It won't do you a bit of harm to look at the goods advertised in this paper. Merchants can not afford to pay printing bills in order to advertise something that won't "stack up" on inspection. That is not the home way. Every ad in this paper contains information of value to some person. Perhaps you are that person—but you can't tell without reading the ads.

Come to the School Auditorium Thursday evening, October 21st at eight o'clock to enjoy some fun. The play "Hits and Misses" by local talent will be given.

The election commissioners met Monday and appointed the managers for State and Federal election which takes place November 2nd. Read the notices on another page.

W. T. Lesene and Son who operate a cotton gin at Silver received the following letter Monday night: "W. T. Lesene and Son: Close down your gins at once until further notice if you don't you will pay the penalty. The Black 75." The letter was mailed at Summerton and Mr. Lesene got it out of the Manning post office. The posting of gins should be stopped, and if any of the guilty parties are discovered they should be hung. There is no farmer who has room to store his loose cotton, but after it is baled he can handle it. The posting of the gins is a most dastardly crime and should be stopped at once.

THE SUMMERTON LEGION

Hon. John Temple Graves delivered the post lecture of the season on Monday night. His subject American Armageddon was rich in instruction, and eloquence reached the high water mark from time to time as he developed his topic. The audience was enthusiastic. The Christian sentiment of the community responded freely in applause to his references to the God-appointed and final battle between right and wrong during the 20th century. Mr. Graves sustained

his reputation as the successor of Henry Grady in Service. He was hospitably entertained at the home of Capt. J. A. James.
