COTTON DUSTING MACHINE

**You can raise COTTON in spite of
Boll Weevil**

with the aid of
Niagara DUSTERS

and Niagara Diamond Brand Cotton Standard Calcium Arsenate

It has been definitely proven that the Coad System of controlling Boll Weevil by means of **Powdered Calcium Arsenate** applied to the plant in the form of a dust is a great commercial success.

The Department of Agriculture has pointed out that the success of the Coad System depends not alone on applying Calcium Arsenate in the right way, but also in using Calcium Arsenate of right strength and fineness.

Niagara Diamond Brand Calcium Arsenate is guaranteed to meet with the government specifications and the Improved Niagara cart type traction power duster is guaranteed to apply the dust properly. It has all the patented features that have for years made Niagara Dusters famous wherever fruit is grown. We also furnish an improved hand duster for use where the cart type is not practical.

Altho there is plenty of Calcium Arsenate there will not be enough dusting machines to supply the demand, so don't order materials without the Duster. Act quickly. Write for information today—ORDER NOW.

During the dusting season we will operate a FREE field service in charge of experts for owners of Niagara Machines. This service will cover the cotton belt and both take care of machines in field and give practical advice on all the details of Cotton Dusting.

Write Home Office or nearest distributor for catalogue and full information.

**VIEW OF AMERICA
IN BRITISH PRESS**

Discusses Relations With United States.

MUCH SPACE FILLED

Long Dispatches Printed From Correspondents Here Taking Up Glass and Grey Letters.

London, Feb. 2.—The relations between the United States and Great Britain fill a large space in the London morning papers, several of which print long dispatches from their American correspondents and comment thereon, with references to the letters of Viscount Grey and Secretary Glass. The dispatches report that a very bitter campaign is being waged in the United States against Great Britain and the papers which deplore this regard Viscount Grey's letter as particularly opportune and hope it will tend to mutual enlightenment. They endorse his appeal for fair consideration from the American point of view. The Times, Morning Telegraph and Daily Mail are amongst these. The Mail does not doubt that America will do the right thing with regard to the

with any reservations than not at all. league of nations adding: "But she must be allowed to do it in her own time."

The Chronicle agrees with Lord Grey that it is better to have America in the league at almost any terms and The Morning Post on the contrary regards the league as more dangerous to Great Britain than to America; dissents from Lord Grey's advocacy of the American reservations and contends that if America is to be admitted under special reservations the other nations must also have special reservations.

Some of the papers, which profess to recognize the wholesomeness of Secretary Glass' statements regret that Mr. Glass did not express himself, as one of them puts it, "more pleasantly and more sympathetically towards the people of Europe whose condition is disastrous and critical."

The Times and Telegraph attribute "the campaign of calumny which they say is in progress against Great Britain "to hyphenates enemies and Sinn Feiners," and while the Telegraph admits that it feels some bitterness over "these defamations" it believes that Anglo-American relations will again become normal.

The Times expects that the bitterness of the anti-British campaign will increase as the electoral activities in the United States progress but looks for a restoration of friendly feeling. It sharply complains of attacks in certain quarters here against America, which it designates as "astonishingly foolish and may easily create a temper permanently impairing American-British friendship."

Kansas City, Feb. 2.—Senator Hiram Johnson of California, today characterized as "astounding" the statement in a letter of Viscount Grey, recently made public, that Great Britain does not object to the United States having an equal vote in the league of nations.

The senator was a luncheon guest of the City club.

If Great Britain does not object now who does, added the senator. "We seem to have some Americans who do."

Senator Johnson predicted the peace treaty would be Americanized "to a degree at least." Referring to a statement by President Wilson that a reservation to Article X would cut the heart out of the treaty, Senator Johnson said:

"We in the senate say if that would

cut the heart out of the treaty, then we will cut the heart out of it."

**OPERATORS OF MINES
TELL OF COAL PROFIT**

Washington, Feb. 2.—Submitting statistics on the net earnings for 1919 of representative bituminous mines producing more than 30 per cent. of the total output in the central competitive field, operators told the coal strike settlement committee today that if the present 14 per cent. wage increase were applied throughout the year 1920, these companies, on a basis of their 1919 tonnage would "realize less than 1 per cent. net return on the capital investment."

An increase in wages above that amount, they declared, would mean a correspondingly greater deficit below the recognized equitable return of 6 per cent.

Figures introduced by the operators showed, they said, that if the 14 per cent. wage increase had applied throughout 1919 the mines embraced in the Pittsburgh coal producers association which turned out more than 22,000,000 tons, of 15 per cent. of the total output of the central field, would have faced a deficit of more than \$6,000,000 or 30 cents a ton, a basis of 6 per cent. return on capital invested.

**GIRL IN DOUBLE ROLE
RIDES TO HARD FALL**

Chicago, Feb. 2.—Miss Monda Rose, whose double existence as society favorite and harness factory cashier ended with her flight when her books were found to be \$10,000 short, was arrested today in Winnipeg, Canada. C. H. Newton, chief constable at Winnipeg, notified police today that he had found the missing girl and that she admitted her identity.

Chicago, Feb. 2.—The search for "Blue Eyed Monda Rose," daughter bud of the North Shore society set by night and \$25 a week cashier in a wholesale leather house by day, turned today to Canada.

Monda Rosa, whose daytime and baptismal name is Rose Seweiburg, had been missing for several days, and investigation of her books at the leather house is said to have disclosed a short age of \$10,000.

Her employers announced today they had received a telegram from the missing cashier filed in Winnipeg, Canada, stating that she was about to be married.

While police were searching for the girl there the leather company caused Monda Rose's \$1,500 saddle horse, \$2,000 automobile and the furnishings of her luxurious apartment to be seized.

Her mother who works for her living in a factory told police today that the girl had gone to work when 12 years old to help support the family.

**MAN CONFESSES TO
DOUBLE MURDER**

Eastman, Ga., Feb. 1.—Joe Roland confessed today to the killing of James and Charles Cannon at a country dance at the home of M. L. Bailey, near Greston last night, according to Sherie C. N. Mullin.

Reports having been received by the sheriff this afternoon that feeling against the Rolands might lead to an attack upon the Dodge County jail tonight to lynch Joe Roland and his son Charles, both of whom are charged with murdering, caused the removal of both prisoners to another county for safekeeping. Sherie Mullins would not state where the prisoners have been taken.

According to the sheriff the elder Roland claimed in his confession that the Cannon brothers, members of a prominent Dodge County family, cursed the wife of the younger Roland. All went into the front yard, he said, to settle the matter. He says the Cannon boys attacked his son and he went to the aid of the latter and received a knife wound in his neck, whereupon, according to the sheriff, Roland said he drew a .38 calibre pistol and shot and killed both men.

The sheriff said that he had information that members of the party had been drinking.

Charles Cannon, was a street car conductor and the sheriff said that he returned home last night to spend the week end with his wife, but instead of going home, went to the dance.

HEAVY DEATH TOLL

Chicago, Jan. 31.—Death from influenza and pneumonia since the outbreak of the epidemic January 15 total led 1,668 it was stated tonight by the health department. During the same period 26,888 cases of the disease were reported. Although there was a sharp decline in the number of new cases today, the death toll was the heaviest since the contagion appeared. In influenza caused 122 deaths and pneumonia 85, while new cases of the former numbered 860 and of the latter 352.

Try One Brunswick Then Decide

The best way to know for yourself the superiority of the Brunswick Tire is to buy one and compare it.

That is, if the very name of Brunswick isn't sufficient proof to you, as it is to most men, that here is an extraordinary tire.

Thousands of men who have known the name of Brunswick for years, realize that a Brunswick Tire has to be the best for a mediocre product could never bear this historic name.

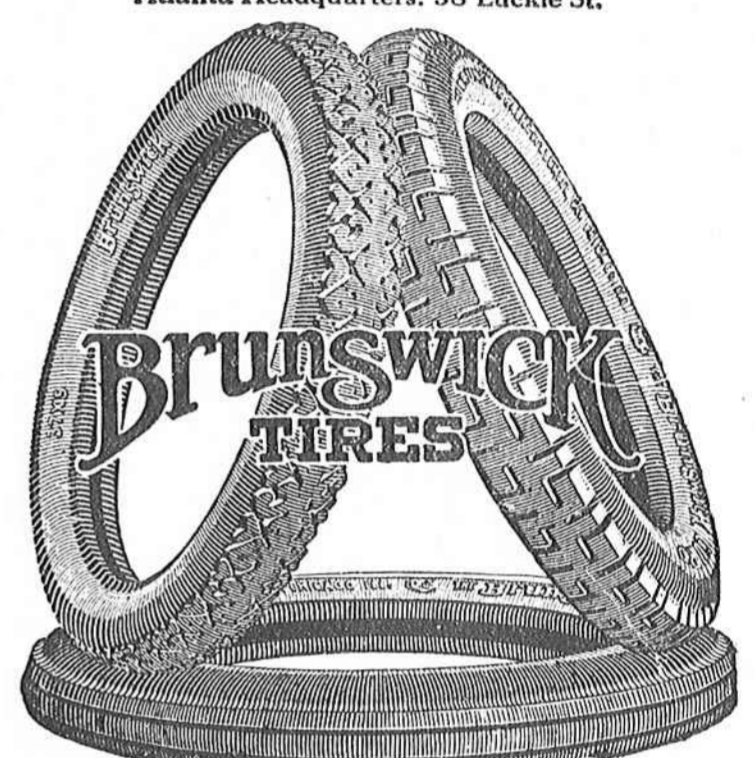

Long before the Overland Trail became famous, the House of Brunswick was established. It was one of the chief users of rubber for fifty years before automobiles came into use.

No concern with such a history could afford to offer anything but the best. For reputations are built slowly, but can be quickly destroyed.

This is a practical guarantee that Brunswick Tires offer more than the usual, yet at no added cost.

Get your first one now. You'll not be satisfied until you have ALL Brunswicks.
