

OUR FIRST SALE

DURING our ten years of merchandising in Summerton we have never put on a so-called Sacrifice or Reduction Sale We did not feel like doing so this season but as the business depression and low price of cotton has caught us in the same position as thousands of other merchants, we feel that it is good business to move this stock quickly and make room for Spring Goods which will soon be coming in.

Beginning Saturday Morning, Nov. 20 and Lasting until December 25th

We will put on sale every article in our store, groceries excepted, at prices beyond duplication. You all know the McClary-Broadway Stock--none better in the country--and you know that it is strictly quality. If you will read the prices below you will see that the articles are marked to rock-bottom. Cheaper than we can buy them on the wholesale market today. If you do not buy you do not want to save money.
