

Big Value in Tires for The Smaller Cars

Back of the manufacture of Goodyear Tires for the smaller cars is the same purpose to supply high value in the product that is behind the manufacture of the Goodyear Tires that equip the most expensive automobiles built.

This purpose is expressed by the enormous resources, extraordinary skill and scrupulous care applied to the manufacture of Goodyear Tires in the largest tire factory in the world devoted solely to the 30x3-, 30x3 1/2-, and 31x4-inch sizes.

The effect of this endeavor is noted in the fact that last year more cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

It is also noted in the fact that if you own a Ford, Chevrolet, Dort, Maxwell, or other car requiring one of the sizes mentioned, you can secure Goodyear Tires and Goodyear Heavy Tourist Tubes at the nearest Goodyear Service Station.

30x3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread..... \$23.50
30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Goodyear Heavy Tourist Tubes are thick, strong tubes that reinforce casings properly. Why risk a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3 1/2 size in water-proof bag..... \$4.50

GOODYEAR

she became frightened and jumped from the machine and the negro started after her. Then Moore, according to Miss Clark, seized a revolver from the door pocket of the automobile and fired at the black. In an exchange of shots Moore was shot through the heart and the negro struck in the leg and hand. According to Miss Clark he continued to pursue her until she had given him some jewelry.

Turner, who is said to answer the description given by Miss Clark of the assailant, was captured in the vicinity of Arlington National Cemetery. Police say that Turner bore two wounds, one in the hand and the other in the leg, when arrested.

Moore and Miss Clark, whose home is in Chicago, were to be married soon.

A PLEA FOR MORE CORN

Farmers of State Urged to Produce Big Corn Crop to Meet Wheat Shortage.

Clemson College, May 22.—The latest report of the South Carolina Field Agent of the Bureau of Crop Estimates, Mr. B. B. Hare, shows an indicated wheat yield of 1,801,000 bushels for this state, or 35,000 less than last year. Two percent of the acreage sown has been abandoned. The winter wheat acreage for the United States is 34,165,000 against 49,905,000 last year, and the estimated production is 33.8 per cent less than last year.

In view of this great reduction in acreage and alarming shortage in production, Mr. W. W. Long, director of the Extension Service, feels that prompt and decided action should be taken toward a larger corn crop in this state to help meet the emergency. He is therefore sending out widely thru the state the following message or the subject in the hope that South Carolina may not be caught without food this fall. Fortunately it is not yet too late to save the day.

"Reports just received from United States Department of Agriculture indicate 34 percent reduction in wheat production this year. Unless something is done to meet this situation, flour will be on same basis as during the war, with this difference,—we were then blessed with large corn yields. Owing to unfavorable weather conditions and the natural incentive to grow cotton on account of present high price and fear of the wider spreading of the weevil within next few years, we are liable to have a distressingly short corn crop.

"I am sending this information to many farmers, bankers, merchants, cotton seed crushers, and newspapers, so that our farmers, even at this late date may be urged to increase their acreage in corn. If this is done we can largely increase our food supply and thereby save a serious situation most likely to prevail this fall. I suggest county meetings of prominent farmers, bankers, and merchants to consider the situation. Money without bread is not satisfying."

SLASHES THROATS OF HERSELF AND FOUR OF HER BABY GIRLS

Cuthbert, Ga., May 22.—Mrs. W. H. Ward, of Cuthbert, slashed the throats of herself and four of her five children with a razor early today according to the police, while her husband lay asleep in an adjoining room. Mental derangement from long illness was said by her family to have caused the deed.

One of the children, a girl of five, died from the injuries, two others were said to be in a serious condition, but the fourth child and the mother are expected to recover.

According to the police, Ward was aroused by the screams of the children and ran into the room in time to grapple with his wife as she slashed her own throat. He overpowered her and gave the alarm. Mrs. Ward was placed in the care of a physician, who administered a drug to quiet her nerves, and no statement of the affair had been obtained from her tonight. She is about thirty-five years old. Authorities expressed the opinion that an effort would be made to place the woman in an institution and that no charge of murder would be placed against her. She was not arrested.

All of the children who were injured were girls, ranging in age from five to ten years. Ora, who was killed was the youngest child whom the mother attacked.

NOTICE

I will apply to the Probate Court of Clarendon County on Monday, June 14, 1920 at eleven o'clock in the forenoon for a final discharge as administratrix of the Estate of Henry Lameux Wilson, deceased. 19-5t-c. Janie M. Wilson.

TROOPS CALLED OUT NEAR WASHINGTON

To Protect Negro Charged With Killing Young Man.

CAVALRY DISPERSES MOB

Prisoner Charged With Attempting to Attack Fiancee of Dead Man.

Washington, May 23.—Cavalry from Fort Myer was called out late tonight the jail at Alexandria Court House, thousand persons which surrounded to disperse a mob of more than a twelve miles from limits of the District of Columbia, attempting to obtain possession of William Turner, a negro.

Arrival of the cavalry, which had been requested by the sheriff of Arlington county, scattered the mob which had formed during the afternoon threatening to lynch the negro. The troopers took up their situation about the jail and late tonight the village was reported quiet.

Say Turner Confessed

Washington, May 23.—The county jail at Alexandria Court House twelve miles from the District of Columbia limits, tonight was besieged by a mob estimated at nearly a thousand demanding the surrender of William Turner, a negro.

Turner is accused of having shot to death T. Morgan Moore an employe of the naval torpedo plant at Alexandria, Va., and of having attempted to attack Miss Pearl Clark, of Washington, Moore's fiancee, and Secretary to Representative Britton, of Illinois. The negro was arrested early today, about two hours after Moore was killed. Turner confessed, according to the authorities.

Demands Money.

Moore and Miss Clark, according to the report made to Virginia and Washington authorities by the latter, were seated in an automobile near the Virginia end of the Potomac river bridge connecting Washington and Virginia, when the negro approached them. Pointing a revolver at Moore, Miss Clark said the negro demanded money. When Moore refused Miss Clark said

We Are Headquarters for Nitrate of Soda

in quantities from ten tons and upwards. We have sold during the past ten days a large tonnage of this material, and while prices have advanced during the past week it is still cheap compared with other ammoniates. Get our prices before you buy.

MANNING OIL MILL.

Tire Promises that Flash in the Pan Are Promises that We Can't Afford to Make

If the tires we sell you don't stand up, you don't blame everything on the manufacturer, you blame us too,—and you should.

If the tire we sell you costs you too much money, you blame us too—and you should.

There is no sentiment with us when it comes to picking out the tire we handle. Our tires must be good and they must be fair priced.

That's why we sell Goodyears.

Goodyears offer you a surprising range of prices and every one the best value we know of.
