JUNIOR-SENIOR RECEPTION

One of the most enjoyable events of the year was the Junior-Senior Reception held at the home of Dr. and Mrs. Geo. L. Dickson, Friday night, May 12th. The spacious rooms were decorated with purple and gold crepe paper, the streamers being hung from the electric lights to the sides of the walls, thus carrying out the color scheme of the Senior class. Purple and gold flowers were used in profusion, also Ivy twined with purple and gold. The automobile idea was carried out and as the guests arrived which numbered about 60, they saw large signs in purple and gold as, "Speed ahead to College—Speed limit 60 miles exceed the limit." "When you get to College use your Spotlight." "Park your chewing gum outside," and many others which caused a great deal of merriment. In the yard was a booth decorated in purple and gold, marked "Filling Station," where delicious fruit punch was served. On a tree nearby was the sign, "Don't Park Here." The guest were then matched off and given auto contests which proved very exciting. Miss Isabella Plowden and Mr. Bennett Harvin came out first in this, receiving a beautiful bouquet of lilies tied with purple and gold ribbon. While having progressive conversation, little Leila O'Bryan passed around a silver basket marked, "Extra Tires," which proved to be life saver mints. After these she next passed a basket of chewing gum marked, "Patch your tires." Then refreshments were served which consisted of purple and gold block cream with pound cake. After which several toasts were given. Mr. William Richardson gave an especially good toast to the faculty. Next each guest was given a "tongue twister" and made to read them aloud at sight. The souvenirs were then passed around which were little cards with a yellow and purple spotted dog sitting on a lawn with a tin can by him which had a cigarette stuck in it also a purple and gold pencil attached to each one. When the cigarette was taken out and unrolled it proved to be a contest which was very entertaining. Miss Lula Rigby won first

prize in this which was a beautiful bunch of purple sweet peas tied with a gold ribbon. We were honored by the presence of three of the teachers, Mrs. Helms, Miss Dunlap and Mr. Helms. As the clock had struck the mid-night quite a while and the man in the moon said to go home because he wanted to shine some, a group of Carolina's fairest lads and lassies got their wraps to the tune of "home sweet home," and after a yell for the Seniors by the Juniors and the Juniors by the Seniors a merry party broke up, the evening having been voted a success by all present.

Mr. H. R. Rembert spent Sunday in Sumter with relatives.

A Civil Service Examination will be held at Manning on June 10th for Postmaster at Alcolu, S. C., and other vacancies.

A STATEMENT

Editor Manning Times:

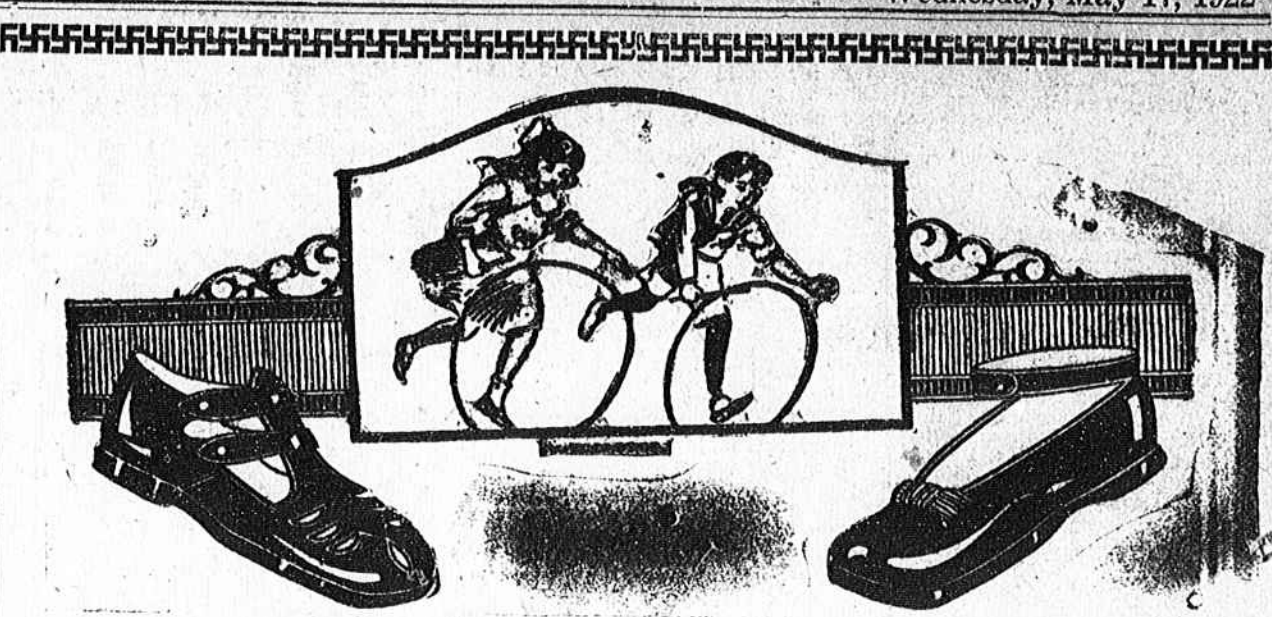

Two weeks ago Mr. C. R. Spratt published an article in The Times on the Warehouse System and Co-operative Marketing. Last week one was published by Mr. R. D. Cothran on the same subject. As hard things were said in these articles, some of the good citizens of the town interested themselves in getting the matter adjusted and as a result each of the gentlemen signed a statement of which the following is a copy: "At the solicitation of mutual friends whose friendship and advice we respect and appreciate and further because we wish to live peaceably and on good terms with all men, we hereby withdraw all personal reflections and adverse insinuations against each other that may be in the articles either of us has written or spoken. We also agree to let the entire personal controversy drop where it is and not to renew same by written or spoken words." We are glad that this disposition has been made of the personal element of the controversy and congratulate the gentlemen who interested themselves on this outcome. Citizens.
