GASTON SPOT LIGHT.

Not seeing anything in The Dispatch-News of last week from Gaston I thought perhaps some of the writers from this section were sick, therefore we have determined that Gaston shall not be slighted.

Crops are looking better and are somewhat recuperating from the effects of the cold and wet weather. The farmers are very busy trying to get their crops in a growing condition. Prospects for a cotton crop are very poor. Of course this ought to be gratifying when we consider present prices and the amount of last year's crop some of the farmers have on hand.

The sheriff and another officer motored to Gaston a few nights ago and their presence was appreciated inasmuch as some of the fellows were having a rehearsal of the battle of the Argonne. I am not sure as to whether the Hindenburg line was broken or not but there were some casualties. There were no deaths and no one missing in action. I think the trouble was an over dose of our "Popular Branch Water" from this section.

However, I think we would all be better citizens if some of the rural police would make their headquarters in Gaston, especially on Saturday night and Sunday. Now this is no reflection on the good people of our little town, therefore I think they will agree with me. I merely threw this out in regard to the rural police as a reminder and I hope some of them will see it and visit us oftener. The Rounder.

Indigestion

Many persons, otherwise vigorous and healthy, are bothered occasionally with indigestion. The effects of a disordered stomach, on the system are dangerous, and prompt treatment of indigestion is important. "The only medicine I have needed has been something to aid digestion and clean the liver," writes Mr. Fred Ashby, a McKinney, Texas, farmer. "My medicine is

Thedford's

BLACK-DRAUGHT

for indigestion and stomach trouble of any kind. I have never found anything that touches the spot, like Black-Draught. I take it in broken doses after meals. For a long time I tried pills, which gripped and didn't give the good results. Black-Draught liver medicine is easy to take, easy to keep, inexpensive."
