

BARON KATO IS MADE PREMIER OF JAPAN

Accepts Place on Condition That Army Leaders Agree to a Policy of Retrenchment — Backs Washington Plan—New Cabinet Comes Into Power With Avowed Intention of Carrying Out Arms Reduction.

Tokio, June 12.—Admiral Baron Kato today accepted the premiership. His non-party cabinet comes into power with the avowed intention of carrying out the agreements of the Washington conference.

The one condition on which Kato accepted the premiership was agreement of army leaders to reduce the estimated army budget by 40,000,000 yen and to adopt a general policy of retrenchment. Kato will have the support of the Seiyukai majority party in the Diet and the Kenkyukai, the largest group of peers, in the House of Lords. It is understood that Shidehara has the refusal of the foreign office portfolio in Kato's cabinet.

Conciliatory Policy
Washington, June 12.—(By the Associated Press)—The accession of Admiral Baron Kato to the premiership of Japan is looked upon in many quarters here as not only a notable triumph for the principles of the Washington arms conference, but in a broader sense as the beginning of a new day of conciliatory policies in the Tokyo government's relations with the rest of the world.

Advices received by Japanese elements here have convinced them that Baron Kato would accept the premiership only if he had assurances of sufficient support to keep the militaristic group in Japan in check. It is assumed that these guarantees of support have been given and that the significance of his acceptance, therefore, is even greater than press dispatches indicated.

Against Aggressive Acts.
Although himself one of the most distinguished of Japanese naval officers, the new premier is said to have long held the view that Japan's place in the world could best be filled if she avoided aggressive acts and pursued a foreign policy based primarily on the maintenance of peace. He is understood to be particularly anxious that good relations be restored between Japan and China, a fact which in itself is regarded here as making his acceptance of the premiership a development of first importance in Far Eastern politics.

Ever since Baron Kato's service in Washington as head of the Japanese delegation to the arms conference he is said to have been working assiduously for full acceptance of the conference program in Tokio, as a result of which, it is suggested here, may have made it necessary in the present disturbed political conditions there to take the helm of government himself.

TO CONTROL HOG LICE

Clemson College, June 12.—The following remedies, any of which will prove satisfactory, are suggested by V. L. Starkey, Chief of the Animal Husbandry Division, in answer to inquiries from farmers on this subject.

1. Crude Oil Treatment.—This is

the most widely used treatment for hog lice. It should be applied to the hogs by pouring it down the back and rubbing it over the entire body, taking pains to see that the head and ears are well covered. One application of crude oil, provided it is thorough, will eliminate hog lice. Of course, in all cases it is necessary to clean up the hog houses and sleeping places and disinfect them with the same preparation.

2. Creolin.—By taking an ordinary coal tar preparation, such as creolin, and diluting it about 1 to 35, you may be able to control hog lice. As in the case of crude oil the application of this material should be thorough. When a coal tar preparation is used it is necessary to repeat the treatment in ten days, because the lice are killed but the nits are not.

3. Oil From Garages.—Oil from garages which has been drained from the motors has been used very satisfactorily to control hog lice. However, some of the oil which is obtained from garages has a great deal more kerosene in it than others and when this is the case it sometimes blisters.

LEAPS FROM AIRPLANE 24,206 FEET UP IN AIR

Dayton, Ohio, June 13.—Capt. A. W. Stevens, aerial photographer, McCook Field, established a new parachute jumping record today when he descended 24,206 feet in safety, officials of the field announced tonight. Another record was broken at the same time when Lieut. Leigh Wade piloted a twin motored Martin bomber, carrying three passengers, to an altitude of 24,206 feet, it was announced.

Capt. Stevens ascended in the same plane with Lieut. Wade.

The pilot, accompanied by Stevens and Sergt. Langham, observer, took off at 11 a. m., and reached the maximum altitude at 1.05 p. m., requiring two hours and five minutes to make the climb.

Stevens, who has made aerial photographs here for several years, today made his first flight where oxygen was necessary. Reaching the maximum height, the party partook of refreshments and Stevens made ready for his leap.

When he left the plane he did not permit his chute to be opened by the wind and then lift him off, but leaped over the side and dropped several thousand feet before it opened and checked his drop.

The oxygen tank, which he had sewn to his flying suit, was torn off in the leap and lost.

Thirty minutes were required for the descent. He left the plane while over Springfield, and landed at Jamestown, a small village 25 miles southwest of here.

Flying conditions were ideal today. The temperature on the ground was 75 degrees and zero

Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I know, by this, I needed a tonic, and as there is none better than—

CARDUI

The Woman's Tonic

... I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

At all druggists.

To All Members of The Tobacco Growers Co-operative Association

Your Association is COUNTING ON YOU to answer the questions printed on a postal card which was sent to you this week and to mail this card immediately.

Your Association must know where you want to deliver your tobacco, how many acres you have planted, and the answer to every question on the postal in order that we may help you sell your crop to the best advantage.

Your Association has the warehouses, the graders and the money to make a successful sale of your tobacco, provided you will mail this stamped and addressed postal with your answers AT ONCE.

Your Association will open warehouses at Andrews, Aynor, Bamburg, Conway, Darlington, Dillon, Georgetown, Hartsville, Hemingway, Johnsonville, Kingstree, Lake City, Lake View, Lamar, Latta, Loris, Lynchburg, Manning, Marion, Mullins, Nichols, Olanta, Pamplico, Sumter, Summerville, Timmons-ville, Bladenboro, Cerro Gordo, Chadborn, Fair Bluff, Fairmont, Lumberton, Proctorville, Rowland, St. Pauls, Tabor, Whiteville.

Do not fail to mail your answers THIS WEEK.

Tobacco Growers Co-operative Association.

COLLEGE PRESIDENT

Durham, N. C., June 13.—Ernest J. Green, former superintendent of city schools in Durham, has been elected president of Carolina College at Maxton, N. C., according to announcement made today.

Mr. Green was for seventeen years identified with public school work in Durham. He resigned to enter business. He will, it is announced, accept the presidency of Carolina College.

SENTENCED TO PRISON

Philadelphia, June 13.—Loy Campbell, whom army intelligence officers testified was involved in the theft of \$100,000 worth of supplies from Camp Dix, today was sentenced to serve a year and a day in the Atlanta penitentiary.

NOT TO BE REPRESENTED

Berlin, June 13.—The German Government has decided not to re-

quest that there be a neutral observer present at the raising of the steamer Luistania in order determined whether the ship bore a military character when she was torpedoed. The Berlin newspaper recently have suggested that a neutral be appointed as an observer should the hull be raised.

The government holds that it is not privileged to request the presence of a neutral observer as the attempt to raise the Luistania is to be made by a private company.

WOMAN SHOOTS NEGRO

Hamlet, N. C., June 13.—Mrs. Branson Millikin shot and instantly killed William McGhee, negro when he attempted to assault her at the Millikin home four miles from here Sunday. The negro had previously threatened both Mrs. Millikin and her husband and when he entered the home Sunday and continued to advance on her with a brick in either hand, the intended victim seized a gun and fired, the negro being killed instantly. Mr. Millikin was not home at the time.

"TAKE GOOD ADVICE AND SAVE A SOB—BUY THE GRADE THAT FITS THE JOB."

You'll get a pleasant surprise when you find that for a lot of the odd jobs of repairs or replacement around the place the lower grades of

"TIDE WATER" CYPRESS "THE WOOD ETERNAL"

are not only "good enough," but exactly the right thing. Getting the appropriate grade for the given purpose is half the skill of buying. (Economical, too.) The other half, of course, is insisting on "Cypress, of course," because it lasts practically forever—if you get the true "tide water" variety—and therefore means double money's-worth of lumber.

Your nearest retail yard will give you honest advice. So will we.

Write us for list of FREE PLANS for farm buildings—but in the meantime insist on "CYPRESS and no substitutes" from your local lumber dealer—no matter for what purpose you buy.

Address
SOUTHERN CYPRESS
Manufacturers' Association
177 Graham Bldg., Jacksonville, Fla.

YOUR LOCAL DEALER WILL SUPPLY YOU. IF HE HASN'T ENOUGH CYPRESS LET US KNOW AT ONCE

How the Bank Serves the Farmer

You, the Farmer, are America's greatest producer of wealth. But before YOU receive the money for your crops many months usually elapse. The crops must be sown, must be fertilized, tilled, reaped and SOLD!

The Bank is your Friend because it helps to carry you over the weeks and months between planting and profiting seasons. It permits you to purchase seed, fertilizer, machinery, on credit.

In times of stress it stands behind you and helps you weather the storm.

Are YOU getting all the benefits which the bank offers farmers?

Learn how we can help YOU. Ask for full information from our officials. They will be pleased to tell you more about our service.
