

A Message to the Citizens of Clarendon County!

Manufacturers in Trouble! THE BATTERY to the RESCUE!

This is the most important message we have ever printed over our name! We are not shouting "wolfe" for nothing. We have the bargains to back up the shout. We have never betrayed the confidence of the people of this community, and we won't begin now.

In Our 5 Stores we will Begin a

LIVE WIRE SALE

Of \$200,000 Worth of Merchandise.

"Money Talks!" that's true saying—but it has never been truer than in the last few months. Caught with the goods, thousands of Manufacturers and jobbers, overstocked with stocks cancelled by the dealers because of the public's reluctance to pay high prices, squeezed by the banks who wanted the money they had loaned them—these wholesalers simply had to take the ONE WAY OUT—SACRIFICE! Cash is what they had to have—and any retailer who flashed the "Long green in their faces" could have merchandise AT THEIR OWN PRICES! And that's what happened! The management of THE BATTERY, being able to buy for the 5 stores of the chain, BOUGHT AT THEIR OWN FIGURES, THOUSANDS of dollars worth of good merchandise which will be put on SALE AT LESS THAN THE COST OF MAKING!—and that's saying a mouthful.

CLOTHING! - SHOES! - HATS! - GENERAL MERCHANDISE!
