

**TEXAS WILL REDUCE
HER COTTON ACREAGE**

Columbia, Feb. 14.—Texas farmers are going to reduce their cotton acreage from 33 1-3 to 50 per cent, according to a letter received by the South Carolina Division of the American Cotton Association from George B. Terrell, Commissioner of Agriculture of that state. He states in his letter that his department is sending out leaflets and bulletins in large numbers dealing with the situation "and with every fiber in our being we are appealing to our Texas farmers to reduce their cotton acreage this year anywhere from 33 1-3 to 50 per cent."

A letter from A. W. Swain, Secretary of the North Carolina Division also brings the news that North Carolina is certainly going to reduce. In his letter Mr. Swain says:

"We are going to reduce more than we are asked to reduce and are signing up right now almost 100 per cent on the proposition. We are just in receipt of a wire from some of the counties reading thus: 'Signed up 1,369 to date in my county. Will complete the job with around 95 per cent signed up.' We have several telegrams to this effect and letters from almost every county saying put us down for 100 per cent in favor of reduction this year."

Reports from other states indicate

that the reduction is going to be southward. Officials of the association declare, however, that with a surplus of 9,000,000 bales staring the South in the face it will be financial disaster for over a half crop to be raised.

**SUMMER SCHOOL FOR
NEWBERRY COLLEGE STUDENTS**

Newberry College, Feb. 12.—Summerland and Newberry will join in a six weeks' summer school to be held at Newberry College beginning about July 10th. The purpose of this is to give an opportunity to the students of each college who may wish to work off conditions, and to help prospective candidates for the Freshman class to prepare for entrance examinations. In addition, courses will be offered to public school teachers to equip themselves better for their profession.

Col. E. H. Aull, county superintendent of education, Newberry county, has already expressed his intention to urge the teachers of his county to attend this school. It is believed the school will meet a real need, and it is hoped that it will attract many students.

The ladies in attendance will be domiciled in the new dormitory, the men in the old. Complete details will be announced later.

The standing committee of the board of trustees has selected F. D.

McLean of Youngstown, Ohio, director of physical education for session, 1921-'22, to succeed Mr. L. C. Sullivan, who gave notice last December that he would resign at the close of this session. Mr. McLean has accepted.

F. D. McLean was graduated from Newberry College with high honors, June, 1915. He was elected to an assistant professorship at once, and did good work in the department of English. In June, 1916, he left Newberry and secretly crossed into Canada where he enlisted in the Princess Pat regiment and went over with his regiment to Flanders. After our country entered the Great War he transferred to our military organization and made a notable record in the service of our country. He was discharged a few months ago and is now at the home of his father in Youngstown, Ohio.

"Dutch" MacLean put Newberry College on the gridiron map of South Carolina. His experience in coach-

ing has not been a very long one but has been brilliantly successful. The student body, hundreds of old boys, and the people of the town will give "Dutch" the glad hand when he comes.
