BILLY SUNDAY MAY SPEAK IN FLORENCE MARCH TWELFTH

Florence Delegation Called On Evangelist In Columbia Today
WOULD SPEAK AT ONLY ONE SERVICE
Sunday Will Announce Later Whether He Can Come Here

There is a strong likelihood that Rev. W. A. (Billy) Sunday, who is now conducting a revival service in Columbia, will come to Florence for one service, probably speaking in the Dixie Warehouse here at 10 o'clock on March 12. This information was received this morning from the delegation from the Men's Bible classes of the city, who went to Columbia last night and extended the noted evangelist an invitation to come to Florence.

If contemplated arrangements materialize, the evangelist will come to Florence, deliver his address and return immediately to Columbia by automobile. March 12 falls on Monday and is the only day of rest the evangelist takes. He never makes definite arrangements for this day further ahead than three or four days, it is said, and for that reason definite announcement of his visit to Florence is impossible now.

The delegation had a most satisfactory conference with the famous evangelist and members of his party, however, and have every reason to believe that their efforts to bring Mr. Sunday to Florence will be crowned with success. In that case thousands would hear him from all over the Pee Dee section.

Members of the Florence delegation calling on Mr. Sunday today were J. C. Long, E. C. Wade, D. W. Alderman, J. P. McNeill, Jr., and M. C. Brunson.

METHODISTS TAKE ONE FROM BAPTISTS

The Methodists put it over the Baptists last night on the local Community-Services volleyball court, when they defeated the Baptist boys in the final game of the present league. The first game went to the Methodists; the Baptists took the second, but the third and deciding one was copied by the Wesleyites.

It was an interesting game and there was a lot of good natured "ragging" which both sides took in fun.

Tomorrow night the first game of the new league will be played when the Rotarians and the team from the American Legion play.

Final standing of teams:

Team	Won	Lost	Pct.
All-Stars	4	1	800
Pal. Power	3	2	750
Legion	3	2	750
Methodists	3	2	750
Baptists	2	3	400
Rotary	0	5	000

STATE SUPPORT NEEDED FOR PUBLIC SCHOOLS

Cleveland, O., March 1.—In 1910 the current expenses for public education in the United States amounted to \$390,000,000. In 1920 \$770,000,000 was spent for the current expenses of public schools. These figures were given the Department Superintendent of the National Education Association today by Dr. George D. Strayer, of New York. "During the period there was a very great change in the purchasing power of the dollar, as well as an increase of thirty per cent in the number of days of schooling provided and the further fact of a very large increase in attendance in the upper part of the school system where costs are necessarily high," continued Dr. Strayer.

"No less interesting than the aggregate figures are the comparisons which have been instituted among the several communities within a single state. In the state of New York, where an intensive study has been made, for the year 1920-21 in one community the current expense per pupil in elementary schools was \$26. In another community within the same state the amount was \$27.30."

He was the wheelhorse of Tammy Hall, whose battles he fought on many occasions. During recent years he devoted much attention to the Irish freedom fight, appearing before congressional committees and on the public platform prior to the organization of the Irish free state, pleading for American recognition of the Irish republic. He was first elected to the house in 1887, serving a total of thirteen years at various times. He had been especially active this term of congress.

REFUSAL TO PAY TAX RESULT SEIZURE COAL

Dusseldorf, March 1.—The question of collecting forty per cent tax on Ruhr coal came to the front today when General Dougoutte's announcement that refusal to meet this obligation will make offenders liable to court martial and result in the seizure of coal at the mines. Before the occupation the German government collected this tax. Since then mine owners have refused to pay the French and Belgians. Under the new decree shipments to neutrals is not taxed.

WORK TO BEGIN ON MODERN WHITE WAY WITHIN SHORT TIME

COUNCIL DECIDED AT MEETING HELD AT THE CITY HALL YESTERDAY

CHAMBER COMMERCE TO BE REMODELED

DR. JOHN T. HOWELL RESIGNS AS MEMBER OF CITY BOARD OF HEALTH

Florence is to begin work upon her new modern white way just as soon as it is possible to get to it, was the decision of city council in their meeting yesterday. For the first time in nearly a year every member of council was present and a most interesting meeting was held. In addition to the white way proposition, \$600 was appropriated for remodeling the chamber of commerce. The resignation of Dr. J. T. Howell, member of the board of health was also accepted. No appointment was made at the meeting to fill Dr. Howell's place on the board.

Representatives of the Palmetto Power and Light company were present at the meeting and took part in the discussion of the white way. It was decided to proceed at once with the effort to secure right of way back of the business houses for the overhead wires that now line the streets if these rights of way cannot be secured, then the present wood poles in the streets in the designated white way territory will be replaced by steel poles and the wires will remain in front.

It is expected that work will begin within a short time upon the erection of the white way, which when it is completed, will be one of the most beautiful and modern in the country, and will give Florence business section a lighting system that has been long needed. The new white way will of course do away with the present antiquated overhead system.

The appropriation of the \$600 for the remodeling of the chamber of commerce will be greeted with pleasure by all those who have anything to do with the organization. The present quarters will be completely made over and arranged in a convenient way. A new floor will be put in, the walls plastered and painted. Two business offices will be made in the rear, and a vestibule entrance arranged.

The present quarters have long been an eyesore to visitors visiting the chamber of commerce, and efforts have been under way for a long time to have necessary money appropriated for the remodeling of the quarters.

HOW THEY STAND IN TIMES MAMMOTH PRIZE CAMPAIGN

NOTHING FINER THAN TO HAVE YOUR OWN AUTOMOBILE IN WHICH TO RIDE

JUST THREE MORE WEEKS TO WORK

CANDIDATES ARE BEGINNING TO PUT ON MORE SPEED IN CONTEST

Speaking of automobiles—How many lonely hours have you spent in silent contemplation of the many other happy hours that could be if you only had a big machine of your own?

How many times have you sat in the old rocking chair by the window watching friends—neighbors—stealing into their own big touring cars on a balmy Sunday morning, the toneau filled with laughing, happy children, whirling a moment later far and away to some country garden spot—for a picnic holiday? What of those hot, stifling summer nights, with not a leaf stirring—you sitting on the porch slapping mosquitoes against clothing that clings to your body with perspiration, while others in countless numbers go by in their own big cars, speeding out along the open road and back again, pulling up in front of Riley's or the Palace Drug store for a cool, refreshing drink, then off to bed with remembrance of music of the soft purring motor to lull them to sleep.

"Oh, if I only had a car," you thought, "but I can't afford it—probably never can."

But Listen!

The Florence Daily Times will give you a motor car if you want it—free—without a single dollar's cost.

A great big, splendid high-powered chug-chugging, beautiful Studebaker Light Six Sedan with seats for all of your friends. You can take them riding when you will and where you will, and as fast as any of them care to ride. And besides the Studebaker Sedan the Florence Daily Times is giving away a Ford Coupe, and two Ford touring cars, and if you must stay at home win one of the two \$165 Radio Sets and listen to music from all over America as it comes to you through the air.

You Can Still Enter

And win the biggest and best prize in this campaign, which is the Studebaker Light Six Sedan. A few weeks of pleasurable, out-of-doors work that is more of a pleasurable nature than work, for you will be calling on your friends and neighbors soliciting their subscription to The Florence Daily Times. All that is asked of you in return for the Studebaker Sedan or other big award is a little of your spare time and effort towards helping to increase the circulation of The Florence Daily Times. All you have to do to win is to secure subscriptions among your friends and neighbors in the big prize campaign, which is just now beginning to warm up. Those who have the highest vote totals on March 24th—just three weeks from Saturday night—win the automobiles and radio sets. Those falling to win get cash commissions in proportion to their efforts put forth.

Votes Will Win

Votes will win the four automobiles and two radio sets—votes and nothing else. These votes only come with subscription payments to The Florence Daily Times. Your friends will be glad to help you if they see you are really trying to help yourself.

Some To Go

There are a few contestants in the race who seem very indifferent. The Studebaker Sedan is worth \$1,750. It must be seen to be appreciated. It is not too late for any person to enter the race—start right from scratch—and win the Studebaker Sedan. You have a chance of winning one of four cars. Clip the nomination ballot found in this paper. Send it, or bring it to The Florence Daily Times office. It starts you off. With four automobiles to be awarded you can surely win one. Bridge your gap that lies between your happiness and discontent by winning a car. You can if you think you can, and try!

Going Up!

Swinging into line, all at-tingle with energy and ambition, candidates in The Florence Daily Times' great free-for-all prize race are beginning to push forward vigorously. From now on there will be no dull moments in the race, no lagging, no loafing. \$40 goes Saturday, \$10 and two \$5 prizes to each district. Votes are beginning to come from everywhere. Voting is on the increase in both districts. Last week Miss Myrtle Godwin, of Lake City, R. F. D. 3, jumped into the race and won a cash prize during the first week she was in the battle. Candidates are beginning to realize that it isn't when you enter the campaign that counts—it's when you start working and voting. March came in like a lamb today—but we trust that it stays that way, especially until after March 24th.

NO BOXES--NO MAIL DELIVERED TO THE HOME IS IN EFFECT

YESTERDAY WAS LAST DAY MAIL BE DELIVERED WITHOUT MAIL BOX

ONLY FEW IN CITY HAVE NO BOXES NOW

CAMPAIGN HAS BEEN ON SINCE LAST NOVEMBER TO HAVE THEM ERECTED

Will you have your mail delivered at your front door, or will you call at the postoffice for it? That is the question Florence people, who have not equipped their residences with some receptacle in which the postman can deliver mail, has confronting them today, according to Postmaster Chase, of the Florence post office.

"The crusade of the Post Office Department for the installation of mail boxes or door slots at front doors of all dwellings in the United States is not founded upon a capricious whim," says Mr. Chase. "Neither did it originate out of an unwarranted desire to arbitrarily increase the burden of expense of American householders by compelling them to buy their additional equipment for their homes."

"The movement is entirely in the interest of good administration, sound economy and the best service to the public. Six months ago when the plan was first promulgated seventy per cent of the dwellings of the country already had mail boxes or door slots to facilitate the delivery of mail. The question naturally arose that if the seventy per cent of the American people had provided receptacles, why shouldn't the other thirty per cent likewise comply? The result was a decision to start a campaign with this object in view, of inducing the delinquent thirty per cent to supply this deficiency, giving them a reasonable and ample period of time in which to install such receptacles."

"In some quarters the idea prevails that this is a 'No box--no mail' proposition. Nothing could be more erroneous. There is no intention at all upon the part of the Post Office Department of shutting off any patron's mail. On the contrary, the question is whether dwellers in the various cities want to have their mail delivered at their front doors, or whether they prefer to call at the post office to get it. They may, of course, choose either alternative. If they want their mail delivered, all they have to do is to put up a receptacle at their front door. If not, they may forego the installation of the receptacle and call at the postoffice and their mail will be waiting there for them."

On Friday night at 8 o'clock there will be organized the Chorus choir, which is to lead the song services during the revival net week. Forty selected voices have been personally solicited. These singers are urged to be present on Friday night promptly at 8 o'clock. The songs to be used are the most beautiful and inspiring selections taken from different books and printed in folders at the church. The pupils platform has been arranged to seat the choir to the best advantage. This feature of the meeting will be a great feast within itself.
