

"The Moline Way is the Best Way"

DRILLS AND BINDERS

We have them aplenty in our Warerooms, and they are the very best made, both in material and workmanship.

Gentlemen:---

In reply to yours of Feb. 23rd, concerning Moline Drill and Binder, I am pleased to say that both Drill and Binder have given satisfactory service.

I have used the Drill two years and the Binder one without any repair bill whatever.

I have found both machines to be as light running as any I have ever used.

I am also using a Moline Harrow and Planter with satisfactory service. Every Moline implement that I ever used is O. K.

With best wishes, I remain,

Yours very truly,

JOHN W. PERRY.

Come in, we'll be glad to demonstrate any of the line to you.
