**BOY SCOUT NEWS**

Troop One of the Manning Boy Scouts held its monthly meeting last Monday night at the schoolhouse. There were twenty-two boys present and much enthusiasm shown. The meeting was opened with a prayer by Scoutmaster Helms. The monthly troop meeting was changed from the 1st Monday to the last Monday of every month so all the boys that were absent please note the change of date. Our Scoutmaster made a talk and several business matters were discussed. A rule was passed that the names of all boys will be dropped off the roll who do not stand the tenderfoot examination by the next troop meeting. The following boys have passed the tenderfoot examination Wolf Patrol: Williams Arant, Moultrie Bagnal, John D. Gerald, Bennett Harvin, Sam Rigby, Hugh Orvin, Nevelle Sprout; Eagle Patrol: Charles McElveen, Edward McLeod, John S. Nimmer, Ethen Ridgeway, Fred Chewing, Jesse Huggins; Lion Patrol: Harold Bagnal, Hugh Davis, Kingswood Sprout, Lewis Stalnaker, Alston Gerald, Herbert Vennire; Fox Patrol: Edward Browne, Charlie Rigby, Dan Stalnaker, Manigault Wells.

The above boys are now rated as full-fledged Scouts and by the next meeting we hope to have a number of second class Scouts. The boys are planning a two weeks' stay in the mountains next summer so you good town folks back us up and see that we get it.

John D. Gerald Jr., Scribe.

**DIAL ACCEPTS INVITATION**

Greenville, Sept. 26.—United States Senator N. B. Dial has accepted an invitation to deliver an address before the Cotton Manufacturers' Association of South Carolina at its meeting in Greenville October 24, according to announcement by J. D. Hammett, of Anderson, president of the organization.

**AN INVITATION TO CLARENDON PEOPLE**

Sumter, September 23. The progressive and hospitable men and women of the Zoar neighborhood, of Concord Township, in Sumter county, most cordially invite the citizens of Manning, and of Clarendon County to join with Sumter county in celebrating the completion of the first seven mile section of the splendid hard surfaced five inch base concrete asphalt Sumter-Manning road, at Brittons store the evening of October 5th, 1922. This is going to be a pleasant sociable "Better Acquaintance Meeting" between Sumter and Clarendon counties—and between communities in general. The hospitable ladies of Zoar Methodist church have kindly arranged to put on a delightful barbecue—hash, rice, chicken in several styles, salads, biscuits, coffee, ice tea, cakes, pies and other features of the hot suppers for which these ladies are famous, the proceeds to be devoted to the erection of the new church. One of the most eloquent orators will make a timely talk.

A big crowd will motor over from Sumter, men, women, boys and girls and it is hoped that the county seat of Clarendon Manning will do the same thing, and that citizens from all over both counties will meet at Brittons store for this enjoyable occasion. Work on the final lap of the Sumter-Manning road is rapidly progressing to the Sumter-Clarendon counties line.

The Sumter Chamber of Commerce has been requested to extend to Clarendon county citizens through The Manning Times a most cordial invitation to participate.

E. I. Reardon, Mgr. Secty. Sumter County Chamber of Com.

**80 Per Cent OF AUTO INDUSTRY USES WILLARD BATTERIES**

"200 car and truck manufacturers now use Willard Threaded Rubber Batteries as regular factory equipment," is the announcement made by Mr. J. E. Davis of the Willard Battery Station. According to him, this represents 80 per cent of the car and truck makers.

Ever since T. A. Willard patented the Threaded Rubber Insulator October 16, 1917, this form of insulation has been used by an increasing number of automobile builders. It is made of rubber—the best form of electrical insulation known—pierced by 196,000 tiny threads. The rubber keeps the plates insulated from one another, while the threads allow the battery solution to flow freely.—Adv.
