

PUBLIC EDUCATION
LAUDED BY HARDING

Presidents Sets Aside December 4 to 10 as Week for Promoting Education.

Washington, Nov. 29.— President Harding issued a proclamation today setting apart the week of December 4 to 10 as American Education Week, during which citizens of the United States are urged to assist general efforts to reduce illiteracy and give thought to remedying defects in the nation's educational system. The proclamation follows:

"Whereas, public education is the basis of citizenship and is of primary importance to the welfare of the nation, and

"Whereas, more than 5,000 boys and girls in America are not availing themselves of our free school advantages and are lacking in that youthful schooling which is so essential to the making of an intelligent citizenship, and

DIAMOND AND PEARL Brooch, set with diamonds and pearls. Was lost Sunday morning between postoffice and Baptist church Finder will receive suitable reward by returning to
MRS. F. C. THOMAS.

"Whereas, the experience the war reveals vast elements of population that are illiterate, physically unfit, or unfamiliar with American ideals and traditions; and our future strength and security are much dependent on their education and commitment to American ideals:
"Therefore, I, Warren G. Harding, President of the United States, do urge the Governors of the various States and Territories to set apart December 4 to 10, inclusive, 1921, as American Education Week during which;

"Citizens in every State are urged to give special and thoughtful attention to the needs and aids of the public schools. It is particularly recommended that efforts be addressed to practical expression of community interest in public education. To that end organizations for civic advancement and social betterment are earnestly requested when it can be made practicable, to provide, programs which will inform the people concerning the vital needs in this direction, instruct them regarding shortcomings and deficiencies in present facilities and bring to their attention specific, constructive methods by which, in the respective communities these deficiencies may be supplied.

"The subject of public education, has always been very close to the American heart, and to the fact that it has been made a chief responsibility of local governmental units, we largely owe the wide diffusion of educational facilities. It is believed that a widespread and earnest effort at observance of education week would do much to emphasize this feeling of immediate responsibility. Therefore it is suggested that the pulpit, press, schools, and public gatherings be enlisted in behalf of this special effort."

BANKERS ENDORSE COTTON PROGRAM

Columbia, Nov. 29.—Cooperative marketing of cotton in South Carolina was endorsed by the executive council of the South Carolina Bankers' Association at a meeting held at the Jefferson Hotel this afternoon. A resolution was adopted by the council urging every farmer to sign the contract and urging the bankers, merchants and business men to assist in the campaign for signatures.

In addition to the ten members of the council there were present at the meeting about twenty other representative bankers of the State and they were asked by E. P. Grice president of the association, to take part in the discussion of the proposition. The plans for the organization of the South Carolina Cotton Growers' Cooperative Association and a review of the campaign which is being conducted over the State for signatures to the contracts were presented to the bankers by Harry G. Kaminer, president of the cooperative association, and R. C. Hamer, campaign chairman. These speakers stressed the necessity of some relief for the farmers from the surrounding the present marketing system and told of the possibilities of the cooperative marketing plan, referring to the success of the Texas and Oklahoma associations, which are handling this year's crop. The council was urged to endorse the movement by J. Skottowe Wannamaker, president of the St. Matthews National Bank and also president of the American Cotton Association.

This afternoon A. W. McLean, of

666 is a prescription for Colds, Fever and LaGrippe. It's the most speedy remedy we know.

ACT QUICKLY

Do the right thing at the right time. Act quickly in time of danger. In time of kidney danger, Doan's Kidney Pills are most effective. Plenty of Manning evidence of their worth. Ask your neighbor!
Mrs. B. F. Louder, Dinken St., Manning, says. "I had a slight attack of kidney trouble which started with smart pains through the small of my back. Headaches bothered me a good deal, and sometimes I was so nervous I couldn't hold anything in my hand. I was bothered with dizzy spells, too, and black specks often came before me, in fact, I was feeling all out of fix. A friend told me about Doan's Kidney Pills and I got some. Doan's not only helped me but cured me entirely of the trouble as I haven't been bothered since."
Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Louder had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

the War Finance Corporation, in addressing the bankers strongly commended the formation of a cotton cooperative marketing association. He told them that the corporation had made loans to the Texas association approximately \$15,000,000 and wanted to lend them more but that the big banks had gone after the business.

PLANTING PEACH ORCHARD

Marion, Nov. 29.—In the effort to find a substitute for cotton a group of young men of this place have become interested in peach growing and are setting out seventy acres of Elberta trees in the Pee Dee sand hill section about eight miles from here. The orchard is to be operated cooperatively, although each man is to have a separate deed for a certain part of it.

The Pee Dee Peach Farm is the name chosen for this new enterprise. It is located within a quarter of a mile of Pee Dee station, from which point the peaches will be shipped. Excellent peaches have been grown on a small scale in this locality.

DESTROY LARGE STILL

Florence, Nov. 29.—State Constable Eichelberger and Deputy Sheriff Joe Conner made a raid on the Pee Dee river a Saturday afternoon and destroyed a 150-gallon whiskey still and poured out several hundred gallons of mash.

LIVES LOST IN TIDAL WAVE

Manila, Nov. 29.—The entire town of Ibayay in the Province of Capiz was inundated by a tidal wave Sunday and many houses with their occupants swept out to sea, according to dispatches from the postmaster of Ibayay. Dispatches to constabulary headquarters here said the town of Macato in the same province also was submerged by a tidal wave and more than 100 natives drowned.

PRIDE

It is not the fairest form, that holds
The mildest, purest soul within;
It is not the richest plant that folds
The sweetest breath of fragrance in;
Then lady, cast thy pride away,
And chase those rebel thots of thine;
Thy casket may be bright and gay,
Yet all within refuse to shine.
—By Thos. M. Young.

THE PURE WOMAN

I love to look on your face when your eyes
Beams with the radiant light of charity;
I love to look on your face
Which glows with pure and perfect grace;
O' then to you the loveliness is given
Which thrills the heart of man
Like dreams of heaven.
—By Thos. M. Young.
