#### POSTAL SAVINGS DEPOSITS

Official announcement has been received by Postmaster Smith of Manning, S. C., of the joining of hands of the Post Office and Treasury Departments for the encouragement of the savings movement. The plan, as explained in a statement sent out by Secretary of the Treasury Mellon, provides for the stimulation of the savings habit by the acceptance of Postal Savings deposits from 10 cents up to the offering of Treasury Savings Securities from \$1 to \$1,000.

There will be no Thrift Stamps or War Savings Stamps offered during 1922, but all outstanding Thrift and War Savings Stamps will be redeemable precisely upon the terms upon which they were purchased, it is announced.

For the better coordination of Postal and Treasury plans all who vest in Postal Savings may convey their deposits, when sufficiently large into Treasury Savings Securities yielding 4 1-2 per cent interest, compounded semi-annually, if held to maturity.

Further, the limit of individual holdings of Treasury Savings Securities has been increased from \$1,000 to \$5,000 and the 1921 issues of three of the securities bear the portraits of three great Americans—Roosevelt, Lincoln and Washington.
