

# Bradham Duroc Farm

Has some extra good Boar Pigs for sale. Also a few extra good Sows that will farrow in September for Sale.

**BRADHAM DUROC FARM,**

Home of the World's Champion Jack's Friend 7th.

## SENATE COMMITTEE WILL RE-OPEN PROBE

To Meet in Washington Wednesday to "Clean Up Loose Ends" Says Kenyon.

Washington, Sept. 20.—Objectives of the Senate committee investigating campaign expenditures in resuming its hearings here Wednesday were said by Chairman Kenyon tonight to be the "cleaning up of loose ends" growing out of the earlier hearings and inquiry into alleged political activities of the liquor interests.

The series of hearings here, Senator Kenyon said, is expected to be concluded Saturday after which the committee will adjourn until after the election except for possibly a two-day conference prior to the election to discuss its plans.

In cleaning up loose ends, Chairman Kenyon said the committee would hear William Boyce Thompson, chairman of the ways and means committee of the Republican national committee, and William Barnes, of New York. Both were to have been heard in Chicago, the chairman said, but the committee decided to postpone their examination preliminary. Mr. Thompson is to be questioned, it was said, regarding contributions and expenditures made by the Republican national committee, while Mr. Barnes is to be examined regarding the publication of the campaign book "Republicanism in 1920."

Carroll Summoned. Preparatory to the inquiry as to alleged participation of liquor interests in the campaign a subpoena has been issued for George T. Carroll, of Elizabeth, N. J., president of the National Retail Liquor Dealers' Association of America.

Other witnesses to be heard this week were said by Chairman Kenyon to include:

Charles McDonald and Edward Stokes, chairman, respectively, of the Democratic and Republican State central committees in New Jersey; James W. Gerard, of New York, Eastern treasurer for the Democratic national committee, and Herbert S. Houston, treasurer of the league to enforce peace.

New Jersey as An Example. Senator Kenyon said that calling of the two New Jersey State chairmen was in line with the committee's decision to take that State as an example for the purpose of ascertaining

what was being done by the State organizations in raising money in addition to national funds.

"It may be we will call representatives from other State before we get through with it," the chairman added. He said, however, that he did not believe a large number of witnesses would be heard by the committee at its sessions here.

The investigation committee has not decided whether it will extend its inquiry to include the Democratic Senatorial primaries in Oklahoma and Missouri or into the election of delegates to the Republican national convention.

## CONFUSION REGINS AT COMMUNIST MEETING

Mexico City, Sept. 20.—Confusion reigned at tonight's meeting of the "Communist Congress of the Mexican proletariat" when, during a sharp debate some one fired a pistol into the air. There were no casualties, but the meeting adjourned soon after the incident. An element known as the "Yellows" which opposed the radical principles, advocated by the "Reds" became involved in exchanges with extremist speakers, and considerable disorder prevailed during much of the meeting.

Several members of the American Federation of Labor who are visiting this city, attended the meeting and were placed in an awkward position when several orators denounced their organization on various grounds.

## PREACHER DROPS DEAD

Chadbourn, N. C., Sept. 19.—Charles Lennon, a septuagenarian negro

preacher, put a tragic period to his Sunday sermon in Pong Baptist church, six miles north of here when, with the words:

"It is finished" he tepped backward in his pulpit.

When members of the congregation rushed to his aid, they found that the preacher was dead. He was seventy years old and was well known throughout this section.

## TIRE EXPLODES, MAN DEAD

McAllen, Texas, Sept. 20.—Peter Roe was instantly killed today at San Juan, near here, when a motor truck tire exploded while he was inflating it with air. The top of his head was blown off and a nearby brick wall blown in by the explosion.

## NOTICE TO DISCHARGE

I will apply to the Judge of Probate for Clarendon County, on the 4th day of October, 1920, at 11 o'clock A. M. for letters of discharge as guardian for Archie L. Barron Jr., and James P. Barron, formerly Minors. A. I. Barron. Manning, S. C., Sept. 4th, 1920.

## PARDONED FROM PEN; HELD FOR MURDER

Bristol, Va., Tenn., Sept. 19.—Pat Hyatt, who was an alleged deserter from the army and who has recently been pardoned from the penitentiary where he was serving a sentence for shooting a fellow deserter, was bound over to the next term of the criminal court here today, charged with the murder of Lee Wampler, aged fifty, which occurred in a body of woods adjacent to the city at 2 o'clock this morning. Two women who witnessed

the killing appeared against Hyatt at his preliminary hearing.

## PLANT FALL OATS

Clemson College, September 19.—It is of more than ordinary importance that farmers should plant a good crop of oats this fall, says Prof. C. P. Blackwell, Agronomist. In the first place, feed is likely to be scarce and high in price next year. A good crop of early oats may prevent the necessity of buying high-priced feed for the work stock through the plowing season. In the second place,

oats make a good winter cover crop, and are worth much in preventing the washing of the land and in conserving the fertility during the winter months. Then, too, the oat crop may be followed by a crop of peanuts, cowpeas, or soy beans. The two crops when taken together make a profitable combination.

Oats may be most conveniently seeded in cotton middles by the use of a three-tube one-horse drill. They may also be successfully seeded broadcast and plowed in with a cultivator, if the cotton is not too large. They should be seeded some time

between the twentieth of September and the middle of October for best results, though they may be seeded in November with fair success. If seeded broadcast, two to two and one-half bushels should be used; if drilled, one and a half to two bushels will be enough.

Oats may be fertilized to good advantage with two to four hundred pounds of fertilizer at the time of planting. The formula to be used will depend on the soil. A top dressing of fifty to one hundred pounds of soda should be applied in February or early March.

*Bank Vice-President*  
*Tells How Ziron Iron Tonic Helped His Daughter After Operation for Appendicitis.*

**A**FTER any serious illness, the first thing you notice when you begin to get around is your lack of strength and energy—a tired, weak feeling. The sooner you get your strength back the better. The thing to do is to eat plenty of good, nourishing food, get all the fresh air you can, exercise conservatively, and take Ziron Iron Tonic three times a day. Your doctor will tell you this is sound advice, and urge you to follow it.

Read this letter from Mr. J. B. Kelly, vice-president of the First National Bank, Graceville, Fla.: "My daughter had been in bad health since last April. She was operated on for appendicitis. She has been taking Ziron for two weeks. Her appetite is better than it has been. Her nerves are better, and she says she feels better . . . I know that Ziron is good for weak and feeble people." Ziron is a scientific, reconstructive tonic, prepared from valuable strength-building ingredients for weak people with thin blood. Druggists sell Ziron on a money-back guarantee. Try it.
