ON WITH THE FIGHT

Press dispatches tell us that for months a bitter fight has been waged by the retailer and the consumer against the manufacturer and the wholesaler. The bone of contention is the lowering of prices. The consumer is tired of paying profiteering prices for everything he buys. He is calling a halt to curtailing his expenditures. The retailer realizes this and feels the loss of trade through the determination of the consumer to buy only absolute necessities until such time as prices return to normal.

The retailer is as desirous of a reduction in prices as is the consumer, and is fighting the manufacturer and the wholesaler to this end. The latter, however, appears to be loath to surrender his excessive profits, and is holding out to the end. That end, when it comes, may possibly be a federal grand jury indictment for profiteering. The government, the retailer and the consumer, when working together, are decidedly more powerful than the manufacturer and the middleman.

Stubbornness and greed may succeed for a time, but it gets a jolt in the end.

Prices, we are told, are coming down every day. Probably go up again during the night.

Our latest operatic stars are a twinkling success. You can't tell whether they are singing or having a fit of hysterics.

Mortorists are playing in hard luck. They are forced to pay exorbitant prices for gas, and get no rebate for the stink.

No matter how the election goes in November, there will still be a hundred million people left who are willing to work or be worked. We'll get along.

You've got to hand it to some of our political spellbinders in at least one respect. They can make other people believe a line of bunk they wouldn't even dream of believing themselves.

Washington dispatches tell us that the coal situation is becoming serious. Our own common sense tells us that the lack of coal is becoming more serious—it will soon be a freezing calamity.

With the advent of suffrage the henpecked husband should breathe a profound sigh of relief. Women will be too busy settling the intricate problems of state to waste time on the minor affairs of life.

Paris, they tell us, is full of American men and women who are blowing money to the winds in a wild orgy of fashionable debauchery. If they would only blow themselves along with their money the rest of us would feel cleaner and less contaminated by their absence.

There's a very charming lady in this community who once, when slightly peeved, declared that there is never anything in this sheet worth reading. Some of these days we are going to run a nice, genteel, complimentary notice about herself. And then—but it's woman's prerogative to change her mind without notice.

A MERCILESS JUDGE

One Who Knows No Favor.
A merciless judge is Father Time. Before him the weak and the wanting go to the wall. Only the truth can stand. For years the following statement from a Manning resident has withstood this sternest of all tests.

Mrs. R. L. Logan, W. Boundry St., Manning, gave the following statement January 30, 1911: "I have been greatly relieved and benefited by Doan's Kidney Pills. I suffered with my back and kidneys and I couldn't sleep well nights. I got Doan's Kidney Pills and they relieved me wonderfully of all my trouble."

GONE FOR GOOD
On February 15, 1918, Mrs. Logan said: "The cure Doan's Kidney Pills gave me some time ago has lasted. I have been in fine health ever since and I am only too pleased to again give them my endorsement."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Logan had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

DODGE BROTHERS BUSINESS CAR

Its cost of service varies but little in a wide variety of uses.

In other words, its inherent sturdiness enables it to stand up equally well in almost any kind of hauling.
