

**POINTERS FOR SUCCESSFUL HOG PRODUCTION**

1. Keep your hogs free from lice by using crude oil or the oil drained from your automobile tractor. It is poor business to waste your feed upon these insects.
2. Keep a mineral mixture of charcoal 1 bushel wood ashes, 1 bushel air slacked lime, 4 pounds salt, 4 pounds and copperas 1-4 pounds. (The copperas is dissolved in a quart of water and poured over the other ingredients after they are mixed) before your hogs at all times. This mixture helps to keep down worms and acts somewhat as a tonic.
3. Provide your hogs with all the clean drinking water they need at all times. Water is cheap.
4. Hogs need shade. See that they have access to it. Shade is better than a filthy wallow.
5. Vaccinate against cholera.

**Ship and sail under the Stars and Stripes to all parts of the world**

THERE was a long period when it was not true, but today it is proudly true once more—trade and passenger routes are so established that your ship your goods, or you can sail, to any part of the world under the Stars and Stripes.

The program of routes is being carried out with an eye to the future as well as present needs of American exporters, and importers and all American prosperity. See that the ships you use are owned and operated by American citizens or the U.S. Shipping Board.

Industrial Education. General Science.</p> <p><b>SHORT COURSES</b></p> <p>Agricultural. Textile Industry. Pre-Medical.</p> <p><b>SUMMER SCHOOL</b> June 13—July 23</p> <p>Agricultural Teachers Cotton Graders College Make-up Removal of Entrance Conditions Agricultural Club Boys.</p>	<p><b>VALUE OF A TECHNICAL EDUCATION</b></p> <p>A technical education is the best insurance against hard times. In earning capacity, it may equal an estate of \$50,000. For the untrained are the positions of poverty and obscurity.</p> <p>Times are hard in South Carolina, but the cost of an education at Clemson College is comparatively low,—sufficiently low to be within the reach of any ambitious young man in South Carolina.</p> <p>Scholarships, free tuition and the payment by the United States Government to R. O. T. C. students, still further reduce the cost.</p> <p>Do not allow the financial difficulties to keep you from entering college this fall to prepare yourself for the opportunities that lie ahead.</p>	<p><b>SCHOLARSHIPS AND EXAMINATIONS</b></p> <p>The college maintains one hundred and seventy-four-year scholarships in the Agricultural and Textile Courses. Each scholarship means \$400 to help pay expenses and \$160 for tuition apportioned equally over the four years.</p> <p>Also fifty-two scholarships in the One Year Agricultural Course, these scholarships are worth \$100 and tuition of \$40. The scholarships must be won by competitive examinations which are held by each County Superintendent of Education on July 8th. It is worth your while to try for one of these scholarships.</p> <p>Credit for examinations passed at the county seat will be given to those who are not applying for scholarships but for entrance.</p>
---	--	--

R. O. T. C. Clemson is a member of the senior division of the Reserve Officers Training Corps. All R. O. T. C. students receive financial assistance from the Federal Government, this reaching about \$200 per year during the junior and senior classes.

FOR FULL INFORMATION WRITE OR WIRE:  
**THE REGISTRAR, CLEMSON, COLLEGE, S. C.**  
APPLICATIONS WILL BE CONSIDERED IN THE ORDER RECEIVED.

6. Keep planting grazing crops. Have something for them to graze upon every month in the year, if possible. It is too expensive to keep your hogs in a pen and feed them entirely upon high priced concentrates.

7. Use only purebred boars of good quality.

8. Feed a balanced ration. Corn alone is one of the poorest feeds. Used in conjunction with other feeds; such as tankage, peanut meal, soy beans, velvet beans, oats, etc., there is no better feed on earth. Pigs that are to be pushed for market should be fed four to five pounds of feed daily for every 100 pounds live weight.

9. Any of the following mixtures are good. Corn 9 parts, tankage 1 part. Corn 1 part, wheat middlings 1 part, corn 6 parts, soy bean meal 1 part, or peanut meal may be substituted for soy bean meal. Oats along with your corn make a fine feed, either ground or whole. They may be fed in the sheaf. Just throw your hogs a few bundles each day and see how they like them.

W. R. Gray, County Agent.

**"THE WOMAN GOD FORGOT"**  
Starring Geraldine Farrar, Wallace Reid and Hobart Bosworth—To Be Shown at Pastime Theatre Saturday, July 2nd.

Geraldine Farrar, the noted prima donna, will make her debut under the Artercraft trade-mark at the Pastime on Saturday, July 2nd in "The Woman God Forgot," a spectacular photodrama written especially for her by Jeanie MacPherson, and produced under the personal direction of Cecil B. de Mille, the noted director.

In the few photodramas in which Geraldine Farrar has appeared, she has established herself as the leading emotional actress of the film. Her first appearance, "Carmen," and her more recent production, "Joan the Woman," have been the sensations of the photodramatic world.

Jeanie MacPherson, who wrote the story of "Joan the Woman," is also responsible for the authorship of "The Woman God Forgot," and also for Mary Pickford's recent productions, "The Little American" and "A Romance of the Redwoods."

For her theme in "The Woman God Forgot" Miss MacPherson has taken the story of a Princess who sells her country for the man she loves. The whole story is taken from a chapter in the early history of America telling how the Spanish invaded Mexico and of their conquest of Montezuma and his Aztecs. Geraldine Farrar is seen as Tezca, daughter of Monte-

zuma. She falls in love with a handsome young Spaniard, which role is played by the ever-popular star, Wallace Reid.

The production is one of the most elaborate and beautiful ever made by Cecil de Mille. The work of this famous director is too well known to be exploited in this brief space. Noted as the creator of artistic effects—his last work is considered his best.

The reproduction of the famous Aztec pyramid of Teocalli, as seen in "The Woman God Forgot," is the largest setting ever built for a photodramatic production, the pyramid being nearly 200 feet in height and an exact reproduction, in every detail, of the famous temple to the Aztec gods. Over a thousand men took part in the thrilling battle scenes and the effects of the first few cannon and gun powder are graphically shown.

The cast supporting Miss Farrar, besides Wallace Reid, includes such prominent names as Hobart Bosworth, Theodore Kosloff, the famous Russian dancer, Raymond Hatton, James Neill and others of equal prominence.

Adults 35c and children 25c. 3:30; 8:15 and 9:30.

**TWO VACANCIES FROM THE FIRST DISTRICT ANNOUNCED**

Hon. W. Turner Logan, congressman from the First District announces two vacancies to be filled by him at Annapolis for Midshipmen caused by graduation in June 1922.

These vacancies are to be filled by a competitive examination for the entire District, which examination will be held by the Civil Service Commission on October 29th, 1921 at nine o'clock a. m. at the Postoffice at Charleston, Summerville, Manning and Walterboro. From the results of this examination Mr. Logan will appoint two principals and six alternates. The candidates will be examined in the following branches: Algebra, Geometry, Grammar and Composition, United States History and Arithmetic.

The young men selected will have to pass a physical examination, but will not have to pass an entrance mental examination provided they can furnish the Academy with one of the following certificates:

Form 1. Certificate for Accredited College, University or Technological School.

Form 2. Certificate for Preparatory School or Public High School.

Form 3. Certificate for examinations of the College entrance Examination Board.

COME TO  
**Kingstree, S. C., Monday, July 4 1921**  
**July Fourth Celebration**

Runser and Turner, in their famous Fighting Aeroplane. They use the famous British Aeroplane, speed 110 miles per hour, using the nine cylinder revolving motor. See Lieutenant Turner and Lieutenant Runser, do the sensational "Death Trap Dive." Lieutenant Turner hangs by his feet while diving head downwards at 100 hundred miles per hour, from 1,000 feet.

Base Ball Game between Lake City and Kingstree, both good teams.

Many other athletic stunts. Many prizes.

Fair grounds, Kingstree, South Carolina. Admission: Adults 55c. Children 30c.

Good music, amusements last all day.

**Kingstree, S. C., Monday, July 4**

**I ought to know I grow tobacco**

You can't beat a Camel, because you can't beat the tobacco that goes into Camels.

That's why Camels are the choice of men who know and love fine tobacco. They know what makes Camels so smooth, so fragrant and mellow-mild.

They'll tell you that the expert Camel blend of choice Turkish and Domestic tobaccos makes a cigarette smoke you can't equal—no matter what you pay.

But it doesn't take an expert to tell Camel quality. You'll spot it the very first puff. Try Camels yourself.

R. J. REYNOLDS Tobacco Co. Winston-Salem, N. C.

**Shaw & McCollum Mercantile Co.**  
SUMTER, - South Carolina

The young men presenting themselves for this examination must be bona fide residents of the State of South Carolina and of the first congressional district, must be between the ages of 16 and 18 years, and must be in good physical condition.

Mr. Logan would like to have any young man meeting the above requirements communicate with him and he will be glad to give him permission to take this examination. The time is short and those desiring to enter the competitive examination should write to Mr. Logan at once.

Owing to the fact that there are two vacancies to be filled a splendid opportunity is offered the young men of this district to take this examination.

**SWEET POTATOES**

To make the sweet potato a money crop of enormous value to the South is partly a problem of curing and grading and partly a problem of marketing. The State Department Board and the South Carolina Sweet Potato Association are cooperating in the effort to solve these problems. It is hard to imagine any work of greater practical importance to this region at this time or one which affords brighter promise.

In 1920 the cotton crop brought \$36.83, the corn crop \$22.04, the sweet potato crop \$122.85 an acre. The crop diversification movement in South Carolina during the past year has increased largely the acreage planted in sweet potatoes in this State, and it is easily possible that South Carolina will have 500,000 bushels of sweet potatoes for which an outside market must be found. They must be "cured" for shipment, they must be up to the standard in quality and condition, and they must be ready in the warehouses when the time comes. An opening must be made for them in the Northern market where as yet no real effort has been made to sell Southern sweet potatoes and where, if the right sort of effort is made, hundreds of thousands of bushels of them can be sold.

These are a few of the basic facts behind the present movement and these are the principal concrete phases of the problem involved. Even in ordinary times it would be worth while to make a real attempt to develop the plain possibilities of the sweet potato as a money crop. Certainly it is doubly worth while today.

**MORRIS**

Entered into rest at Gable, Thursday, June 23rd, at 10 p. m., Mrs. Martin Morris nee Annie Newell Green. The deceased being a member of a well known family was loved by everyone and her kind deeds and goodness shall never be forgotten. The family wish to extend thanks to all who were so attentive during her long illness. A husband and six children survive.

**NOTICE**

I solicit threshing of oats, wheat and rye. Am operating a new Case Machine which does first class work.
