GERMANS SIGN PLAN OF ALLIED CHIEFS

Entire Berlin Delegation Concurs in Movement.

CABINET FILES PROTEST

Against Proposal to Occupy Ruhr—That's Our Business, Says Lloyd George.

Spa, July 9.—(By the Associated Press.)—Germany today, in conformity with the unanimous decision of her cabinet, signed the protocol for her speedy disarmament firmly insisted upon by the Allies. Chancellor Fehrenbach and Dr. Walter Simons, the foreign minister, affixed their signatures to the document, which was drawn in the exact form submitted by Marshal Foch and Field Marshal Wilson, the Allied military chiefs.

The signature was preceded by a notification from Dr. Simons on behalf of his government that in signing the protocol Germany did not give her consent to further occupation of Ger-

man territory, which could only be given by the reichstag. Premier Lloyd George said he quite understood the point of view. The question of further occupations in the event of Germany not observing the stipulations of the treaty and protocol, however, was one for the Allies to determine and not for the German parliament, he declared.

How to Mr. Lloyd George. The protocol was signed in a small room adjoining the conference chamber. Chancellor Fehrenbach and Dr. Simons signed first. After laying down the pen they bowed to Mr. Lloyd George as though saying: "Well, that finishes the unpleasant duty."

Mr. Lloyd George bowed courteously in return. Herr Gessler, minister of defense was not present, but he voted earlier in the German cabinet council for signing the protocol.

When the German delegates informed the conference that they were ready to sign, but were not empowered to agree to allied occupation of the disarmament conditions were not fulfilled. The Allied representatives conferred among themselves and Premier Lloyd George as spokesman told the Germans:

Do Not Ask Agreement.

"We do not ask your agreement to the penalties we reserve the right to take in case of non-execution of your engagements. We simply warn you of our intentions. It is notification we have given you, purely and simply, of the measures you may expect if you do not disarm under the conditions specified. To these conditions we ask your acceptance, so as to adopt them with common accord. To sum up, the penalties are for the Allies alone, while we are making disarmament a two-sided matter."

NEW CONDITIONS GOVERNING REINSTATEMENT OF WAR RISK INSURANCE

New conditions under which lapsed or canceled War Risk (Term) Insurance may be reinstated, generous in scope, and of vast importance to millions of former service men throughout the country, are announced by Director R. G. Cholmeley-Jones of the Bureau of War Risk Insurance with the approval of Secretary of the Treasury D. F. Houston.

The new ruling is officially designated as "T. D. 61 W. R.," effective July 1, 1920. The features of maximum interest to former service men provide for reinstatement, or reinstatement and conversion, of lapsed or canceled War Risk (Term) Insurance under conditions substantially as follows:

Two Monthly Premiums

1. In all cases the applicant must tender at least two monthly premiums on the amount of insurance to be reinstated, or reinstated and converted, with his application.

2. The applicant also must comply with the following requirements in reference to health to the satisfaction of

the Director of the Bureau of War Risk Insurance.

When Insurance lapsed or was canceled prior to July 1, 1920, and when application is made within eighteen months succeeding the month of discharge or resignation, but prior to January 1, 1921.

The applicant must be in as good health as at the date of discharge or resignation, or at the expiration of the grace period, whichever is the later date, and so state in his application.

The foregoing is an extremely liberal provision and presents an opportunity for a very large class of former service men to reinstate any time up to January 1, 1921, without a medical examination, by simply paying two monthly premiums on the amount of insurance they wish to reinstate and making their own statement of health with application. On and after January 1, 1921, and prior to July 1, 1921, in cases where insurance lapsed or was canceled prior to July 1, 1920, and regardless of how long applicant has been discharged.

The applicant must be in good health, and shall forward for the consideration of the director a signed statement that he is in good health, and also a report of a full medical examination, made at the applicant's expense, by a reputable physician licensed to practice medicine.

Reinstatement or reinstatement and conversion of war risk (term) Insurance lapsed or canceled on or after July 1, 1920.

(a) Within three calendar months, including the calendar month for which the unpaid premium was due, provided that the applicant is in good health and so states in his written application.

(b) After three months, including the calendar month for which the premium was due, and within six calendar months, provided that the applicant is in good health and so states in his application for reinstatement, and further, that he substantiates his application by a short medical certificate, made at the applicant's expense by a reputable physician to practice medicine.

(c) After six months, and within eighteen months, including the calendar month for which the unpaid premium was due, provided that the applicant is in good health and so states in his application for reinstatement, and further provided that such application is substantiated by a report of a full medical examination, made at the applicant's expense by a reputable physician licensed to practice medicine. Medical certificates to be on such forms as may be required by the Bureau.

CAUSES GRAVE CONCERN

Paris, July 11.—The state of President Deschanel's health has revived talk in the parliamentary lobbies of the necessity of taking measures to

meet the possibility of a prolonged inability of the President through illness to discharge the duties of his office. Immediately after the accident which befell the President recently it was proposed to create the office of vice president, which does not exist under the French constitution, but the idea was abandoned as President Deschanel's period of convalescence then seemed likely to be short.

This hope has not been realized, however, and the parliamentarians are again discussing the situation which would arise if the President were forced to remain absent from Paris, especially at a time when so many important questions of foreign policy are under discussion.

MAN OUTRAGES IN CORK

Belfast, July 11.—Numerous outrages occurred in and around Cork today. Sergeant Ceery is dying in the Cork military hospital from several bullet wounds received in an attack upon him while he was carrying the police mail to the Grenah postoffice near Cork. His assailant seized the mail and fled.

The sergeant in charge of the Rathmore, Cork barracks was killed by a bomb and two constables were wound-

ed while defending the barracks from an attack. Three abandoned police barracks in Cork city were burned today.

Why Itch and Burn With Skin Diseases?

There is a Way to Get Rid of the Torturous Suffering.

Terrifying skin irritations, eczema, tetter, boils, pimples, etc., have their origin in a disordered condition of the blood. They come from a colony of tiny germs which get into the blood and multiply by the million.

Lotions, salves, ointments or similar treatment cannot possibly reach the source of the trouble, which is the blood.

When any of these symptoms appear you should take prompt steps to rid the blood of the germs which cause them. And the one remedy which has no equal as a blood cleanser is S.S.S., which is sold by druggists everywhere.

Begin taking S.S.S. today, and write to our Chief Medical Adviser, who will give you special instructions without charge. Address Swift Specific Co., Atlanta, Ga.

"Ziron Did Us Both Good," Writes Mr. Gentry, of Norene, Tenn.

It is a well-known medical fact, that iron is a necessary constituent of the blood, and that blood lacking iron is the cause of many troubles that only iron will cure.

Ziron, a scientific compound of iron with other valuable ingredients, is the remedy to take when your blood needs more iron, and your system requires a tonic. Ziron is mild and harmless, does not stain the teeth, and is good for children as well as adults.

Mr. P. G. Gentry, of Norene, Tenn.,

writes: "Ziron Iron Tonic has made good in my family. I have used it to a very great advantage to myself and my 14-year-old boy. It did us both good. I think it is a good medicine for what it is recommended."

If you are pale, weak, tired, feel down and out, take Ziron. It will put iron into your blood, and should help build you up.

Get a bottle from your druggist today, and give ZIRON a fair trial. Sold by him under a money-back guarantee.

Ask him about it. He will tell you.
