

# PAIGE

The Most Beautiful Car in America

## A Word of Warning

As long as the Paige-Detroit Motor Car Company's present supply of materials lasts, Paige buyers will enjoy the advantage of the present Paige price.

It is estimated that this supply of materials will last approximately 60 or 90 days and when the supply is exhausted it will, obviously, again be necessary to readjust the prices of all models of the Paige line.

Then, as now, the Paige prices will be fixed in proportion to the cost of materials. They are never raised arbitrarily. That is a point on price we wish to emphasize.

But when the last word on price is said you will continue to select the Paige because of its mechanical excellence, its beauty, its supreme quality.

## A FRIEND'S ADVICE

### Woman Saved From a Serious Surgical Operation.

Louisville, Ky.—"For four years I suffered from female troubles, headaches, and nervousness. I could not sleep, had no appetite and it hurt me to walk. If I tried to do any work, I would have to lie down before it was finished. The doctor said I would have to be operated on and I simply broke down. A friend advised me to try Lydia E. Pinkham's Vegetable Compound, and the result is I feel like a new woman. I am well and strong, do all my own house work and have an eight pound baby girl. I know Lydia E. Pinkham's Vegetable Compound saved me from an operation which every woman dreads."—Mrs. NELLIE FISHBACK, 1521 Christy Ave., Louisville, Ky.

Everyone naturally dreads the surgeon's knife. Sometimes nothing else will do, but many times Lydia E. Pinkham's Vegetable Compound has saved the patient and made an operation unnecessary. If you have any symptom about which you would like to know, write to the Lydia E. Pinkham Medicine Co., Lynn, Mass., for helpful advice given free.

### GERMANY PUBLISHES U-BOAT LOSS

New Official Figures Bear Out British Statements of Havoc Being Wrought by Submarines.

London, July 22.—Here are, for the first time, outside of the German borders, the official German admiralty claims as to the havoc wrought by unrestricted U-boat warfare since it went into effect:

- February, 781,500 tons.
- March, 885,000 tons.
- April, 1,091,000 tons.
- May, 869,000 tons.
- June, "more than 1,000,000 tons."

Disprove. The figures clearly disprove the wild reports spread broadcast a few days ago, owing to a mistake in transmission of a cable dispatch by the representative of a New York newspaper, that the submarines were sinking 1,600,000 a month.

The German accounts, as contained in Berlin newspapers received here, assert that June will prove a record-breaker. A number of U-boat commanders, it is asserted, have not yet reported.

The Maximum. On the basis of the German figures, the U-boats have been sinking, up to June, an average of 925,300 tons monthly, with June at 1,000,000 tons.

## Southern Railway System

### An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway. The growth and success of one means the upbuilding of the other.

The Southern Railway will be a factor in the great problems not accorded to others.

The ambition of the Southern Railway Company is to see that every foot of track that it builds is a masterpiece of engineering and the railroads to be operated thereon are the finest in the management of railroads which makes the maintenance of governmental agencies to realize that the efficiency of the system which will enable it to obtain the additional capital needed. If it is a sign of better and improved facilities to the South and the South for the better service and quality.
