

I Owe My Life to PERUNA

Mr. McKinley's letter brings cheer to all who may be sufferers as he was. Read it:

"I can honestly say that I owe my life to Peruna. After some of the best doctors in the country gave me up and told me I could not live another month, Peruna saved me. Travelling from town to town, throughout the country and having to go into all kinds of badly heated stores and buildings, sometimes standing up for hours at a time while playing my trade as auctioneer, it is only natural that I had colds frequently; so when this would occur I paid little attention to it, until last December when I contracted a severe case, which, through neglect on my part, settled on my lungs. When almost too late, I began doctoring, but, without avail, until I heard of Peruna. It cured me, so I cannot praise it too highly."

It Cured Me

Mr. Samuel McKinley, 3507 E. 12th St., Kansas City, Mo., Member of the Society of U. S. Jewelry Auctioneers.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Head-ache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theford's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theford's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theford's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theford's, the original and genuine. E 79

GIVE, GIVE, GIVE, THE GOVERNOR URGES

Without Stint, Without Limit to the United War Work Fund

Columbia, Nov. 10.—With relation to the united war work campaign, Governor Manning today issued the following proclamation to the people of South Carolina, urging that they give, "without stint and without limit."

"Whereas, with the arch power of autocracy crawling from his throne in terror and the solidity of the German nation crumbling while its armies are battered in the field, it seems that the dawn of peace is veritably at hand.

"Whereas, it is our own gallant fighting men who have turned the scales of the world's fate since the dark days which prevailed for civilization and humanity at the opening of the present year; and

"Whereas, these fighting men, including thousands of South Carolinians, must face the arduous task of reconstructing parts and policing other parts of destitute Europe, subjecting themselves to surroundings which will inevitably imperil their physical, mental and moral well beings,

"Therefore, now, do I, Richard I Manning, Governor of South Carolina, call upon the people of this State to give without stint and without limit to the united war work campaign which will guarantee to our sons and the sons of the nation a continuation until their home coming of the invaluable benefits and pleasures afforded them through the Young Men's Christian Association, the Young Women's Christian Association, the Knights of Columbus, the War Camp Community Service, the American Library Association, the Jewish Welfare Board and the Salvation Army.

"Let us not forget in the hour of triumph the men who made such triumph possible by baring their breasts to the guns and the bayonets of the enemy, by fighting undismayed amid poisonous gases and ever present death in manifold form.

"It is my deep and sincere wish that South Carolina be one of the ten honor States for which welfare huts in France, Belgium and Germany will be named. It is my unquestioning belief that this State shall do its full share of the victory task which confronts the nation in the united war work campaign.

"Given under my hand and seal this 10th day of November, 1918.
(Signed) "Richard I. Manning, Governor."

— GREAT STRIKE IN BERLIN —

Berlin, Saturday, Nov. 9.—(German Wireless to London, Nov. 10.)—Vorwarts, the central organ of the Social Democratic party of Germany, in an extra edition today published the following call for a general strike:

"The workmen's and soldiers' council of Berlin has decided upon a general strike. All the factories are at a standstill.

"The necessary administration of people will be maintained. A large part of the garrison has been closed and bodies of troops and machine guns have been placed at the disposal of the workmen's and soldiers' council.

"The movement will be guided in common by the Social Democratic party of Germany and the independent Social Democratic party of Germany. The workmen's and soldiers' people will be maintained. A large tenance of quiet and order. Long live the social republic.

"Workmen's and soldiers' council." From all parts of the German Empire news is being received regarding similar revolutions which almost everywhere remain within the bounds of economic order.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispose the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

REPUBLIC OF BAVARIA
Council Says Republic Will Save Germany From the Worst

Amsterdam, Friday, Nov. 8.—The proclamation issued at Munich in behalf of the Council of Workers, Soldiers and Peasants, which constituted itself into a diet, announcing a republic that the "democratic and Socialist republic of Bavaria has the strength to realize a peace for Germany, preserving that country from the worst."

The proclamation, after promising a constituent assembly to be elected by all adult men and women, says that Bavaria will make Germany ready for a league of nations. It then continues:

"The present revolution is needed to complete the self-government of the people before armies stream across our country or before troops should, after the armistice, bring about chaos.

"The council will insure strict order. Soldiers in barracks will govern themselves by means of soldiers' councils. Officers in the altered situation will not be hindered in their duties.

"We reckon on the cooperation of the entire population. All officials will remain at their posts.

"Fundamental social and political reforms will immediately commence."

GUARD DANISH FRONTIER
To Prevent Escape of Rich People and Officers

Copenhagen, Nov. 9.—The Danish frontier is being strictly guarded by the German soldiers council. This is being done, it is stated, in order to prevent the escape of rich people, generals and other high officers.

All national cockades and the eagle or the helmets of soldiers have been removed, being replaced by a red band.

The wearing of the iron cross has been strictly prohibited.
