IN MEMORY OF MRS. R. L. LOGAN

Blessed are the dead which die in the Lord from henceforth. Yea, saith the Spirit, that they may rest from their labors; and their works do follow them. Rec. 14: 13.

Monday, December 13th about 6 p. m. Mrs. Logan, who had just passed her 77th birthday, was called into the Glory Land. From a bed of suffering to a land free from all sin, sorrow, and pain.

For years she walked and talked with Jesus and a heavenly smile rested upon her brow as she passed through the opened door into the realms beyond.

Of her own immediate family she leaves behind her one daughter, Mrs. E. H. Speer of Ponchatoula, La, and four sons, one of Alcolu, one of Summerton, one of Fairfax and one of Manning.

Her only grand-daughter, Mrs. H. G. Smith of Winston-Salem, N. C., came to Manning for the purpose of helping to care for her while sick. This was a comfort not only to the family but also to friends.

All earthly cares were lifted from her shoulders as daughter and grand-daughter ministered to her every want week after week.

Mrs. Logan listened with delight to the reading of God's Word and loved to have the children sing to her the songs of Zion.

The substance of her last message to the sisters of her church was "I love them."

Tuesday at 3:30 her remains were laid to rest in the Manning Cemetery her pastor, Rev. J. A. Easley officiating.

She will be missed by many but our loss is her gain for it is written: Precious in the sight of the Lord is the death of His saints. A Friend.

"BOB" JONES COMING TO MANNING JANUARY 7th

Arrangements have been made for the noted evangelist, "Bob" Jones to be in Manning on January 7th, according to Rev. L. B. McCord, chairman of arrangements. Manning is considered fortunate in being included among the fifteen places in the State to be visited by this famous evangelist in his tour in connection with the State-wide campaign of Sunday Evangelism of the South Carolina Sunday School Association. The meeting will be held at 7:30 p. m. at the Presbyterian church and a capacity audience including all denominations of the town and many representatives from the county is expected.

"Bob" Jones, is said to stand almost without a peer among American preachers. It is said, that the only person with whom he can be compared is the famous "Billy" Sunday, who is vice-president of the Interdenominational Evangelistic Association of America of which Mr. Jones is president. Mr. Jones, although a comparatively young man is well-known throughout America, having conducted tabernacle meetings in over half of the States of the Union. He was chosen from all America to give the daily evangelistic message at the great Methodist Centenary exposition at Columbus Ohio last year.

FIRST SHIPMENT OF COTTON SOON

American Export Corporation Assembling Staple for Initial Sale.

Charleston, Dec. 20.—The arrival of the S. S. Hawaiian of the American-Hawaiian line toay marked an important event in local maritime circles in the resumption of the calls of this important service between Charleston and the Pacific coast, but of greater interest to South Carolina is the fact that when she sails, she will not return to California but will go on to New York and thence to Bremen, Germany, carrying aboard several hundred bales, among her consignment to be loaded here of 1,100, furnished by the American Export corporation, this cotton being the first movement of staple effected through the workings of the L'3 concern recently launched in South Carolina and of Southwide scope. Some 600 bales of cotton have been assembled from various points in South Carolina for the initial export movement of the corporation and, having been graded and compressed at Columbia, are now on the way to Charleston to be loaded aboard the Hawaiian and will leave this week for Bremen.

While the price obtained for the staple is not announced the terms made are very satisfactory, according to a number of the corporation at Charleston, and promises future business along lines most significant to the reviving of cotton exporting, at a time when every bale sold on good terms means much to the grower. This present shipment is small, but it will make a lot of noise in exporting circles.

Poland also wants to get some of the corporation's cotton. Likewise the Czecho-Slovaks have been negotiating with this new concern, both offering excellent credits and terms that look good. The cotton will be handled from cars to shipholds and will be loaded with dispatch.

The Hawaiian discharged 1,500 barrels of flour and 3,000 cases of salmon at Charleston for distribution here and in the interior. She was to have taken a return cargo for California, but the export movement of cotton and other goods turned up in time to make a trip abroad most profitable. This initial shipment of cotton from about the state is causing general satisfaction among the promoters of the American Export corporation.

MANNING PROOF

Should Convince Every Manning Reader.

The frank statement of a neighbor, telling the merits of a remedy, Bids you pause and believe. The same endorsement By some stranger far away Commands no belief at all. Here's a Manning case. A Manning citizen testifies. Read and be convinced. W. N. Hill, says: "About two years ago I was troubled with my kidneys. There were pains across the small of my back and it felt as if someone were sticking a knife into me. My nerves were all unstrung and often times I had dizzy spells. I felt as if I wanted to sleep all the time. A friend recommended Doan's Kidney Pills so I bought some at Dickson's Pharmacy. Doan's Kidney Pills entirely cured me of the trouble and I haven't been bothered since."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hill had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.
