**MOST OF GAINS BY  
 CROWN PRINCE LOST**

French Forces, With no Let-up in Offensive, Retake Much Ground Above Moisy.

**LULLS ALONG MANY FRONTS**

Germans Claim French Driven From Territory Taken by Them Last Week.

Aside from several sectors in the region between Soisson and Rheims and in Champagne, near Monte Carnillet, little fighting of moment is taking place. The French, continuing their smashing tactics against the Germans, now have retaken the greater part of the territory lying northeast of Moisy farm in the region of Vauxaillon, which the army of the German Crown Prince captured last week.

To the east in the region of Hurtbise and Craonne violent artillery continues and the French guns have put down an attempted infantry attack by the Germans, the intensity of the fire and the accuracy of the aim keeping the men picked for the onslaught fast in their trenches.

**Germans Claim Success.**

The German war office asserts that east of Monte Carnillet, in Champagne, the French have been compell-

ed under a heavy concentration of artillery fire to evacuate ground they captured from the Germans in two attacks last week.

The operations of Sir Douglas Haig's army against the Germans in France and Belgium have consisted entirely in effectually putting down attempted enemy raids and answering the fire of hostile guns. There is still considerable artillery activity on the part of the Germans on various sectors in Belgium.

There has been no resumption of the Italian offensive in the Trentino region of the Austro-Italian theater, but on the Asiago front there has been considerable artillery activity, the Austrians being the aggressors.

**Only Minor Operations.**

The operations in Russia and Galicia still have not risen in importance above patrol engagements and reconnaissance.

Likewise in the Macedonia theater only small engagements, by patrol parties have been reported, although east of Lake Presba the enemy has violently shelled Entente trenches.

Unofficial advices say a temporary Austrian Cabinet to replace that of Count Clan-Martinic, which resigned last week, has been formed. It will be headed by Dr. Von Seydeler, who assumes in addition to the post of premier that of minister of agriculture.

**WOULD SEE FLEETS  
 OF ALLIES ACTIVE**

Winston Churchill Afraid War Will End Before Navies Accomplish Much.

**GERMANY'S OUTNUMBERED**

Great Disaster, He says, to Great Ships Obsolete Without Being Used.

London, June 24.—Winston Spencer Churchill, in an article in the Sunday Pictorial, demands an aggressive policy for the vast surplus fleets under the Entente Allies, especially since America's entry into the war.

"Allied navies," he declared, "have today at least two dreadnaughts for every one at the disposal of Germany and Austria and in addition more than four old big ships to one of the enemy. But the superiority in weight of metal, modernity and tonnage is far greater even than these immense figures imply. Are we really to be content to see this vast mass of about 200 big ships wait idle on the off chance of the German fleet emerging to fight until peace—perhaps an unsatisfactory peace—is declared?"

Greatest Disaster of All. "When three old big ships were sunk in the Dardanelles is reported as a great naval disaster, what kind of disaster would it be when, on the day

unused and pass into obsolescence to be supplanted in further wars by airplanes and submarines?"

"It is only when we are able to devise and execute some method of aggressive naval warfare against the German that we shall find his weakness and our strength, that we shall liberate our splendid navy from the enchanted circle the submarine has drawn about it and compel our enemies to absorb themselves so much in the process of their own defense as to leave them no leisure to encompass our ruin."

**GERMANS IN MEXICO**

**EVERY POSSIBLE PRESSURE  
 USED TO STOP CAMPAIGN  
 FOR BREAK WITH  
 GERMANY**

Influential Newspaper Advocates Severance of Relations Between Mexico and Central Powers—Pro-Germans Are Working With Money and Threats to Stir up Further Trouble Between United States and Mexico.

Mexico City.—Every possible pressure, including financial offers are reported to have been brought to bear by Germans and pro-Germans to stop the campaign of El Universal for the severance of relations between Mexico and Germany. El Universal will say editorially tomorrow that in the flood of comment the campaign

has caused no paper and no persons have taken the stand that, Mexico should ally herself with the central powers. Charges are being made that print paper shipped here from the United States is offered free to newspapers if they become pro-German. Telegraphic news written with the obvious view of misrepresenting the United States comes from New York, passing the censor without difficulty.

**THOUSAND BALES COTTON  
 DESTROYED AT AUGUSTA**

Augusta, Ga., June 24.—Fire tonight in the Grogan and O'Dowd Cotton Warehouse, Reynolds street, destroyed about 1,000 bales of cotton. There were 3,700 bales of cotton in three compartments. The flames got through one fire wall. The full extent of the damage will not be known until a survey is made tomorrow. There is full insurance. The fire was under control at midnight.

**LAD KILLED BY LIGHTNING**

Catholic Orphanage at Sharon, Ga., Near Augusta, Struck.

Macon, Ga., June 24.—According to messages received here tonight, lightning struck a Catholic orphanage at Sharon, Ga., this evening. Seifert McRae, 14 years old, of Macon, was killed. No other details are obtainable here. Sharon is in Taliafero County, near Augusta.

**DAVIS-JOHNSON.**

The marriage of Anna Belle, the oldest daughter of Willis and Eliza Davis to James Johnson, took place in Trinity A. M. E. Church last Thursday night. The ceremony was performed by Rev. A. W. Timmons. Several hundred people witnessed the performance. The contracting parties come from the best colored families in our community.

Willis Davis is and has been mail carrier in Manning for thirty odd years. James Johnson is the oldest son of Calvin Johnson, a successful colored farmer on Mrs. McLeod's plantation.

Several white people attended the marriage at the colored church. The affair was creditably conducted, and the decoration of the church attracted much attention, and was very beautifully arranged.

Belle Davis finished the course of studies in the colored graded school here and held the highest respect of her people.

James Johnson has been working in Pennsylvania several years where he now holds a good job. The bridal party left for New York Thursday morning. A crowd of colored people was at the depot to see them off.
