SUPREME COURT TO DECIDE CASE

Fight in New York Not Ended by Or-
der of Interstate Commerce Com-
mission.

Albany, N. Y., Nov. 29.—The su-
preme court of the United States
ultimately will be called upon to
decide the jurisdiction of the inter-
state commerce commission over in-
trastate passenger and baggage
rates, it was announced today at the
office of the Attorney General New-
ton. The order of the commission
yesterday that the railroads operat-
ing in New York establish intrastate
passenger and baggage rates to con-
form to the interstate schedule by
increasing their passenger rates from
3 to 3.6 cents a mile, will not end the
fight of the state authorities for a
restoration of the two cents a mile
rate between Albany and Buffalo, the
attorney general said.

"This is a sweeping and entirely
new decision," said Attorney General
Newton, regarding the commission's
order. "Heretofore the states alone
have exercised the power to fix local
rates. During war congress fixed
all rates, but under the Esch-Cummins
bill the old state rates were
restored.

The appellate division of the su-
preme court at Albany decided last
week that the old two cent fare on
the main line from Albany to Buf-
falo was restored September 1, when
the federal war time control was

terminated. The railroad appealed to
the court of appeals, where the
question will be argued next Mon-
day.

"The state will immediately appeal
to the United States supreme court
for a reversal of the order of the
interstate commerce commission and
probably the judgment of the court
of appeals will be taken to the
United States supreme court by the
railroad or the state, whatever the
result."

Raleigh, N. C., Nov. 12.—Examiner
Thomas P. Healey of the interstate
commerce commission this afternoon
completed an inquiry order by the
interstate commerce commission into
the reason for the failure of North
Carolina to advance intrastate pas-
senger and baggage rates in con-
formity with the authorized interstate
level. H. F. Cary, general passenger
agent of the Southern railway was
the principal witness for the railroad
and their case was conducted by
Charles J. Rixey, general counsel for
the Southern. Assistant Attorney
General Frank Nash represented the
state of North Carolina and the cor-
poration commission, the latter, by
virtue of an act of the 1919 special
session of the legislature, being pro-
hibited from authorizing an increase
of passenger fares beyond the three
cent limit.

MILK MUST COME UP TO REGULATIONS

"Unnecessarily, there appears to be
a lot of misunderstanding with refer-
ence to the recent declaration of the
State Board of Health regarding the
sale of skimmed milk in small cans"
said Commissioner Harris Tuesday.
"The matter is very simple. Canned
whole milk, or condensed milk, may
be sold as heretofore. It is the skim-
med milk at which the State Board of
Health is aiming in its regulations.

"As this Department is charged
with the enforcing of the regulations,
and as our Inspectors will have this
matter under their observation, I wish
to get the public straight on the mat-
ter. The State Board of Health made
this regulation not because the can-
ned skimmed milk is poisonous, but
because it has not full nourish-
ment.

"The regulation of the State Board
as to the skimmed milk provides that
it must not be sold in packages or
tins containing less than one gallon
of liquid or ten pounds of powdered
skimmed milk, also that at the stores,
shops, or places where such conden-
sed evaporated or powdered skimmed
milk is sold a sign must be displayed
upon which is printed in black letters
at least five inches in height and
worded as follows: "Condensed, evap-
orated or powdered skimmed milk
should not be fed to babies or invalids
it has not the food value of whole
milk."

"Mothers who have reared their lit-
tle ones upon the condensed milk of
certain well established brands need
feel no alarm, for that kind of milk
has not been put under the ban of the
State Board of Health. And as the
skimmed milk is not actively injurious,
but is merely lacking in fat, the State
Board of Health has suggested that
the merchants who have benevolent
purchasers of stocks be allowed
ninety days from October 7th in
which to rid themselves of what they
have on hand, and wholesalers have
been ordered to buy and sell no more
except under the form provided by the
State Board of Health.

"On account of so many people
looking to centers of population
where it is impractical to keep a fam-
ily milk cow, it is necessary for some
mothers to find a substitute for fresh
milk for their children, and the regu-
lation by the State Board of Health
will impose no hardship upon them,
for they may continue to use the
whole milk. But, hereafter, watch the
label and see that it does not read
January it will be unlawful to sell
'skimmed milk' for after the 1st of
that kind of milk in small tins."

FORMER MARINE DENIES CHARGES

Port Au Prince, Haiti, Nov. 19.—
Freeman Lang, former American
marine, charged with the murder of
nine Haitian prisoners, again took
the stand today in his own behalf.
He denied specifically every accusa-
tion against him. He frankly admit-
ted, however, killing one bandit chief
with a machine gun at Hinche while
attempting to escape. He fired at
the bandit from his own front porch,
he said.

Lang testified after four native
gendarmes had taken the stand and
declared they saw him under sev-
eral prisoners, bringing the number
of victims up to nine.

Each witness went into details and

described how the natives were shot.
One witness was confused on the
point as to whether the prisoners
were shot while attempting to es-
cape.

Taking the stand after Capt. Pa-
trick Kelly of the local gendarmerie
and the jail sergeant had denied
every native charge regarding whole-
sale murders, Lang declared that he
had shot only one prisoner. "This
was a division bandit," he said, "who
was brought from the jail by a gen-
darmerie to my residence for question-
ing. The bandit chief refused to talk
and was ordered jailed. He tried
to escape from the gendarmerie, who

fired twice, missing him. I quickly
got a machine gun, firing a spurt of
bullets and killing him instantly. The
reported occurrence was told all
right."

BODIES OF MEN FOUND

Youngstown, Ohio, Nov. 19.—The
bodies of two men were found buried
in the snow in a ditch on the Poland-
New Middleton road near here late
today. Both victims had been stabbed
in the throat and the faces mutilated.
The bodies were found by a school
boy.
