

THE ALDERMAN STORES

We will open up in MANNING, S. C., about September 1st, a new two-story department store 90' x 150', basement 30' x 90'.

This building will be equipped with all modern conveniences for the comfort of employees and patrons.

Men and Women's Departments equipped with Grand Rapids fixtures throughout.

All other Departments equipped in most modern and complete manner.

Meat Market equipped with automatic refrigerating plant.

Manning is an ideal town to live in; county seat of Clarendon; magnificent new and modern court house with beautiful grounds; public library; paved sidewalks; streets will probably be paved this year; electric lights; ice plant; water and sewerage; health unexcelled; beautiful shady streets; excellent schools and churches; beautiful homes; progressive, hospitable and helpful citizenship; four banks; four tobacco warehouses; oil mill and fertilizer factory; flour milling plant; excellent artesian drinking water; in fact a town with all the advantages, without the disadvantages, of a large city.

Manning is the center of an agricultural community, with twenty-five miles average radius, as progressive and promising as any other in the State, and Manning is determined to serve this community in the future as no other town can serve it. Come and see, for "seeing is believing."

We desire to get into communication with "live wire" sales people for following departments in THE ALDERMAN STORES:

Retail Grocery; Wholesale Grocery; Hardware and other ware; Millinery; Shoes; Dry Goods and Notions; Men's Clothing and Furnishings; Women's and Children's Ready-to-Wear; Furniture and House Furnishings; Meat Cutter; Stenographer and Bookkeeper combined.

Reliability, ability and affability are indispensable requirements.

If interested, state fully in first letter experience, references, age, whether married or single and condition of health.

GETTING THE RANGE ON THE PROFITEERS

Government Agencies Laying Plans to Reduce Costs

COUNCIL OF WAR TUESDAY

Great Interest Centers in Meeting Called by Attorney General Palmer.

Washington, Aug. 3.—Definite steps toward reducing the high cost of living are expected this week.

While all government departments are working toward the end of alleviating unrest by restoring a normal level of prices, interest centers in the meeting Tuesday of the conference called by Attorney General Palmer to consider the best method of procedure,

OLD PEOPLE'S KIDNEYS

Many Elderly Manning Residents Suffer From Some Form of Kidney Trouble.

When past middle age, there frequently comes a noticeable weakening of the organs of the body, and resulting danger of quick decline. It is quite necessary to give prompt help to any part that first shows signs of wear. Healthy kidneys are necessary to a hale old age. Weak kidneys often bring constant backache, lame back, stitches and twinges of pain, annoying urinary troubles, and the danger of dropsy or Bright's disease. Doan's Kidney Pills are gratefully recommended by very many aged people. Read what Manning resident says:

Mrs. R. L. Logan, W. Boundry St., gave the following statement January 30, 1911: "I have been greatly relieved and benefited by Doan's Kidney Pills. I suffered with my back and kidney and I couldn't sleep well nights. I got Doan's Kidney Pills and they relieved me wonderfully of all my trouble."

GONE FOR GOOD

On February 15, 1918, Mrs. Logan said: "The cure Doan's Kidney Pills gave me some time ago has lasted. I have been in fine health ever since and I am only too pleased to again give them my endorsement."

especially with respect to profiteering. The committee appointed by the conference. Director General Hines, Assistant Secretary of the Treasury Leffingwell, and Chairman Colver, of the federal trade commission, have been engaged in an exchange of memoranda which will be put before the conference for recommendation to President Wilson, who is following all steps closely.

Julius Barnes, director of the United States Grain Corporation, will attend the meeting Tuesday and give expert counsel to the Cabinet members and other officials on the grain situation. Consideration of a plan to sell wheat in a free market, the government absorbing the difference between the market price and the guaranteed price, is believed certain.

Eye on Profiteers.

There are indications that the Attorney General is paying especial attention to cases of profiteering. He has at his disposal a great volume of information collected by the federal trade commission, showing production costs in scores of industries. While there is no law by which profiteering may be punished directly, Mr. Palmer has said that there is a great deal of "good law" on the statute books, and it is believed he will find a way to punish any cases where there are evidences of extortion.

The Average Man.

The average citizen is the man in whose behalf the profiteering investigation will be pushed, despite the fact that it was the new demands of the railroad labor unions which precipitated it. Several officials have expressed sympathy with the salaried man who lacks the backing of a powerful organization.

The cost of living situation it was learned today, will be one of the chief topics to be discussed at Tuesday's Cabinet meeting. The question of reducing living expenditures was brought up at last week's meeting, but it is understood that President Wilson and his advisers decided to postpone efforts to reach an agreement as to definite action pending the obtaining of definite information.

Order for Strike Vote.

When government officials resume their attempts to solve the problem tomorrow, another factor will have entered into the problem of finding a solution to the cost of living situation—the ordering of a strike vote, returnable August 24, among the 500,000 shop employees of American railroads. Information that the shopmen

were not disposed to accept President Wilson's proposal to have Congress create a special body to pass on their demands and to consider them in connection with living problems, took officials by surprise. It generally was thought that the shopmen would await some action by Congress before proceeding farther with their threat to strike.

POTASH DISCOVERY IS CONFIRMED

Washington, D. C., Aug. 2.—Because of the importance of the fertilizer question the entire agricultural community of the South will be interested in the official confirmation of reports that an immense deposit of

DEMobilization FIGURES

Washington, Aug. 2.—Figures made public today by the War Department showed that 3,113,220 officers and men had been discharged from the army up to July 29 and that the number brought back from Europe on that date was 1,798,275.

To strength of the army on that date was 612,708 including 91,690 voluntary enlistments since the armistice was signed. Of the 612,000 men 156,270 were in Europe on July 29; 67,680 at sea and the remainder at home or on other stations.

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness. GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

potash has been found in Pennsylvania. The following interchange of telegrams took place today between Senator Smith, of South Carolina, and Henry C. Demming, of the office of the State geologist of Pennsylvania: "United States Senate, August 2, 1919.

"Henry C. Demming, State Geologist, Harrisburg, Pennsylvania.

"Will you wire me the facts as to reported discovery of potash in your State and the probable cost of production and amount available.

"E. D. Smith."

"Harrisburg, Penn., August 2, 1919. "Senator E. D. Smith, Washington, D. C.

"Potash deposits probably cover fifty square miles in Potter and Tioga

Counties, Penn. Cost of production less than \$10 per ton Millions of tons available, possibly billions. "Henry C. Demming, Consulting Geologist.

"If the nature and extent of the Pennsylvania discovery turn out to be as reported," commented Senator Smith, "the whole problem of our potash is solved."
