TO HELP OUR BOYS.

On Wednesday, September 19th, at least sixty more of our Clarendon boys will go to the front, following the fifteen who were called to the colors on September 5th. To care for all of these and others of our soldier boys, the Red Cross Chapter of Clarendon County asks the help of every person in the county. It is a work every person should take pleasure in lending their greatest efforts to. On September 19th the Red Cross Chapters of Clarendon County will make a house to house canvass in each town, asking each and every person to donate as generously as they can, for this great cause—the comfort of "Our Boys." We are asking that every household, and every place of business have in readiness some or one of the following articles which will be called for on Wednesday the 19th by members of the local chapter. Don't think because you have no relative or dear friend among the boys in khaki you are not called upon to give. Think of the boys who are fighting for you as well as for others, and give to them generously, of any of the following articles:

To Those Expecting to Display Birds at the County Fair.

The Clarendon Poultry Association will not hold a separate show this

year at the County Fair as it has done for the past two years, but will have an exhibit in connection with the fair and in fact will be one of the departments of the County Fair.

Heretofore the poultry association has had a separate show and offered its premiums independently of the Fair Association, but this year on account of a lack of funds, it is unable to hold a separate show. The Fair Association, however, has been very generous and has offered premiums for all classes of birds, and it is hoped there will be a fine display.

There will be no entrance fee in connection with this department. The Clarendon Poultry Association owns seven handsome silver cups and of course only the members of the Association can compete for these, but the association is open for members all the time, so if anyone wishes to compete for one or more of these cups just pay a fee of fifty cents and become a member of the association. These cups were given by the four banks of Manning, the Poultry Association Mrs. F. P. Ervin and The Alcolu R. R. Company. These cups will be on exhibit several weeks before the fair, in the window of the Home Bank & Trust Co.

The association is so anxious to get the people of Clarendon County interested in this industry, for it is the opinion of poultry raisers that this industry will experience the greatest improvement for the next few years that it has ever received.
