After Treatment of Pellagra, Took Tanlac to Restore Stomach

**A GREENVILLE MAN**

Declares He Found Tanlac Fine Medicine and Says He Gladly Recommends It.

Regarding the great relief Tanlac gave him from stomach trouble, which after five years developed into pellagra, F. S. Crumley, of No. 8 Buncome St., Greenville, gave the following statement: "I suffered from stomach trouble about five years and it ran into pellagra. I spent several weeks at a Government pellagra hospital at Spartanburg, but after I came home what I ate continued to hurt me. Gas formed on my stomach and I had pains in my abdomen. My appetite was not good and I could not rest well at night.

"I began to take Tanlac and it soon corrected my stomach trouble. In a couple of days I could tell a big difference. My food was digested, gas stopped forming on my stomach and the pains left. The Tanlac soon got me so I could eat as much as anyone, my nerves were quieted and I slept soundly.

"Tanlac is a fine medicine for stomach trouble, and I am glad to recommend it to all with such ailments."

An official bulletin issued this evening says:

"Prince John, who since infancy had suffered epileptic fits, which lately had become more frequent and severe, passed away in his sleep following an attack at 5:30 p. m. Saturday."
