When this course is completed, she will then go wherever Uncle Sam calls her. Miss Appelt gave up her music class, which paid a handsome salary, to enter this work, which is voluntary, and with no salary attached.

Married in Kingstree last Thursday night at the home of Mrs. Luther McIntosh, sister of the bride, Mr. W. E. Jenkinson and Miss Hattie Bagnal. The contracting parties are originally from Manning.

There are still a few cars seen on our streets on Sunday, and one especially. We hope the government will request us to publish the names of these disloyalists, as it would be a pleasure for us to do so.

Come to the Pastime Theatre Friday, September 27th, and go home a better American, and more determined to help win the war.

Adriance Mowers—Have you gotten yours yet? We have an entire carload in stock. Come and let us demonstrate these up-to-date farming machines to you.

The city of Atlanta is going to blacklist all autoists that travel on Sunday, unless it is absolutely necessary. The same should be done in Manning. Because a fellow wants to come down to his place of business for a few minutes on Sunday, it is not necessary to ride. What did he do before he had a car? Be true to your country. Let a request be sufficient. Don't have the government force you into doing so by making it a law.

One 4-room house, front and back porch, acre lot, Church street, near graded school.

Write today for information.  
E. C. ALSBROOK,

Mack Rich, one of the best colored men in our town, and one that has always shown his patriotism, has discontinued his pool room for the duration of the war. Mack's only two sons are in the army, and feeling that his pool room will encourage idleness, will not run it as long as the war lasts. He will only conduct a lunch room and have beds to rent in his place. Mack deserves much credit for the stand he takes in this war. He has given his only two sons, has bought Liberty Bonds, War Savings Stamps, and given freely to the Red Cross.

The Civic League met on last Monday afternoon with a goodly number present.

The usual business was attended to, after which Mrs. Jos. Spott spoke to the ladies concerning the 4th Liberty Loan drive which will begin now in a few days. Our president, as usual, is ready now, with the league's co-operation, to begin work in earnest.

The different committees reported what had been done during the summer, and it is regretted by every member of the League that the efficient chairman of the school young committee, Miss Augusta Appelt, will not be here the coming year to keep up the good work she began. We regret to give her up.

A motion was made and seconded to adjourn, and we all left determined not to let our work lag one bit.

Friday afternoon, September 27, at 5 o'clock there will be a public meeting in the interest of the Fourth Liberty Loan drive which begins the next day. The meeting will be held in Manning at the Baptist church and a program, as that is a central place. Mrs. E. C. of Columbia, the state organizer of the Woman's Liberty Loan Committee for South Carolina, who is now on a round of the counties will reach Manning that day, and will

be one of the speakers at the public meeting—in fact the principle speaker. Mrs. Slatter is thoroughly conversant with the subject, and is a good speaker. She has a message for us all, and especially for those who are to be the canvassers in this campaign. Let every man, woman and child who possibly can do so attend this meeting. She is coming for the benefit of the whole county, not just for Manning, so we hope to see representatives here from every section of the county. Do not forget—Friday afternoon, Manning Methodist Church, 5 o'clock.

MRS. R. E. HARLEE,  
Publicity Chairman, Clarendon County, Fourth Liberty Loan.
