#### DEPORT RADICALS

##### AT ONCE IS PLAN

Proceedings Started Against Red Leaders

##### RAIDS TO BE CONTINUED

Russian Union Considered Leaders in Move to Overthrow Government.

Washington, Nov. 10.—Deportation proceedings have been instituted in a number of cities to ride the country of the violent radicals caught in the nation-wide raids which have been in progress since Friday, Attorney General Palmer announced tonight.

Instructions have gone to all Department of Justice agents, the Attorney General said to permit no delay in instituting formal hearings preliminary to actual deportation. Assurances have been received from other government departments having to do with deportations that action would be taken to expedite the cases.

In the meantime the clean-up of the country will continue, Mr. Palmer announcing tonight that there must be "no let-up." The total number actually held on deportation warrants had reached 391 tonight, while from some cities in which radical leaders were picked up, reports had not reached the department.

##### Russian Workers.

Efforts of the department representatives, it was said, are being directed more particularly at the Union of Russian Workers. This organization, branded by the Attorney General as the most dangerous anarchistic group in the country, was said to have wide ramifications with the department agents still uncovering new evidences of activities.

Opinion at the Department of Justice as expressed today seemed to be that the Russian union perhaps was constituting itself a self-appointed leader of fall organizations which are preaching overthrow of the government. Literature seized was said to show that the organization accepts support from almost any source so long as it was working to defeat au-

thority and destroy private property rights. Officials said they had evidence showing that leaders of the union had made overtures to other and lesser groups of radicals to join their organization, holding out promises of rewards when State and society are overthrown.

Because they are considered the most dangerous of all radical types, those arrested in the recent raids are being held in \$10,000 bail, officials said. Peter Bianki and Adolph Schnabel, both former secretaries of the Union of Russian Workers, have been held in bail for \$15,000.

#### PINEWOOD'S FIRST FAIR A BIG SUCCESS

The Community Fair held at Pinewood last Friday was much enjoyed by everybody there. The merchants decided to close their business at 12 o'clock Friday noon and give everybody a "fair showing". A great many people from the surrounding country was there throughout the day, but not as many as should have been. It is a knowing fact, that a Fair is for the betterment of the farmers and he should take greater pride and more interest in a Fair of this kind. The people of Pinewood did everything in their power to make the first fair a great success, and it was. The exhibits were great, considering the short time they had in getting them up ready for exhibition.

Mr. W. O. Tatum, principal of Pinewood High School, Mr. A. M. Messer, County Demonstration Agent and Mrs. McPherson, Home Demonstration Agent, did a great work in promoting this Fair and its success. They were all three busy as a bee throughout the day, interesting and explaining to the people all the information that was necessary in regard to the exhibits.

The best exhibits there, were in the Fancy Work Department. They had on exhibition, some embroidered and crocheted work that would have taken prizes at the State Fair.

One article that took the eye of the people, was a watermelon that was put on exhibition by Mr. S. B. Kolb. He stated that he had pulled the melon from the vine that morning, and of course, it got a blue ribbon.

Mrs. J. W. Weeks, Chairman of the Curios Department, had on exhibition some articles that were well worth seeing. One was a sword used by D. F. Lide, during the Civil War. Another was, a belt made from the hide of a Boa Constrictor killed in Cuba by Dr. W. H. Reynolds in the Spanish-American War. A pair of boots and a canteen used by D. F. Lide in the Civil War, also an old English plate warmer, over 150 years old.

An interesting feature was the pony race. The prize was won by little Miss Mattie Hodge.

Some that won blue ribbons on exhibits were: Duroc Stock Farm, on hogs, Mr. B. B. Broadway, sugar cane, some of the stalks measuring 8 feet and over, Mr. S. B. Kolb, watermelon, Messrs J. R. Griffin and B. W. DesChamps won blue ribbon on sweet potatoes, Little Miss Jaunite Culp, 7 months old, won the blue ribbon in the baby contest and Master Cecil Barwick won blue ribbon as best baby boy.

There were lots of other prizes awarded that we didn't get the correct information.

Mr. Luce agent for the Fordson Tractor was on the job demonstrating with his Tractor. He did some good work despite the fact that the ground he had was awfully sandy and covered with thick grass.

Dr. S. J. Summers, of Cameron, S. C., was judge of the cattle and swine department and he used good judgement after thoroughly examining the exhibits.

Dr. Summers is a successful breeder of pure bred hogs and has been on numerous committees at the State Fair. On interviewing Dr. Summers as to his opinion of the Fair, he said: "The exhibits are wonderful considering the short time they had in getting them up, and too, this is the first time, and I am sure from the interest the people are taking, it will be a much larger and better one next year."

#### TOBACCO STEMMERY DESTROYED BY FIRE

Florence, Nov. 11.—Fire on Sunday destroyed the tobacco stemmery of T. D. Martin, with a loss in plant and tobacco of \$75,000. The loss is fully covered by insurance. The origin of the fire is unknown. It started about midnight. The stemmery, which was a frame building, and the brick storage warehouse adjoining it were both destroyed. In all about 75,000 pounds of dried tobacco were burned. Mr. Martin, who is an independent buyer, resident here, stated that he would
