Had Been in Bad Health Three Years, She Says

GIVES HIGH PRAISE

Gladly Recommends Tanlac, For She Found it Fine Remedy

"It was a short time after I began taking Tanlac before I became able to do my housework," said Mrs. Fannie Ripley, of Gluck Mill, Anderson, in a statement she gave May 25th. "I had been in bad health three years when I began taking Tanlac, and during the summers of 1914 and 1915 I had not been able to do my cooking. I had suffered from indigestion, and everything I ate hurt me. I had very bad spells of indigestion and headaches and nervous attacks. It was soon relieved by Tanlac, however, and indigestion was stopped. The Tanlac relieved the nervousness and headaches right away. I soon got so I could sleep well and my whole system was built up and strengthened. I am doing all my housework now.

"I am glad to recommend Tanlac, for I found it to be such a fine remedy."
