SIXTEEN PERISH IN COLLISION AT SEA.

French Bark Helene Sunk Off Virginia Coast.

WRECK OCCURS AT 2 A. M.

Norwegian Freighter Which Sank the Helene Brings Survivors to New York.

New York, Feb. 23.—The French bark Helene was sunk early yesterday morning in a collision with the Norwegian freighter Gansford off Winter Quarter Light, Va., and sixteen of her crew perished. Eighteen survivors, including her skipper, Capt. Maisonneuve, were brought here today.

The survivors were brought on the Gansford with her bows tove in and her forepeak full of water. The Helene, bound from Baltimore to Nantes, was loaded chiefly with steel and went down like a plummet.

The Norwegian, from Cabanas, Cuba, for New York, registered only 1,087 tons gross, compared with 3,456 for the sailing vessel.

The collision occurred at 2 a. m. during heavy weather. The Gansford's steering gear had become disabled and although she reversed her propellers full speed astern when the Helene loomed up out of the night, she crashed head on into the French bark's starboard quarter, tearing a big hole through which water poured swiftly.

Capt. Maisonneuve immediately ordered two life boats launched, one on each side, but the Helene heeled so quickly to starboard that the port boat rolled down her side, spilling eighteen men into the sea. The starboard boat containing the captain and fifteen men, cut free of the davit rope just in time to escape being dragged down by the rapidly sinking ship and later picked up two men who had clung to the overturned port boat. The Gansford also launched a boat but the sixteen other sailors had gone down.

FOUND DEAD IN HIS BED

Columbia, Feb. 23.—William Cooper, of Columbia, deputy United States marshal, was found dead in bed at Florence this morning. It is supposed that he died of acute indigestion, as he was complaining of indigestion before he went to bed last night.

TWENTY MISERABLE YEARS HE PASSED.

Got to the Place Where He Felt He Was No Longer Any Good to World

SHAKY AND NERVOUS

Says Tanlac Not Only Relieved His Suffering But Caused 15 Pounds Increase.

"It's worth a thousand dollars to feel like I do now, since Tanlac has taken away the trouble that kept me in misery for the last twenty years," said M. B. Daniel, a well known farmer living on Route No. 3, Abbeville, Ga., a few days ago.

"Whenever a man suffers as long as I did he gets to the place he feels he is no longer any good in the world," he continued, "and that is just the way I felt. Long ago I got so weak I could not carry on my work, for spells of stomach trouble and nervousness just made it torture for me to try to eat, and the trouble I had would not let me sleep at all. Many a night I have stayed awake until morning, so shaky and nervous I could not even doze. My heart would flutter and act queer until I was afraid it would stop, and I became so blue I felt like I did not much care if it did."

"I would have been well enough satisfied to have my suffering relieved, but that was not all that Tanlac has done for me. I have gained 11 pounds in weight since I started taking it. I can eat as hearty a meal as if I never had stomach trouble, and my strength has come back to the extent that I can do as much work in a day now as I could before I became sick. I feel like a new man all over, and I am glad to tell anybody just what this wonderful Tanlac has done for me."

Tanlac, the Master Medicine, is sold by Dickson's Drug Store, Manning; H. W. Nettles, Jordan; Shaw & Plowden, New Zion; Farmers' Supply Co., Silver; D. C. Rhame, Summerton.

MRS. ABBOTT CONVICTED

On Charge of Voluntary Manslaughter for Killing Husband.

Atlanta, Ga., Feb. 23.—Mrs. Stella Abbott was convicted by a jury in Superior Court here today of voluntary manslaughter, a city fireman. The ver-

tary manslaughter for the killing of diet, which carries a sentence of one to twenty years, was reached after twenty-three hours' deliberation. Sentence will be passed tomorrow. This is one of the few cases, according to court officials, in which a woman in this State has been convicted of killing her husband.

Johnny Abbott was shot to death on the night of January 27 after Mary Powers, a waitress, had called him on the telephone at his home and Mrs. Abbott had quarrelled over the telephone with the girl. At her trial Mrs. Abbott pleaded she shot in self-defense after an altercation with her husband. Five days after the killing, Mrs. Lois Gilbert, twenty-six, wife of an automobile repair man, went out to Abbott's grave and shot herself to death. Mrs. Gilbert's name had not up to that time been publicly mentioned in connection with the case, but it developed later that detectives had found her picture in Abbott's locker at fire department headquarters.

Mrs. Abbott, who is about thirty-seven years old, had been married fourteen years and has two young sons. Mary Powers, who is twenty, was held to the grand jury by the coroner's jury as an accessory before the fact, but the grand jury returned a "no bill" in her case.
