TO REDUCE PRICES

Attorney General Wires State Food Administration

TO SERVE AS DURING WAR

Committee to Be Named in Each County to Arrange Fair Price List.

Washington, Aug. 10.—Attorney Gen. Palmer started out today to ascertain how much of the high cost of living is due to excessive profits by retailers.

In a telegram to all State food administrators who worked with Administrator Hoover during the war, the Attorney General requested the appointment of a fair price committee in each county to investigate what is being charged for retail necessities and if in excess of what the committee considers just to publish a list of fair prices for the guidance of the public.

This is the "extra legal" means of reaching profiteering which Mr. Palmer recently indicated was under consideration. He has frankly admitted from the start that there was no means to prosecute directly a man guilty of extortion in prices. Retailers who are gouging the ultimate consumer will have to be disciplined by public sentiment which officials have no doubt is sufficiently alert to the situation now to act vigorously in clear-cut cases. Hoarders, on the other hand, can be reached through the war time food laws or the Sherman act, and Mr. Palmer requested the State food administrators to transmit to him any evidence of hoarding or other violations of the law which they might encounter in their work, with the promise that the government's law enforcement machinery would act.

Now Is a Good Time

To Drive Out Catarrh

The Trouble Is in the Blood. Summer catarrh, with its nauseous discharge, stuffed up glands, difficult breathing, and summer colds, is bad enough, but the worst of it is yet to come if you neglect to check the growth that is forming to attack you with ten-fold greater power during the winter. That's why it is so important to treat catarrh with S. S. S. during warm weather.

It is now an established fact that catarrh is in the blood and that lotions and salves do not give relief. The experience of others has proven that S. S. S. strikes at the root of the trouble. Waste no time in this matter, for it is of the utmost importance. Write to our Medical Advisor about your case. Address Swift Specific Co., Dept. 53, Atlanta, Ga.

CATARRH CANNOT BE CURED

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surface of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

restoration of normal conditions,' Mr. Palmer's telegram said, requesting the men who did such effective work during the war to take up the burden again. They were asked to serve without compensation, the Attorney General believing that the public service to be performed now is as important as when the country was engaged in hostilities and that no patriotic citizen would refuse the call of duty. Attorney General's telegram follows:

"In order to secure accurate information relative to charges of profiteering by dealers in necessary commodities it is the desire of the government to ascertain whether or not such dealers are making more than a fair margin of profit. Will you assist in your State by requesting the persons who have been county food administrators under your jurisdiction to advise you regarding a fair price, to have including one retailer of groceries, one of drygoods, a representative of the producers, of organized labor, of housewives, two or three representatives of the public generally, also a

wholesaler when practicable.

Same Inquiries.

"Please request them to pursue, approximately the same inquiries with reference to food products and the ordinary necessities in dry goods and clothing that were pursued by your fair price committee under the food administration act. This committee will be an extra legal body without power to summon witnesses or fix prices. It is requested, however, to ascertain the cost prices, determine a fair margin of profit and if retail price are in excess of what the committee regards a fair price to have published a list of fair prices, reporting to you for review. You are requested to report to the Department of Justice a general review of the situation in your State.

Submit Evidence.

"Any evidence of hoarding or other violations of the food control act which may be developed in the work of such committees, should be turned over to United States attorney, who will be instructed to employ all his resources, as well as those of the bureau of investigation, to cooperate with you and your committees in seeking out and punishing all violators of the law.

"There is a pressing necessity for the restoration of normal conditions and it is believed that through the same organization which you had as federal food administrator, together with their appointees, can render a valuable service to the country at this time, and your cooperation and theirs without compensation, will be greatly appreciated. The widest publicity of this movement and the results obtained by the county committees, it is believed, will be an important factor in its success. Please wire whether the government can count upon your active cooperation."
