## Makes a Customer

There's a world of difference between making sales and making customers.

A selling policy that inspires and brings people into a store because they believe in the merchandise that store handles will build for the future.

Such is the feeling prevalent here—where men are taught more and more about the kind of merchandise they buy.

### TOOK TANLAC TO RELIEVE HIS ILLS

Was In Bad Shape When She Bought First Bottle

BENEFITTED GREATLY

"I Am In Good Health Now and Feel Fine and Strong," She Declares

"I will tell you, I was in bad shape when I began taking Tanlac, but it got me in good health and I only took three bottles, declared Mrs. May Couch, of 206 Green St., Greenville, S. C., in a statement endorsing "The Master Medicine." "I was suffering from general weakness, my strength had all but left me and nothing I could do, it seemed, would help me get my strength back," she continued.

"I had been through a very severe illness and it left me in a completely broken down condition. I had kidney trouble badly, too. I was so weak my knees would almost double up under me and my back hurt me terribly, so badly that I could hardly endure the pain. My head ached awfully, too, just as badly as if I had neuralgia. I could not eat a thing, and I seemed to be losing strength instead of gaining it.

"We had heard so much about Tanlac that I finally decided I would try it, and soon after I began taking Tanlac I could tell that I was picking up right along. It gave me a fine appetite and it seemed that I just could not get enough to eat, and my food nourished me, so I gained health and strength, and I could tell every day that I was better than the day before. I am in good health now and I feel fine and strong. The Tanlac got me in good health and I have found it to be a fine medicine for my troubles. All that backache has gone now and so are the headaches. Tanlac did so much for me and I am glad to recommend it to those who suffer as I did."

Tanlac, the Master Medicine, is sold by Dickson's Drug Store, Manning; H. W. Nettles, Jordan; Shaw & Plowden, New Zion; Farmers' Supply Co., Silver; D. C. Rhame, Summerton.

### SOLDIERS FIGHT IN VAIN TO BAR GERMAN OPERA

Violent Clash With New York Police Results From Effort to Veterans

PERFORMANCE IS HELD

Mayor at First Orders Opera Withdrawn, Then Decides Is Without Authority to Act.

New York, Oct. 20.—Despite decision by Mayor Hylan that German opera should not be given in New York until the peace treaty was signed, "Die Meistersinger" was presented in German at the Lexington Theater tonight while thousands of soldiers, sailors, marines and civilians fought with the police in an attempt to reach the theater and stop the production.

Several shots were fired as the former service men time and again charged the police lines or laid down a barrage of bricks, stones and other missiles in an attempt to force their way through.

Soon after the performance started a crowd of about 300 service men were driven away from the vicinity of the theater, but after reaching Times Square were reinforced, and, about 1,000 strong, started back, only to be met by a squad of mounted police, which scattered them. During the remainder of the performance the crowd fought valiantly to reach the theater, but failed.

Reports during the early evening as to whether the performance would be presented were confusing alike to service men and patrons.

Police stationed around the theater notified both that the play would not be given. Mayor Hylan had prohibited it, they said. Mayor Hylan said so himself in a statement early in the night after he had been requested by the American Legion to stop the opera. But the sale of tickets continued and the curtain was rung up at the scheduled time.

An announcement was then made by the mayor that he had failed to reach the corporation counsel to learn whether he had the legal right to order the police to prevent persons entering the Lexington Theater. Because of this failure the mayor said he "therefore advised the police not to interfere until I could obtain advice of the corporation counsel to the end that I may proceed legally."

Just before the curtain was raised on the opera Hery B. Hertz, business manager of the opera, rushed to the

stage and announced:

"The performance will be given tonight. I am arrested. I want to thresh this thing out in court."

The fighting between the police and groups of service men lasted until midnight, but only a few persons were injured as far as the police could learn, although scores had felt the weight of the officers' night sticks and a few officers had been struck by missiles.
