

Announcement!

We have been largely instrumental in inducing the people of Sumter, Clarendon and Lee Counties to grow their own food.

We put our money into a flour mill to encourage the planting of wheat. We have added a rice mill to our plant to help the situation. We feel that the people appreciate our efforts in this direction.

We now beg to announce that we have arranged to install with the least possible delay an additional flour mill of 100 barrels capacity to take care of our trade.

We are turning out the finest flour that can be produced. Our "FLAVO" flour, "nature-flavored has no superior.

Bring us your wheat, rice and corn, either to grind or to sell.

We will pay the highest cash market price at all times for grain, and guarantee you satisfaction in every way.

MANY SOUTH CAROLINA RECEIVE COMMISSIONS IN RESERVE CORPS

Many South Carolina men have been appointed as commissioned officers of the officers' reserve corps and of the national army as a result of the training camp held at Fort Oglethorpe, Ga. These men will be given commissions as captains, first and second lieutenants, to date from August 15, when the camp will close and arrangements will actively begin for the second training camp to open August 27 when 332 other South Carolina men will become candidates for commissions.

The present camp at Fort Oglethorpe opened in the middle of May, most of the accepted candidates being late in reporting on account of the delay in sending out the official notices. It will close Wednesday.

The list of men who will be commissioned was yesterday announced by the commanding officer of the camp on orders from Adj. Gen. McCain, of the United States army.

It is expected that these men will be permitted to visit their homes and wind up their business and professional affairs, furloughs to be granted. Assignments of these reserve officers will be announced later.

Of the South Carolinians who have won commissions, fifty-nine are Charlestonians. These men are to be commissioned in the infantry, the cavalry, the field artillery, the adjutant general's department and the ordnance department. Some of them will be given service with the regular army.

LIBERTY BONDS AT PAR
New York, Aug. 13.—Liberty bonds for the first time since the second or third day's trading in them on the Stock Exchange sold at par today. Last week they sold as low as 99.52 which represented a depreciation of \$4.80 per \$1,000.

Today's inquiry for the liberty 3 1-2s, the steady accumulation of which was the feature of the bond market, was accompanied by rumors that the next government war loan would be issued at not less than 4 per cent which would automatically, under the law governing the present issue, advance its interest rate to the same figure.
