ADOPTS RESOLUTIONS.

Published in the American Israelite, Cincinnati, Ohio, Dec. 23, 1918.

At the 133d annual session of the South Carolina Methodist Episcopal Churches (South) held in St. Paul's Church, Orangeburg, S. C., resolutions were adopted petitioning President Wilson to exert his influence at the Peace Conference for the benefit of the Jews in securing for them the right to life, liberty and religious privileges. The resolution follows:

"Whereas, our great President will soon meet in conference to settle the vital issues of the world war, one of the principal results of which will be to give freedom to oppressed nations, and
"Whereas, humanity is largely debt-or to the Jews, who are scattered over the earth without national unity, and have long been bitterly persecuted,
"Be it resolved by the South Carolina Conference of the Methodist Episcopal Church, South, that President Wilson be requested to take all possible measures in the Peace Conference to safeguard the interests of this ancient race, and secure for them everywhere the right of life, liberty, religious freedom, and the pursuit of happiness. (Signed) A. A. Rice, C. B. Smith."

As far as the Israelite knows, this is the only Christian religious body that has taken any action along these lines or has publicly expressed any sympathy for the Jews who are being done to death or plunged into deep misery in the countries of Southeastern Europe.

DEATH OF MISS MAY HARVIN.

This community was shocked to hear of the death of Miss May Gilbert Harvin, which occurred in New York city on Thursday, the 2nd of January. Miss Harvin died of pneumonia, following a severe attack of influenza, which she contracted on the day after Christmas. She was the eldest daughter of the late Mr. and Mrs. E. D. Harvin and spent her girlhood here. Later she entered the Columbia Hospital and was graduated from there as a nurse. For several years she lived in Sumter, going from there to New York to become a nurse in the Children's Floating Hospital, where she remained until her death. The body was brought here to be interred beside her father and mother, funeral services being held at the Manning cemetery on Monday. Miss Harvin's death seems unusually sad, since she was to have been married on the 30th of December to Mr. Jesse Russell, an officer of the navy. Surviving her are her sister, Mrs. C. O. Kibler of Newberry, two brothers, Messrs. Edward D. Harvin of Columbia and James Harvin of Jacksonville, Fla., besides a number of relatives throughout the State. The sympathy of the entire community is extended to the sorrowing family.

GOVERNOR WRITING ANNUAL MESSAGE

Columbia, Jan. 7.—Governor Manning is keeping close to his office writing his annual message to the General Assembly, which convenes here next Tuesday at noon. The Chief Executive expects to complete the document within the week and turn it over to printer. Although he has given no inference of its contents, it is understood that he will review the achievements of the four years of his administration.

President Issues Proclamation

For more than three years American Philanthropy has been a large factor in keeping alive Armenian, Syrian, Greek and other exiles and refugees of Western Asia.

On two former occasions I have appealed to the American people in behalf of these homeless sufferers, whom the vicissitudes of war and massacre had brought to the extremest need. The response has been most generous, but now the period of rehabilitation is at hand. Vastly larger sums will be required to restore these once prosperous, but now impoverished, refugees to their former homes than were required merely to sustain life in their desert exile.

It is estimated that about 4,000,000 Armenian, Syrian, Greek and other war sufferers in the Near East will require outside help to sustain them through the winter. Many of them are now hundreds of miles from their homeland. The vast majority of them are helpless women and children, including 400,000 orphans.

The American Committee for Relief in the Near East is appealing for a minimum of \$30,000,000 to be subscribed January 12-19, 1919, with which to meet the most urgent needs of these people.

I, therefore, again call upon the people of the United States to make even more generous contributions than they have made heretofore to sustain through the winter months those, who, through no fault of their own, have been left in a starving, shelterless condition, and to help reestablish these ancient and sorely oppressed people in their former homes on a self-supporting basis.
