ADVERTISE IN THE TIMES.

DON'T DELAY

Some Manning People Have Learned That Neglect is Dangerous.

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kisiney ailments. That pain in the "small" of your back; those headaches and dizzy spells; that weak, weary, wornout feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time -begin treating your kidneys at once with a tried and proven kidney remedv. No need to experiment-Doan's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 50 years. Doan's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read this Manning testimony.

Mrs. J. E. Reardon, W. Boundary Ave., says: "I was in bad shape with rheumatic pains and my joints were so stiff and swollen, that I could hardly walk or do any work. I had dizzy spells and headaches. My kidneys acted irregularly and annoyed me considerably. I got Doan's Kidney Pills at the Dickson Drug Co., and they relieved the rheumatic pains and benefited me in every way. I keep Doan's on hand all the time and they do me worlds of good."

Price 50c, at all dealers. Don't simply ask for a kidney remedy-get Doan's Kidney Pills-the same that Mrs. Reardon had. Foster-Milburn COW PEAS FOR POULTRY.

Clemson College, S. C., June 11 .-Those who keep poulery for profit should make arrangements to plant several acres of cow peas this spring. Several experiments in feeding cow peas to laying hens, fattening turkeys, pigeons, and even crack ed for baby chicks and developing youngsters, go to prove that there is no grain of greater value to the poultry or pigeon producer.

Cow peas contain 21 per cent protein, the food from which the whites of the eggs are made by the laying hen, or about two-thirds as much of this valuable constitutent as cottonseed meal. It is necessary to grind the peas for poultry food; simthe hens receive.

A simple egg-making mixture to be fed twice daily in litter to make is 100 pounds of cow peas; 100 pounds of cracked corn, and 100 pounds of has been fed with success. Another feeding.

Hens running on a good, natural range where they can obtain bugs and vegetable food, will lay well in summer when fed the cow peas mixture of grains alone. It is unnecessary to use the Clemson Egg Mash until next fall when natural food is deficient. A constant supply of fresh water and shell material should be before the hens at all times.

My system was out of the hens scratch to find the kernels order, I was weak and run down and my face was as yellow as a pumpkin. My feet and legs felt like they were whole oats or sorghum seed. This dead or 'asleep' and tingled all the time. Really I had begun to wonder way to use the cow peas is to add if I ever would regain my health and one quart of cow peas to every two I didn't think I had a chance, for so parts of the grain mixture you are much medicine had failed to help me. In fact, I felt so badly that I often told my family at night I hoped there would be no stove in the house in the morning so I would not have to cook breakfast. I had stomach trouble very badly, too.

"Tanlac is the grandest thing in the world for a condition like I was in, and it soon got my stomach in good shape, my face cleared up and regained the right color and my appetite soon came back. No matter how bad a headache I had, one dose of Tanlac relieved it. Soon the Tanlas had me feeling fine and strong, and after I had taken two bottles I was well and strong. I took some of the Tanlac Tablets and they helped Tanlac ever so much to get me well. Those tablets are the best I ever

I am glad to recommend Tanlac, for it is the first and, of course, the only medicine that ever helped me.'
