WINTHROP CHAPTER ORGANIZED IN MANNING

A number of Winthrop College graduates gathered at the school house Monday evening, November 6th for the purpose of discussing the organization of a Winthrop Chapter in Clarendon County.

Miss Leila Russel of the Extension Department of Winthrop College was here to assist in this undertaking. Miss Russel traced the growth of Winthrop from a one teacher, one room school of thirty-six years ago to the Winthrop of today with more than a score of buildings and a faculty of

one hundred and fifty men and women, briefly reviewed the work of the past, outlined the present work and in a few words presented the ideal Winthrop of the future and the part that each graduate can take, through the Winthrop Chapter and alumni Association, in making this ideal come true. Miss Russel's remarks were indeed inspirational.

It was voted that a Chapter be organized in this County under the name Winthrop Chapter of Clarendon County. The following officers were elected: President, Mrs. J. E. Arant; Vice-President, Mrs. R. R. Jenkinson; Secretary, Miss Rose Ervin; Treasurer, Miss Katharine Earle; Gleaner, Mrs. W. R. Gray.

The newly elected President took charge of the meeting appointing Misses Tora Bagnal, Jamie Wilson and Carolyn Plowden to act as the membership committee.

It was suggested that the Chapter apply for Federation with the Federated Clubs. This suggestion was acted upon and the application was tendered at the meeting of the District Federation in Manning, November 7. All Winthrop Daughters in Clarendon County are invited to unite with this Chapter.

GERMANY NEEDING FOOD FOR PEOPLE

Paris, Nov. 14.—Germany must find some way of getting 800,000,000,000 marks worth of grain to feed her people during the next year, the reparations commission learned in its investigation in Berlin.

As this amount is about double the present total of paper money in circulation in Germany, purchase of the grain is deemed impossible, except through speedy financial rehabilitation of the country or food credits from abroad. It seems to be generally taken for granted that both the credits and the food would have to come from America.

The 800,000,000,000 marks represents Germany's import requirements for the next twelve months of 2,000,000 tons of grain, the minimum amount thought necessary to prevent starvation. Any attempt to buy this cereal in a foreign market would, in the opinion of experts, cause a complete collapse of the mark, with a serious reaction in the exchange of the other European countries.

SUMTER COUNTY FAIR TO BE HELD NEXT WEEK

Mr. E. I. Reardon, Superintendent of Amusements and Publicity and Mr. J. Frank Williams, Secretary-Treasurer of the Sumter County Fair will occur in Sumter November 21st to 24th, spent a while in Manning last Thursday billing and talking up their fair. These gentlemen called at our office and interestingly told of the magnificent and extraordinary program of attractions costing thousands of dollars that will be put on in this year's fair.

The mammoth and spectacular allegorical pageant of progress parade on County School Day, Friday, November 24th will include several thousand school children, the city of Sumter schools alone furnishing sixteen hundred and the the Sumter boys high school military battalion, besides thousands of rural school children—and teachers from city and country schools.

Manning was officially invited to put her splendid school in this parade but Messrs. Reardon and Williams say that the invitation has never even been replied to. They want the Manning school and all Clarendon county schools to participate in this parade. It is not too late even now for Clarendon county schools to enter—in fact they don't have to enter under any set rule—just go to Sumter and places will be provided for them in this big educational event. Hundreds of beautiful floats and decorated cars will be in this pageant of progress.

At a cost of more than two thousand dollars the famous Royal Scotch Highlanders Concert Band of thirty pieces with their splendid twenty-five song soloists and seven big feature vaudeville acts will give two performances day and night—absolutely free to every visitor except that twenty-five cents will be charged for those desiring special grand stand seats to hear this band and see the vaudeville acts.

The Parentos—marvelous contortions and aerial acrobats in hair raising thrilling, death defying leaps and other stunts from sixty feet high aerial ladders and on swings and platforms are being furnished absolutely free to every fair visitor. The musical program by the famous Royal Scotch Highlanders dressed in their picturesque Scotch kilts will be the highest class attraction presented in South Carolina this season.

Mr. Reardon said, and Mr. Williams endorsed his statement—that his department of amusements and publicity is spending more money for the fair association this year than any fair in South Carolina, not even excepting the South Carolina State Fair—and Mr. Williams said that unless Reardon pulled a big crowd this fair, Reardon would be in Manning looking for a job by December 1st, 1922.

Manning and Clarendon county are urged to attend Sumter County's 1922 county fair—even if the schools are not there. However every white school pupil and teacher in Clarendon county will be admitted absolutely free to the fair grounds on county school day, Friday, November 24th, whether participating in the big parade or not. They hope, that is the Sumter County Fair Association hopes that every Clarendon county school will be given holiday, November 24th so the pupils and teachers can attend the Sumter county Fair that day as the guests of the Sumter County Fair Association.

CARD OF THANKS

TWO TROUSER SUITS

EVERY man knows the money-saving qualities of two trouser suits. They wear almost twice as long.

TWO trouser suits at a price as low as the one-trouser suit of last season is the same as a substantial reduction to you.

KNOWING the wide appeal of the two trouser suit idea, we bought early when the market offered exceptional selections and bargains which we now pass on to you.

A SUIT with two pair of trousers is a thrifty investment in these days of tight dollars.
