He had been magistrate at Summerton for a great many years. In conversation with Maj. Lee, who is the civil engineer for the Clarendon Highway Commission, he assured us that there would be enough money of the bond issue to build the road from Turbeville to Manning, then to Summerton, from Pinewood to the Williamsburg line, and from Manning to the Sumter line. Also that he hoped to concrete from Manning to Aleolu. The report that the money would soon be exhausted was an error. The Commission expects to let two more contracts next month, thus building three roads at a time.

**FORDSON TRACTOR MAKES RECORD RUN**

Plows 40 Days and Nights; Turns 900 Acres Without Repairs

Stopping only for gasoline and oil, a Fordson tractor owned by N. Korpua of Ludden, Dickey County, North Dakota, recently completed a record run of forty days. Three operators were assigned to the tractor, each working an eight hour shift, and thus keeping the tractor in operation twenty-four hours a day. "Nine hundred acres were plowed without one minute's stop for repairs," says the affidavit received by the Ford Company from the Fordson owner.

The tractor was purchased during the summer of 1919. In the spring of 1920, Korpua began his plowing and had already turned 200 acres before he conceived the idea of working the tractor day and night. Electric head lights were installed, operators were obtained, and with no further special preparations, the little Fordson entered upon what turned out to be a record run for endurance. Adv.

Died at her home in Manning Monday evening Mrs. R. L. Logan, widow of the late Ransom L. Logan, age about seventy-nine years. The deceased had been ill several months and the end was not unexpected. She is survived by several sons and daughters.

**AMOS JENNINGS KILLED BY UNKNOWN PERSON**

Amos Jennings, negro living near DuBose's Siding, 10 miles from Sumter, was found dead early Sunday morning by his wife, with his head mangled, skull chopped open and his face cut beyond recognition. According to the testimony before Coroner Scale yesterday of Lucinda Jennings, the wife of the dead negro, he had left home at about 8 o'clock on last Saturday night and did not tell her where he was going, only saying that he had promised to take a man somewhere and left the place in his buggy. His wife stated that he did not return so she got up early Sunday morning to look for him and seeing his mule hitched to the buggy under the shed she went out to the shed and found her husband lying face down in the foot of the buggy in a pool of blood. His feet were resting on the front buggy axle.

The body was examined by Dr. W. S. Burgess, who stated that the negro had come to his death from blows on his head from some heavy instrument with a sharp point.

The negro's lap robe was found about 3 miles down the road from

the negro's house.

No clues have been left by the barbaric murderers but it is hoped that something tangible will be gotten hold of later. Sheriff Hurst, Deputy Sheriff McKagen and Rural Officer Boykin spent the entire day yesterday searching houses and barns in the neighborhood and working on the case.

The place of the murder is unknown and the weapons used cannot be found. It is not known whether the mule brought the dead negro home or if he was driven to his very door by his assassin. Fresh buggy

tracks where another buggy turned around several times in the road were found near the house. Just now this crime is enshrouded in mystery.—The Sumter Item.
