#### TO SCHOOL TRUSTEES AND PATRONS IN THE COUNTY

There is now on the statute books a Compulsory Attendance law requiring the attendance of every child between the ages of 8 and 14 years for a period of 80 consecutive days during the scholastic year 1919-20. If the school has a term less than four months, or 80 days, then the full term of such school shall be the Compulsory period. Any school district may be petitioned to have its entire term brought under the Compulsory requirements. A school census is now in progress, and every child white and colored, between the ages of 6 and 14 years must be registered and classified by the attendance officer who will visit your home or community during the summer. Be prepared to give the exact age of the child. To do this, get

the exact date of birth and give the attendance officer the complete facts as to the following: Full name, date of birth, school attended last session, grade, school district, post office address, etc.

Miss Alice Broadway, Manning, S. C. holds the position of attendance officer. Any courtesies you may show her in the arduous duties to be performed, will be appreciated.

School trustees should at the beginning of the school term publish to the people of their respective districts the minimum term of school, and should declare the latest date at which the Compulsory period should begin. This date should be fixed at such a date that there could be no question of being able to get in the (80) eighty days by the close of the session.

No school in the district, white or colored should run less than three

months. In schools running three or four months, it will require the entire session to comply with the law.

The County Board of Education recommends to all parents or guardians that they avail themselves of the full benefits of their respective schools, and to this end recommend that all pupils be entered at the opening of their school.

The school attendance act makes ample provisions for the enforcement of the law, and as the law has been made to place our State in a higher place educationally, and to banish illiteracy from our State, it is of the highest importance that it have the cooperation of every one who desires to see improvement.

For fuller or further information, write to the County Superintendent of Education.

By order of County Board of Education.

duced from three days to two, Thursday having been set aside to hear the negro delegation on the question of the African colonies.

#### Says Hearings Essential.

Chairman Lodge, announcing the decision, after consultation with other members, said the hearings seemed essential to an intelligent judgment on the manifold provisions of the treaty.

Democratic members, however, who said there had been an understanding that the committee would complete its report to the Senate this week, charged again that the treaty was being needlessly held up by the committee majority.

It was generally agreed that if the plan were carried out the treaty probably would not come out of committee before the end of next week.

Late today President Wilson drove to the Capitol and conferred with Senator Swanson, of Virginia, a Democratic member of the committee, and it was assumed they discussed the committee situation and the new turn of events.

It was reported that the President desired to see also Senator Hitchcock, of Nebraska, the Democratic leader, but found he was not in town.

At today's committee hearing the case of Egypt was presented by Joseph W. Folk, counsel for the Egyptian peace delegates, who, he said, were in "virtual imprisonment" in Paris. He declared Great Britain had seized Egypt without excuse and was seeking by the treaty to legalize her act.

#### Negroes to be Heard.

Under the schedule made public today the witnesses to be heard Thursday are C. S. Williams, pastor of a negro church in Indianapolis, and Monroe Trotter, of the National Equal Rights League. On Friday representatives of the American mid-European Association will appear on behalf of the Lithuanians, Ukrainians, Estonians and Letts. Saturday morning will be given to the Irish and the afternoon to the Greeks.

Eugene Pivany, of the Hungarian-American Federation, will be heard next Tuesday and on the following day Alex. Johnson, of Chicago, will make a statement about disposition of the Aland Islands. The question of Fiume is expected to be discussed thoroughly on Thursday and Friday, when representatives of the Jugo-Slavs and the Italians respectively, have appointments with the committee.

It is likely that among the first

proposed amendments to come before the committee at tomorrow's session will be a series presented by Senator Fall, Republican, of New Mexico, to

eliminate the United States from membership on various commissions which will carry out the reconstruction program.

#### MANY NATIONS TO BE HEARD BY COMMITTEE

Report on Treaty Delayed Two Weeks by Decision to Hear Representatives of Dozen Nationalities

#### DEMOCRATS ARE AROUSED

List of Witnesses Includes Members of Numerous European Peoples and the American Negro.

Washington, Aug. 25.—Extending the scope of its public inquiry regarding the peace treaty, the Senate foreign relations committee announced tonight a schedule of hearings that promise to occupy most of its time for the next two weeks and to lead into the intricacies of political and territorial problems in several parts of the world.

The disputed questions to be touched upon in the eight-day schedule include the disposition of Fiume, of the Aland Islands and of the German colonies in Africa and the claim of Ireland for independence. On the list of witnesses are representatives of the Italians, Jugo-Slavs, Hungarian-Americans, Greeks, Irish, Lithuanians, Ukrainians, Estonians, Letts and American negroes.

Under the arrangement the time to be devoted to work on amendments to the treaty this week will be re-
