

THE FIRST NATIONAL BANK OF MANNING

(INCLUDING THE BANK OF CLARENDON)

Is today more than twice as able to handle your business as before. By doubling its capital stock it has not only added to its own resources but this additional stock enables the First National to handle larger business than formerly, because a National Bank can loan only a certain percentage of its capital and surplus to one customer. By doubling the capital we **DOUBLE OUR ABILITY TO SERVE YOU.**

But the First National has been recently strengthened by far more than the mere increase of stock. It enjoys today the good will of the Bank of Clarendon, the second oldest bank in the County, and the cooperation of its President and Cashier, both of whom are now with this Bank.

With the Combined Strength of the Two Banks

Resources of Over \$800,000.00, and Deposits of Over **THREE QUARTERS** of a **MILLION**, THE FIRST NATIONAL BANK SOLICITS YOUR BUSINESS.

The Bank of Clarendon

under the presidency of J. A. Weinberg, with J. T. Stukes as Cashier, became one of the best commercial banks in this section of South Carolina. During its seventeen years of business it made loans amounting to **FOUR MILLION DOLLARS**, with a loss of only forty dollars. That same progressive, careful, business-like banking judgment is **ADDED TO OUR STAFF.**

The First National Bank

has been in business with its predecessor, The Peoples Bank, 8 years. During that time it has grown from a mere beginning to an institution that has been as progressive and liberal as sound judgment would permit, having on deposit at the merger \$395,000.00. It has not been able to cater to some customers because its limit was necessarily too low for their needs. That condition prompted the management of this bank to recommend that the capital stock be doubled, thereby doubling our ability to serve the public.

With the **FEDERAL RESERVE SYSTEM** back of this Institution, it will have no superior in the County, and few equals in this section of the State, for service.

While the President and the 1st, Vice President are engaged in other business, this Bank wants the public and its patrons to understand that they have the first claim on their time.

In seeking accommodation, those customers preferring to see Mr. Weinberg and Mr. Stukes are invited to do so.

Bear in mind, that this Bank wants every customer formerly connected with either of the combined institutions, to remain with it, and it shall be our constant aim to strive to please you.

If first class, and up to the minute service, is what you are seeking, you can get it at
