POWERS OF ALLIES

FIND UNITED FRONT

Supreme Council Reaches Full Agreement on Reparations.

PAYMENT TO COVER TWO SCORE YEARS

Conference Results in Full Satisfaction to All Concerned, Says Representatives of France and Italy—Sliding Scale Fixed in Gold Marks Reaching Great Sum.

Paris, Jan. 29 (By the Associated Press.)—Full agreement on reparations, German disarmament and all other important questions before it was reached by the supreme council of the allies when it adjourned at 5:40 o'clock this evening to meet again in London February 21.

The greatest result obtained was, as M. Briand, the French premier, expressed after the closing session "maintenance by the allies of a front as united in making peace as it was in making war." Count Sforza, the Italian foreign minister, and M. Briand said the conference had resulted to the satisfaction of everybody concerned.

A protocol was signed approving the reparations scheme as agreed by the special committee appointed by the council to consider the subject and also the report on the disarmament of Germany as presented by the military committee. Under these arrangements Germany must disarm by July 1, disbanding all her civic guards not provided for in the Versailles treaty.

Germany will be called upon to pay in 42 annuities on a sliding scale 226,000,000 gold marks. Her exports will in addition bear an export duty of 12 per cent. and that will go to the allies. On the basis of last year's exports, this would give the allies 1,250,000,000 gold marks or 12 per cent. of whatever money with which the exports are paid for. Thus, it is estimated, the first payment made by Germany will be 3,250,000,000 gold marks, the export tax being paid entirely in cash.

Means Protective Tariff. It is pointed out that besides be-

ing a sure method of collection of the reparation, it will act as a protective tariff in countries that are neighbors of Germany, which are likely to be flooded with goods made in Germany at very low cost of production because of the relatively low value of the mark and which consequently can be offered in foreign markets at very low prices in foreign money. The penalties agreed upon by the council for violations by Germany will apply to all the agreements alike—reparations, disarmament and coal deliveries. A strong feature of the reparations plan from the French point of view is that it associates the allies in the benefits of Germany's prosperity.

Seizure of German customs was added as fourth on the list of penalties adopted by the council. The other three are: Extension of the area of occupation; occupation of the Ruhr district; refusal to admit Germany to the league of nations.

The proposal to apply penalties to the reparations and other agreements was presented by Premier Lloyd George.

According to the terms of the agreements the annuities and export taxes are payable semi-annually. Discount for advance payment will be 8 per cent. for the first two years, 6 per cent. the third and fourth years, and 5 per cent. thereafter. Germany is forbidden to establish foreign credits without the approval of the reparations commission.

The supreme council's decisions were communicated to Germany tonight.

To Aid Austria

In the attempt to aid Austria it was agreed that the allies should forego reparations, the cost of the army of occupation and certain other Austrian debts to the allies in order to enable Austria to more easily obtain outside aid. It was also decided to convene in the neighborhood of Trieste a conference of Austria and adjoining countries for the purpose of endeavoring to improve economic, commercial, financial and political relations between the Central European states.

Approval was given to Mr. Loucheur's proposal for a 200,000,000 franc corporation to assist Austrian industries, in which the different governments may participate. A commis-

sion will be appointed to inquire into the conduct of the Austrian administration with a view to suggesting economies and improving the various services.

The British prime minister expressed lively satisfaction over the fact that the allies had maintained their solid front. In taking leave of his colleague he said:

"We shall be glad to try to give you in London as cordial a reception as we received here and we hope that you will be able to confront the London fog all the more courageously since the fog of the conference has been dissipated."

Washington, Jan. 29.—Fixing of the amount of Germany's reparations, as announced from Paris, treasury officials said tonight should go far towards removing the uncertainty, financial and economic in Europe. If a certain income can be assured the allied nations, officials said, the proceeds of unwinding the tangle torn by the war can, in their opinion proceed with good prospects of success.

Except indirectly, however, officials said, the fixing of the amount of reparations would be without effect upon the liquidation of the \$10,000,000 war loan to the allies by this country. The moral fact of the settlement of this question, they contended might to some extent result in accelerating payment by the allies of their debts to this country.

The United States, the officials added, has consistently taken the position that no scheme for liquidating the allied loan would be acceptable which made payment to this country contingent upon Germany fulfilling her reparations obligations. The allied debt to the United States, they said, is a separate and distinct matter from any indemnity to be exacted from Germany.

SHE FELT UNCOMFORTABLE

Her shoulder itched intensely, her inflamed skin burned, yet she couldn't scratch in the crowd! Why suffer like this? Zemerine allays itching. Sold in two sizes (50 cents and \$1) by Dickson Drug Store.

PUREBRED SIRES INCREASING RAPIDLY ON FOREST RANGES

Purebred bulls have proved their value for improving range herds, and the number being bought in the cow country of the West is rapidly increasing each year, according to reports to the United States Department of Agriculture.

NOTICE

A meeting of the stockholders of Clarendon Cotton Oil Company will be held at the office of Wells-Levi Company in Manning, S. C., on Monday February 7th, 1921 at 12 o'clock noon for the purpose of considering a resolution to wind up the affairs of the said company which is a corporation and dissolve the charter of same. David Levi, President. Manning, S. C., Jan. 5, 1921—1-5t-c

riculture. The scrub bull is now blacklisted on the big national forest pastures.

During the season of 1919 three local live-stock associations, the members of which use the ranges of the Sierra National Forest in California, adopted rules for the purchase of purebred bulls. Under a special rule each association was required to place on the range a sufficient number of purebred Hereford, Shorthorn, or Aberdeen-Angus bulls. A committee to

purchase and pass upon the credentials of each animal to be turned loose on the ranges was appointed.

Under this plan, during the grazing season of 1920, 105 Herefords, 97 Shorthorns, and 6 Aberdeen-Angus bulls were purchased by the stockmen through their associations and placed upon the range. It is estimated that at the end of the season of 1920 the stockmen had not less than 200 registered bulls on their ranges, resulting in a great improvement in the

grade of steers turned out.

The Forest Service of the United States Department of Agriculture assists these local associations in enforcing the rules which require that the same kind and grade of bulls be placed on the same range. Permits to graze on the national forest pastures are refused those who do not conform to the association's ruling and who have not paid their share toward the purchase of the association bulls.

ANNOUNCING PERMANENT PRICES FOR 1921

Following the usual policy of the Pedigreed Seed Company, a full season's Coker's Pedigreed Cotton Seed for Spring, 1921, were fixed on January 1st. These prices are lower than for the previous year, announced September 14th, 1920, as a result of lower production costs since that time. These reduced prices place Coker's Pedigreed Cotton Seed in reach of every Southern planter. This is our opportunity to supply one year's best seed. Orders previously booked at the temporary prices will be filled on basis of new prices. Customers who have already paid for their seed in full will receive a refund of the difference when they pay their balance. We list for quantity prices announced here are permanent for Spring, 1921, and not subject to change. We list for quantity prices:

Deltatype Webber \$6.00 Per Bushel	Webber 49 Strain 4 \$4.01 Per Bushel	Webber 49 Strain 5 \$2.50 Per Bushel
Webber 82 Strain 2 \$3.00 Per Bushel	Hartsville 14 \$2.50 Per Bushel	Coker Cleveland \$2.50 Per Bushel
