TO THE PUBLIC.

We desire to announce to the people of Clarendon county that we have purchased The Pastime Theatre from Travers Barnes and will operate the same in the future.

It is our intention to give the people of this community the very best class of pictures that can be obtained. We have booked three of the leading services of the country and will start showing these next Monday.

On Monday night we will show a Fox feature and comedy; Wednesday night Vitagraph feature and comedy and Friday nights Select feature and Mack Sennet comedy. In the very near future it is the new management's intention to make some very decided improvements amongst them being a new screen and the second picture machine. There is no reason why Manning should not have one of the cosiest picture houses in the State—and with the proper patronage we will make it so.
