It seems the examining boards have had less trouble with flat feet than with cold feet.

If old General Sherman were here now he would have to find some stronger term to describe war.

If the kaiser wants to jump from the frying pan into the fire, he might try the job of emperoring in Russia.

Worry may be, as a great man has said, worse than drink, but it doesn't leave the same taste in the mouth next morning.

We have no objections to the president appointing Mr. Taft a major general, but we do think he should have considered the shortage of khaki.

We had thought the young men of this country were not very devoted to home ties, but from the looks of the exemption claim list it would seem they are the whole cheese.

A news item says a Pittsburg man lays claim to the city court house site and advertises it for sale. But he's not the first fellow who thought he had monopoly of justice.

Chicago school children are tearing out a page in their spellers on which the kaiser is lauded. And this, perhaps, is the first time in their little lives that they were not thrashed for obeying a perfectly natural impulse.

Now that they find the stigma of cowardice firmly attached to them, war grooms are explaining that they merely obeyed the call "to arms." They further assert that as no particular "arms" were specified, it was their privilege to make the choice.

TEN WOMEN ARE ARRESTED

Suffragettes Carrying Banners in Front of White House.

Washington, Aug. 28.—Ten women, carrying banners of suffrage colors and extracts from President Wilson's

speeches, were arrested late today in front of the White House. Six of them were the banner carriers out on bond pending appeals granted yesterday from police court sentences of \$25 fines or thirty days in jail imposed for a similar demonstration. All were bailed to appear tomorrow for trial.

HAPPENINGS OF 20 YEARS AGO

Col. S. Warren is quite ill at his home on Santee.

The schools throughout the county will open Monday, September 6th.

Died last Saturday night, Grace, a five-year old daughter of Mr. R. T. Geddings.

Died last Monday, Mrs. Elizabeth Davis, aged about 65 years. She was the mother of Mr. N. B. Davis.

Miss Laura Beckham left last Monday morning for Baltimore to fit herself for her profession as an up-to-date milliner.

In coming out of the church at St. Paul's Sunday night of last week, Mrs. Henry C. Carrigan stumbled over a buggy shaft and fell breaking one of the bones in her right arm.

The body of Mr. W. P. Peagler was brought from Glenn Springs last Monday night and taken to Jordan, where the funeral took place yesterday.

A toll gate near Jordan would be a paying institution. Perhaps then some of our Manning dudes would help somebody with their frequent visits.

Captain W. N. Royal, of the A. C. L., was in town last Monday and he seems confident that the authorities have captured the villain who murdered poor Jimmie Blackwell.

Died last Monday at her home near Panola, Mrs. Mary A. Harvin, wife of Mr. Thomas H. Harvin. The deceased has been ill for a long time and her death was not a surprise to her host of friends in this town.

The wedding cards announcing the approaching marriage of Mr. Archie Barron and Miss Mary Anna Davis, are out. The ceremony takes place at the home of the bride-elect's mother.

Cotton is coming to town right along and from what we can learn rust is maturing the stock so fast that it will be a short season of picking. The crop will not be as large as expected.

The new vault in the Clerk of Court's office is a beauty, and Clerk Timmons after he gets his books and papers arranged, will have things so that he can find anything he wants at a glance. It is a great improvement.

Last Thursday night some miscreant cut a saddle belonging to Mr. Gus Walker while he was attending service at the St. Paul revival meeting. This sort of thing should be stopped if it takes every member of that church to ferret out the perpetrator of such mean tricks.

Tuesday, August 29th, was the eleventh anniversary of the earth quake. Eleven years ago after a primary election, while many of us were waiting for the returns from the various boxes, the earth trembled and houses shook. All at once a frightened people went to praying and crying aloud their lamentations. We shall never forget it.

In Favor of O'Dowd.

Boston, Aug. 28.—Mike O'Dowd, of St. Louis, was given a decision over Ted Lewis, claimant of the world's welter weight championship, in a twelve-round boxing bout here tonight. Lewis does not lose his claim to the title, however, for the boxers entered the ring at catch weights and the bout was not a championship affair.

New York, Aug. 28.—Veterans of the foreign wars of the United States, at their 180th annual convention here today, presented a fully equipped motor ambulance to the government. An effort to increase membership by admitting all armies met with such opposition that the resolution was returned to the committee, while another resolution making eligible for other resolution making eligible for membership American soldiers and sailors the moment they land on foreign soil went over until tomorrow.

Southern Railway System

An Ambition and a Record

THE needs of the South are identical with the needs of the Southern Railway: the growth and success of one means the upbuilding of the other.

The Southern Railway asks no favors—no special privilege not accorded to others.

The ambition of the Southern Railway Company is to see that unity of interest that is born of co-operation between the public and the railroads; to see perfected that fair and frank policy in the management of railroads which invites the confidence of governmental agencies; to realize that liberality of treatment which will enable it to obtain the additional capital needed for the acquisition of better and enlarged facilities incident to the demand for increased and better services and, finally—

To take its niche in the body politic of the South alongside of other great industries, with no more, but with equal liberties, equal rights and equal opportunities.

"The Southern Serves the South."
