constipation is one of the main reasons why the average human life is below 40 years. Leaving waste material in the body, poisons the system and blood and makes us liable to sick headaches, biliousness, nervousness and muddy skin. When you note these symptoms, try Dr. King's New Life Pills. They give prompt relief, are mild, non-gripping in action, add tone to your system and clear the complexion. At your druggist, 2c.—adv.
