Ward No. 2. Mrs. J. B. Gibson.
Ward No. 3. Mrs. Lattie Moody.
Ward No. 4. Mrs. J. Monroe Rogers
Dear Workers for the Victory Liberty Loan Drive:

"Well, well" as the friend of some of our workers would say, we had an awful experience last week. While my dear Publicity Chairman was having a meeting of her slogan committee, and I was attending my beloved D. A. R. Chapter meeting an imp in the office, commonly known as— (well lets not use that expression) slipped in and inserted a poem that must have belonged to the mens committee, for while I've always admired that beautiful poem, "Silver Threads Among the Gold," it goes beautifully to the Hymn Jesus Lover of my soul." "Nuf sed."

Our First Aid Class must also wonder why some of the graduates names were omitted. Well last spring when we took the course a most distressing thing happened to six of us. I was one. The First Aid instructor said he would only take six at a time leaving half dozen of us in terrible suspense for a week.

So it seems I've left nearly half in suspense, I hope they are not as much worried as we poor six who were waiting. Well here we all are at least the rest of them. Miss Edith Elliott, Miss Louise Moore, Miss Beulah Brady, Miss Ruth Stackhouse, Miss Annie McNeil (now Mrs. Curtis) Mrs. Shackleford, Mrs. James Sprunt, Mrs. Joe Lane, Mrs. Taber, Miss Mary Bethea.

Let us all do what we can to make the 26th the happiest of holidays for our dear soldier boys. Each store could have a float. Why not? Each organization could turn out to make this eventful day long to be remembered in the hearts of not only Dillon but all South Carolina. And now a word of greeting in the name of the Woman's Victory Liberty Loan Committee to our new Mayor, Dr. H. H. Hamer, We not only expect great things from him but feel assured of his hearty co-operation in all things for the good of the town. Dr. Hamer will issue his proclamation to the people to assist in the Liberty Victory Loan Drive.

I guess every little girl in town knows "Beey." She's the daughter of my chairman in Ward 4. She has some kind of a little club and I know she's secretary. Well, "Beey" (that's what Ned Sprunt says) is expected to call the roll and help serve on the 26th. Her real name is Miss Minnie Beatrice Rogers. Her pa used to be the water works man, but he was so intimate with "Cotton" Smith, and Dr. Wade Stackhouse and cotton in general he let Mr. Wheeler have it. I think Mr. Wheeler (that's Mr.

C. L.) is going to do a great deal for Dillon.

Victory Loan Prize.
I want to ask any school child in Dillon county who knows ten goods reasons why it is absolutely necessary for our government to raise this Fifth Victory Liberty Loan to send them in to me and I will publish the best in next week's Herald and send the child the prettiest Victory poster we have for their school. Send them in by next Tuesday.
Mrs. Joe P. Lane.

The Victory Loan Slogan.
The Carolina school sent in some splendid slogans but they reached us too late to be entered in the contest. I am sorry that more schools were not interested in trying to win the German helmet. It seems to me that it would have been an interesting souvenir for any school to have, especially if they had won it. I am sure that we are all proud of the Oakland school for having so many try for it, and Miss Margaret McGirt for winning it. So for our battle cry in the coming "fight" for our government and our soldier boys we have "Onward Patriots; Don't be Victory Slackers!"

Letter from Mrs. Munsell.
My Dear Mrs. Taber:
I have just returned from Washington after having a very pleasant and faithful talk with the members of the National Committee, and met Mr. Glass our new Secretary of the Treasury.

The National Committee at Washington is very busy formulating plans for the great Thanksgiving Drive which will probably be launched April 26th.

I would suggest that you get Committees lined up and everything in readiness for the great work ahead of us.

I want to especially stress the advantage of organizing by wards and blocks, and the necessity and excellent results secured by a thorough and systematic house to house canvass.

I am sure you will do the same excellent work that characterized your county in the last drive.

Sincerely yours,
(Mrs. S. F.) Bertha F. Munsell
S. C. Chairman,
Woman's Liberty Loan Committee.

The beautiful spring weather ought to encourage us to do big work for the Victory Liberty Loan. Of course that County Fair is the most interesting feature we'll have later on but we want to go over the top with this and we will all enjoy that so much more. I have some chickens for that fair. Just now I have a proposition to make to the most popular young woman in town, if Dr. Hamer (Mayor Hamer) doesn't object and in fact I'm sure he will not object, I want the most appropriate names given to this particular pair of which I speak and the young lady gets a trip to Columbia to hear the wonderful Schuman Heink the Queen of Contractors and she may take a married young lady, provided they can give Dillon a good send off in the way of
