CLEMSON COLLEGE NOTES

(By E. D. Plowden.)

Clemson College, Oct. 16.—The Tiger, the weekly newspaper published by the students as the organ of athletics and other phases of student life, has begun publication this session with fine prospects for a successful year. H. A. Woodle, of Greenwood, is Editor-in-chief and Business Manager. W. B. Bagnal of Manning was last year elected assistant circulation manager for the present session, but due to the fact that he did not return to college this year, another man was elected to fill his place. E. D. Plowden, of Jordan, is a Tiger reporter this year.

Beginning with the opening of the session of 1922-1923 Clemson adopted the semester plan, which divides the college year into two semesters instead of three-terms as heretofore. The semester plan is becoming standard throughout the United States. It makes a transfer from one college to another possible for the student who desires to go to another institution and it will also mean a great saving of time here at Clemson. The plans for this year are to send the first mid-semester report out about November 8th, the first semester report January 27th, the second mid-semester report March 31st, and the second semester report at the end of the session in June.

Seniors and Juniors are to be allowed to attend the State Fair this year. This is good news to many of us as every man in the corps is anxious to see the football game between the Tigers and the Gamecocks on Thursday of Fair Week. While the entire student body will not be there to cheer the Tigers on to victory, there will be enough supporters on the sidelines to let the teams, and the visitors as well, know that Tigerism still reigns supreme.

The Clemson Tigers continued their march towards the State championship this week by defeating the fast and snappy team from the Presby-

terian College here last Friday by the score of 13 to 0. The game was very exciting and it was not until the last five minutes of play that Clemson was able to score two touchdowns and thereby win a victory. This is the same team which bravely allowed Carolina to emerge with a victory of 7 to 0 on October 17th.

One of the most popular and best sport writers in the South said of Clemson in general and of the Newberry game in particular: "While spectators ran better skelter from the unsheltered stands from a terrific, blinding, driving, soaking rainstorm, one thousand cheering Clemson cadets remained at their posts, drenched to their skins, and let out volley after volley of spirited yells for the best Tiger team Clemson has had in the past decade. It was the greatest display of true sportsmanship and hero worship ever witnessed on Riggs Field."

Coach E. J. Stewart, accompanied by his assistant coaches and the Clemson football squad, went to Greenville last Saturday to witness the football game between Furman University and the University of Georgia. Many other Clemsonites attended the game, also.

A little over a month has now passed since the College opened its doors for the session of 1922-1923. This month has been taken up in adjustment and readjustment, and so many real work has begun in earnest. Work began early this year and little time was lost in "getting into shape." Clemson is known all over the United States for the hard working men she turns out. Clemson men stand the test of efficiency wherever they go. This is the reason why Clemson men are always at a premium and are always in demand—because they have learned to work and strive for all that high and noble and good, and this is what counts in the battle of life. Every true citizen of Clarendon County ought to encourage every young man to come to Clemson, for it is here that he will be trained for life's battles so that he may win out victorious in the end.

TEACHERS' EXAMINATION

The next examination for securing teachers' certificates will be held at the Court House on Friday, November 3rd and on Saturday, November 4th, beginning each day at 9 o'clock. There will be three departments, namely, Primary, Elementary and High School. Candidates select the class of examination they desire to take. Remember November 3rd and 4th—two full days of it for every applicant.

E. J. Browne,
County Supt. Education.

BIG NEW FEATURES ADDED TO COLOSSUS

Made even more tremendous than in 1921 by the recent addition of many more trained-wild animal displays and the purchase of Europe's biggest horse show, Ringling Brothers and Barnum & Bailey combined will exhibit at COLUMBIA, OCTOBER 27.

All who glance over the cable news or who read the magazines must have

NOTICE TO CREDITORS

United States District Court, Eastern District of South Carolina.
In Bankruptcy.
In the matter of Reuben Gordon, Bankrupt.
To the Creditors of the said bankrupt: Take notice that the above named bankrupt has filed his petition for discharge and that a hearing will be had thereon on the 9th day of November, 1922, before said Court at Charleston, in said district, at 11 o'clock in the forenoon, at which time and place all creditors and other persons interested may appear and show cause if any they have why the prayer of the said petitioner should not be granted.

Richard W. Hutson,
Clerk.

noted the many contracts entered into by the Ringling Brothers for foreign talent last winter. A special ship was chartered this spring to bring the hundreds of human performers, trained animal acts and equine displays to America. More than a million persons saw the mammoth new circus of 1922 during the weeks that it exhibited in Madison Square Garden, New York. Now this marvelous exhibition is touring the country aboard five great railroad trains. It is a third bigger than the Ringling Brothers and Barnum & Bailey show of last

—with its more than twenty trained wild-animal displays in steel arenas, fully 150 wonderfully schooled trick horses, 700 men and women performers, 100 clowns, and scores of features—the price of admission is no more than before. And though the trained animal numbers and the immense horse show were circuses in themselves while touring Europe, they are not offered as separate attractions by the Ringling Brothers and Barnum season. It is ten times larger than any other circus now on tour.

& Baley combined shows. Instead all are on one gigantic program. Everything is in one mammoth main tent. One ticket admits to all and includes admission to the tremendous double menagerie. There are more than a thousand animals in the zoo of this circus and these include a tiny baby hippopotamus only recently born, and accompanied by its three-ton mother. Another remarkable zoological feature is an armored rhinoceros, the only one known to exist and for which the Ringlings recently refused an offer of \$30,000.
